Czechs, Nazis Clash In Streets Of Prague

ANNIVERSARY CELEBRATION CAUSES RIOT

Many Are Injured In Day's Disorders

PRAGUE—(AP)—An undetermined number of Czechs and Germans were reported wounded Saturday night in violent clashes resulting from demonstrations in observance of the twenty-first anniversary of the Czecho-Slovak republic.

Reports persisted, but without confirmation, that four persons had been killed.

Shots were heard in various parts of Prague. The demonstrations increased in violence until Midnight when the crowds began to disperse gradually.

Measures Relaxed

Once the disorders subsided police began to relax some of the security measures to enforce the Nazi ban on public observance of the national holiday.

Streets blocked off earlier in the day were reopened, but heavily armed police continued to patrol the main thoroughfares.

Earlier a cordon of police was thrown around the center of the city, isolating that section.

Although German police and storm troops had clashed with patriotic Czechs during the day, first reports of shooting came Saturday night. The wounded were said to have been taken to two hospitals.

Thousands Arrested

Authoritative figures were lacking on the number of persons arrested during the day but unconfirmable reports said the total ran into the thousands.

With the heart of Prague sealed by police, demonstrations shifted Saturday night to the more outlying squares and streets.

German authorities and Czech state police, including many mounted officers, cooperated in an attempt to control the crowds.

The majority of the demonstrators wore national colors and the earlier clashes took place on main and side streets leading to Wenceslas Square in the heart of the city.

Mexico Capable

U. S. Gunboat Draws Ire Of Republic

MEXICO CITY—(AP)—The presence of the United States Gunboat Erie in Manzanillo harbor near the German freighter Havelland brought pointed comment from the War Department Saturday that it was fully capable of patrolling Mexico's coasts.

Senator Mauro Angulo was quoted as saying he would propose that the foreign relations office make a formal report as to whether the Erie previously had obtained permission to put in at a Mexican port.

War office officials were quoted in Saturday's newspapers as saying that Mexican naval authorities had not permitted and would not permit foreign ships to patrol Mexican coasts.

Freight Car Order Boosts U. S. Steel

PITTSBURGH—(AP)—The booming steel industry got another boost Saturday with the placing of a $7,500,000 freight car order by the United States Steel Corporation's Bessemer and Lake Erie Railroad, which has been hard pressed to fill expanding demands of corporation units for iron ore and coal from Lake Erie.

The order of 2,050 cars requires 25,000 tons of steel which will be produced here.

STUDENT IS EXONERATED

DALLAS—(AP)—Jack Abrams, 19, University of Oklahoma student Saturday was exonerated of a charge of negligent homicide by the grand jury in the traffic death on October 14 of Gilbert E. Males, 24.

VALLEY OBSERVERS HAVE CLEAR SKIES FOR SIX-HOUR SHOW PUT ON BY MR. MOON FRIDAY NIGHT

HARLINGEN—Druggists and veterinarians Saturday noticed a little spurt in calls for liniament, and attributed it to the clear skies Friday night which provided this section with a front row seat for the six-hour show staged by the Man in the Moon.

While all over the east, north and west astronomers, astrologists, photographers, scientists and the just curious sought vainly to pierce through soupy and rainy weather to the 99.2 per cent eclipse of the moon. Valley observers had only to crane their necks and watch the entire performance.

Over the Rio Grande Valley, where a clear, star-lit sky prevailed, the earth's shadow first began its slicing of the moon shortly before 11 p.m. Friday, and about 12:30 a.m. all save a thin sickle of moonlight, and the halo around the shadow, had disappeared.

Those who stayed for the final curtain didn't get to bed much before 3:30 a.m. Saturday, and these late-stayers were thought to have been the most consistent consumers of rubbing alcohol and liniament Saturday after daybreak.

Some folks, like the staff photographer, went about their affairs and just took occasional looks at the progress of the sky drama.

In the group of six pictures, reading from left to right, is the moon before the shadow began slipping across its face, and successive stages of the eclipse. The first picture was taken before the eclipse got under way, the second about 11 p.m., the third about half-way of the procedure (11:20 p.m.), the fourth about 11:40, the fifth about 12:10 a.m. and the final shot, hardly enough light to make an impression, at 12:30 a.m.

France Releases 100,000 Men From Western Front

PARIS—(AP)—Despite indications of an imminent German offensive on the western front the French government published an order Saturday which was expected to release 100,000 men from war service.

The order provided that many older men and those of any age who have four or more children may return to their homes.

It followed an unofficial report that the French had sunk a German submarine, apparently in the North Sea, although the location was not specified. The report was given some support by a semi-official announcement that French vessels and seaplanes had carried out "several direct attacks and it appears one of these at least has been successful."

Military sources said the report was strengthened further by the finding of six bodies off the coast, establishing proof, they said, of destruction of the submarine which "apparently had been literally torn apart by the explosion of a depth bomb."

The bodies were those of five German sailors and an officer. Four of the bodies were picked up off Dunkerque Well by a fishing vessel; the other two were washed ashore.

They appeared to have been in water only a short time. Military commentators said the French destroyed an enemy submarine Thursday.

The United States Senate's repeal of the arms embargo was declared unofficially here to be a step toward correcting what was called an international wrong caused by Soviet Russia's economic aid to Germany.

Semi-official circles maintained that if one neutral country could act as provisioner for Germany it was only "justice" that another could agree to sell needed supplies to the Allies.

In connection with the reduction of French troops, experts advanced two reasons why less manpower was needed than in the last war. They said mechanized warfare's mobility of divisions and new rapid-fire guns increased the fire power of the present French division of 12,000-15,000 men to more than that of the old division of 20,000 men.

In addition, the experts declared, the present fortress warfare was doubling or tripling the fighting power of each man. They said there had been scarcely more losses in the last eight weeks than in the first week alone of the last war.

Also, the experts said, France's British Allies had many times more men to send to France than in 1914.

Brownsville House Is Gutted By Fire

BROWNSVILLE—Fire of undetermined origin early Saturday night gutted a house near the Guadalupe Bridge on the Port Isabel Road, occupied by W. A. Rasco, Brownsville druggist.

Prompt action by the Brownsville fire department and neighbors prevented the building from total destruction. Rasco and family were not at home when the fire was discovered by J. L. McDonald, who telephoned the department.

There was considerable damage at the rear of the dwelling, where the fire apparently started.

California's Fair Stages Last Spree

SAN FRANCISCO —(AP)— The 1939 Golden Gate International Exposition staged i last Saturday-night spree and, with only 24 hours to live, wondered whether it would be doing business at the Treasure Island stand in 1940.

Even the board of management professed not to know, but pledged some sort of announcement by 3 p.m. Sunday. Up to Saturday, 10,240,011 persons had paid their way into the pageant of the Pacific. Up to 6 p.m. Saturday, 84,031 had entered.

WINNIE JUDD STILL SOUGHT

Murderess Is Seen At Eagle Pass

EAGLE PASS —(AP)— Border police Saturday night kept a sharp watch for the escaped Arizona murderess, Winnie Ruth Judd, after a woman answering her description, Friday night asked Dr. E. F. Gates to analyze medicine which she claimed made her "act crazy."

The woman fled when the doctor asked her some questions.

No trace of her had been found Saturday.

All traffic entering Mexico across the long international bridge was watched.

The murderess and her husband once lived at Rosita, Coahuila, Mexico, 90 miles south of here.

Mrs. Judd escaped from the Arizona State Hospital at Phoenix October 24.

Finland Is Preparing Soviet Note

HELSINKI —(AP)— The Finnish Cabinet Saturday was preparing what well informed political circles regarded as Finland's final answer to Soviet Russia's demands in her diplomatic campaign for extended power in the Baltic.

Finns said there would be no yielding on points which Finland regarded as endangering her independence and neutrality.

Helskiki workmen dug new trenches in the parks Saturday as the cabinet worked over new instructions for the delegation, headed by Dr. Juho Paasikivi, who planned to leave Sunday or Monday for Moscow.

Magnolia To Start 138-Mile Gas Line

DALLAS—(AP)—The Magnolia Petroleum Company Saturday announced a 138-mile gasoline line from Corpus Christi to San Antonio would be started in mid-November.

The company plans to move gasoline by barge from its Beaumont plant through the Intercoastal Canal to Corpus Christi. Storage tanks are being moved from Bruni to Corpus Christi.

Storm Maroons 800 On Lake Erie Island

SANDUSKY, O. —(AP)— A sleet and snow-laden gale whistled across Lake Erie Saturday night, marooning 800 hunters on Pelee Island near here.

Two members of a tugboat crew were drowned at Ashtabula as their craft rolled over while assisting a freighter to port.

Happy About Neutrality Vote

Administration forces were gleeful after the Senate voted to repeal the embargo against the sale of arms to Europe's warring nations and approved the administration's neutrality bill. Here are Vice-President Garner and Sen. Millard E. Tydings, (D-Md) expressing their joy after a substitute to the administration measure was rejected.

HIT-RUN CAR BEING SOUGHT

McAllen Boy Killed In Accident

McALLEN— Harvey Whitten, 12, son of Mr. and Mrs. Amos N. Whitten, residents of West McAllen, was fatally injured when hit by an automobile as he rode his bicycle on the highway west of McAllen near the Forgy Filling Station about 7:45 p. m. Saturday.

The boy was dead when the Kreidler ambulance reached the municipal hospital. City, county and state patrolman began an immediate search for the death car, but its identity had not been learned late Saturday night.

Justice of Peace T. J. Powell, McAllen, and Hollis Rankin, of the district attorney's office, assisted officers in the investigation.

Also riding his bicycle on the highway at the scene was the dead boy's twin brother, Harley Whitten, who said he could not identify the car which struck his brother. Survivors include the parents and Harley. Body was in charge of the Kreidler Mortuary here.

Officers asked everyone to be on the lookout for an automobile with the right head-lamp broken, and to report it to an county or state highway patrolman or other officer.

Patrolmen were working on the theory that the right headlight was broken on the hit-run car on striking the bicyclist.

Companion Confesses In Slaying Of Pilot

(Details on Page 8)

MACON, Mo. —(AP)— Sgt. Victor Kelso of the state highway patrol said Saturday night Carl Bivens, slain Brookfield, Mo., flying instructor had been shot twice in the head.

At Indianapolis, Indiana, State Police Superintendent Don F. Stiver announced Ernest Pletch, Hoosier aviator, had confessed to the slaying of Bivens.

LARGE PLANE IS SHOT DOWN

German Ship Is Hit In Air Battle

LONDON—(AP)— A large German reconnaissance plane apparently seeking information on Britain's great naval base at Rosyth fell victim Saturday to the Royal Air Force in a spectacular sky battle witnessed by hundreds of Scots.

Two German airmen were killed and two captured when the German plane was forced down east of Dalkeith, about six and one half miles southeast of Edinburgh.

The invading plane seemingly was headed for the strategic Firth of Forth and the Rosyth base, objective of previous Nazi raids.

In announcing the air battle, the Air Ministry also said British airplanes carried out successful reconnaissance flights over "certain areas in southern Germany" Friday night and all returned.

British fighting ships intercepted the German airplane. As hundreds of Scots watched from the ground, the planes zig-zagged across the sky with the invader desperately trying to shake off its pursuers.

"Finally the German plane came down on a hillside and struck a stone wall and even then the pilot would not give up," one witness said. "He tried to get his machine into the air again and ran along the rough ground for about a half mile before he had to stop."

Two of the Germans in the plane were found dead, another was wounded and taken prisoner with the uninjured pilot.

Britain Is Seeking Trade With America

LONDON—(AP)—Great Britain was pictured authoritatively Saturday as driving her war-regimented industries to increase sales to the United States and other American countries for dollars with which to buy materials.

House Neutrality Battle Strategy Moves Are Seen

WASHINGTON—(AP)—Seldom-used parliamentary strategy was put in readiness Saturday night to slide the administration's neutrality bill through the House without change next week but militant foes of arms embargo repeal served notice that they would not serve as a "rubber stamp."

Administration leaders expressed confidence that they had the strength to steer the measure safely through, some placing the margin of victory as high as 50 votes. However, Representative Fish (R-NY), leading the fight for retention of the embargo, hotly contested such claims. He asserted there was a good chance to reverse the verdict of the Senate, which passed the bill containing the repealer Friday night.

Whatever the outcome, a floor fight of major proportions appears assured when the House leadership tries to start its carefully-geared machinery to prevent any amendment of the Senate bill.

Speaker Bankhead announced that the leadership would move to send the bill to a joint Senate-House conference committee to compose the wide differences between the measure approved by the Senate and that which passed the House last summer. The chief difference is that the House bill provides for a modified embargo. It would prohibit the shipment to belligerents of arms and munitions, but not such "implements of war" as airplanes.

Under the procedure outlined by Bankhead, it appeared the only chance the House would have to change the Senate bill would be through the device of instructing the House conferees as to what should be written into the final draft. However, the speaker made it plain the leadership was confident it could prevent such action although he asserted he would let the opposition try it.

Fish told reporters he would make that attempt but declared he had other tricks in his bag he would try first.

Although instruction of conferees is not unusual in the House, leaders conceded that the device seldom was reported to in advance of appointment of the conferees, as is planned. Normally, such instructions are given after the conferees of either the Senate or the House reach a deadlock.

Fish, just back from a speaking tour in three western states, said the first skirmish in the House battle would come Monday afternoon in the House rules committee.

Senate foes of the embargo repeal, reviewing the 63 to 30 defeat they suffered Friday night, contended theirs was not a completely lost cause.

Senator Johnson (R-Calif), one of the opponents, claimed they had won "a moral victory" and had convinced the American people there was no necessity for this country to become embroiled in the European war.

U. S. CHARGES SOVIET MOVE

Non-Cooperation Is Seen In Capture

WASHINGTON—(AP)—The State Department issued fresh charges of Soviet non-cooperation in the dispute over the City of Flint Saturday night while conflicting reports of the captured American freighter's whereabouts were finally resolved by word that she had sailed from Murmansk.

A brief dispatch from Tass, official Soviet news agency, said the vessel left the Russian Arctic port Saturday night, presumably for Germany, after repairing her engines. Whether the German prize crew which brought her there still held command and whether the American crew was aboard was not stated.

A State Department official said the Tass report was news here. The dispatch was viewed as emphasizing a departmental statement issued earlier charging that Moscow had "withheld adequate cooperation." Ambassador Laurence A. Steinhardt had complained that information on the vessel was released to Tass before being made available to him.

The State Department's last word on the City of Flint was a diplomatic advice from Berlin that the ship still was in Murmansk. A department official said the Tass report of the sailing probably would be forthcoming later from Steinhardt.

In a statement reviewing the capture of the vessel by a German raider and her subsequent entry into the Russian port of Murmansk, the State Department contended it was the Soviet government's "clear duty" to turn the craft over to her American crew.

The department, which maintains the entry was illegal, said the Germans apparently had changed their story as to why it was necessary to take the craft to Murmansk. First, the statement said, it was alleged that the German prize crew lacked needed charts.

"Later this ground seems to have been abandoned and a new ground for theory relating to defective machinery was set up."

Louisiana Politics Sees Quiet Week-End

NEW ORLEANS —(AP)— Political opponents and the state administration Saturday moved toward a comparatively quiet week-end after a turbulent week filled with coups, ousters and threats of ousters.

The U. S. District Attorney's office will arraign 19 persons accused in political scandal indictments in federal court November 7.

New District Attorney Niels Hertz said trials for 12 persons charged in other scandal cases would be set as soon as the criminal court disposes of technical pleadings.

Bolivians Revolt

Students Barricade Military School

LA PAZ, Bolivia —(AP)—The government disclosed Saturday that an uprising in the Bolivian military school occurred Friday and that barricaded cadets were still holding out.

The school is commanded by Lieut. Col. Sinforiano Bilboa Rioja, brother of General Bernardino Bilboa Rioja, who was expelled from Bolivia Thursday night on charges of fomenting a revolution. General Bilboa Rioja arrived Friday at Arica, Chile.

Barrow Trial Will Be Held In January

DALLAS—(AP)—Jack Barrow, 46, indicted by the grand jury Saturday on charge of murder will be tried in January, District Attorney Andrew Patton announced.

RUMANIA HEAD CALLS PARLEY WITH LEADERS

Supreme Soviet Will Meet Tuesday

WARNING IS SET

Russian Flirtation Up To Bulgaria

BUDAPEST—(AP)—As the shadow of Soviet Russia deepened over the capitals of southeastern Europe, King Carol of Rumania met in secret conference Saturday with his Foreign Minister and his envoys to Turkey, Bulgaria, Greece and Yugoslavia.

Fears that Russia may be backing Bulgaria's campaign to regain Dobruja from Rumania were said in authoritative quarters to have prompted Carol to call his ministers back to Bucharest for urgent talks.

There was intensive diplomatic activity throughout the Balkans.

Conferences Called

Diplomats saw hurried conferences as last-minute moves before the special session of the Supreme Soviet called for Tuesday to clarify Russia's objectives in southeastern Europe.

Premier Constantine Argetoianu of Rumania and Premier Dragisha Cvetovich of Yugoslavia conferred for four hours in the city village of Vrsac on the Yugoslav-Rumanian border.

Diplomats in Belgrade said that Yugoslavia had agreed to warn Bulgaria that flirtation with Russia might result in disastrous consequences for the whole Balkan area.

At Sofia, the Italian minister was closeted for several hours with Bulgarian Premier George Kioseivanoff. He was reported to have expressed the Fascist government's advice against allowing Bulgaria to come under exclusive Soviet influence.

Greece Is Concerned

Greece, allied with Turkey, watched all moves with interest and some concern, mindful of Bulgaria's territorial claims on Grecian soil.

Hungary, close to Italy, took a keen interest in the diplomatic maneuvering.

Most southeastern capitals expected an invitation from Italy to a conference at Rome would follow possible action by Russia to make known her position in relation to the Balkans.

A projected close cooperation among Hungary, Rumania and Yugoslavia under Italian leaders has been discussed in political circles as well as what they described as increasing friendship for Soviet Russia among the masses of Bulgaria.

Diplomatic quarters said the gradual improvement of relations between Italy and Turkey, the latter allied with France and Britain, continued.

RUSSIA HOPES RUMANIA TO SETTLE WITH BULGARIA

BUCHAREST—(AP)—Soviet Russia has expressed the hope that Rumania would reach "a means of understanding" with Bulgaria over the latter's claims on Dobruja, informed sources said Saturday night.

These sources said the Soviet message was given to Turkish Foreign Minister Sukru Saracoglu during his recent Moscow talks and was transmitted by him to Vasile Stoica, Rumanian ambassador to Ankara, who brought it to Bucharest.

Bulgaria has never renounced her claims on Dobruja, territory which she lost to Rumania in post-World War settlements.

Diplomatic quarters said they interpreted the Soviet expression as a "sharp hint" to Rumania.

RUMANIA ARREESTS MEMBERS OF GERMAN ORGANIZATION

BUCHAREST (Sunday) —(AP)— Rumanian authorities early Sunday announced the arrest of 44 former members of the pro-Nazi Iron Guard on a charge of plotting to assassinate General Gabriel Marinescu, Minister of Public Order.

The arrests were made at Polesti, in the heart of the Rumanian oil fields.

Marinescu has been accused by members of the outlawed Iron Guard with responsibility for the execution of several hundred members of the organization since the assassination of Premier Armand Calinescu September 21.

CO-CHAIRMAN NAMED

AUSTIN—(AP)—Dr. W. A. Felsing, professor of chemistry, was named co-chairman of the University of Texas Department of Chemistry by the Board of Regents Saturday.

Germany Claims Signal Success At Small Cost In Sea War

SUBS STRIKE TELLING BLOW ON SHIPPING

Nazis Say Only Three Vessels Are Lost

BERLIN — Germany Saturday night claimed signal success at small cost in the war on the seas, asserting that her submarine and bomber attacks on merchant shipping had struck telling blows at Britain's food supply by sinking 115 ships totalling 475,231 tons.

This has been achieved, said the high command communique, at the cost of only three submarines, loss of which "must be counted on in view of their long absence."

Nazis said that Britain had lost every round of the first eight weeks of the war with the exception of the United States Senate action in voting to lift the arms embargo. Germans expect the House of Representatives to vote the same way.

Admiralty Reports

Authorized sources said that in addition to merchant shipping 78,000 tons of warships have been sent to the bottom and 125,000 tons damaged. There was no indication of how many of the 115 merchantmen reported sunk belonged to neutral nations.

In London the Admiralty gave the total British merchant shipping losses to noon October 28 as 51 ships totalling 210,021 tons and neutral losses as 29 ships totalling 72,000 tons. These figures do not include the 22,500-ton aircraft carrier Courageous and the 29,150-ton battleship Royal Oak, loss of which in submarine attacks the British officially admit. British leaders say merchant shipping losses are being replaced rapidly.

The Nazis deny they have lost a score or more submarines as the British contend.

Propaganda Spread

Nazi propaganda surrounding submarine and bomber deeds which filled Saturday night's press made it clear that Germany believes she is giving Britain a taste of what a "hunger blockade"—the term the Nazis use for Britain's blockade of Germany—is like.

Nazi officials indicated they would delay a decision on the possible effect of the lifting of the United States arms embargo—if the House follows Senate action.

There was some belief that a cash and carry plan for arms might not work out so well for the Allies—especially with German submarines and surface raiders roaming the seas. British naval spokesmen admit that two German "pocket battleships," the Deutschland and Admiral Scheer, are at large.

In some government quarters it was previously believed a lifting of the embargo would involve the United States within a short time in war against Germany. This view, however, appears no longer to be strongly held.

Men Freed

Death In Matamoros Is Probed

MATAMOROS — Workmen who were moving a house here when a fallen wire was said the cause of the death of Mrs. Francisca Mata de Lozano, Wednesday, have been released by authorities investigating her death, Special Investigator Jose Castro said Saturday.

Mrs. Mata de Lozano was electrocuted as she freed her four-year-old daughter from the grip of the charged electric wire. The child's life was saved.

Special Investigator Castro said Saturday that the death still is being probed, but did not give any reason for continuing the investigation.

OBITUARY

MRS. IMOGENE CORPSTEIN

MISSION—Rosary services for Mrs. Imogene Corpstein, 35, who died Friday morning, was held Friday night at Kreidler chapel in Mission, and mass was held at St. Paul's church at 10 a. m. Saturday, with interment in the Mission cemetery.

Mrs. Corpstein had been a resident of the Valley for the past 10 years.

In addition to her husband, she is survived by one son, Wendell, and her mother, Mrs. Ethelia Holdiman of Los Angeles, who arrived by plane to attend the services.

Congratulations

To Mr. and Mrs. L. B. Wheatley, Santa Rosa, on birth of a daughter, weighing six pounds 13 and one-fourth ounces. Friday at Valley Baptist Hospital.

To Mr. and Mrs. E. O. Matz, Harlingen, on the birth of a son, E. O. Jr., weighing eight and one-fourth pounds, Friday at Mercy Hospital, Brownsville.

To Mr. and Mrs. W. C. Smith, Harlingen, on the birth of a son, Carrol Edward Smith, weighing seven and one-half pounds, Thursday at home.

POLLOCK RETURNS HOME

HARLINGEN — Bob Pollock returned home Friday night from a month's visit to Washington, D. C., New York City and other points in the east.

Aviators Smash Endurance Record Over Desert

Flying their pontoon-equipped light plane over the desert at Lancaster, Calif., Clyde Schlieper and Wes Carroll broke all endurance flight records by remaining in the air past the 654th hour. Their plane is shown getting a fuel load from the ground crew in a speeding car. They are scheduled to land Sunday, completing a full month, or 720 hours, in the air.

Large Crowd Enjoys Hallowe'en Carnival

HARLINGEN — Everybody was having too good a time at the Hallowe'en carnival Saturday night, sponsored by the Band Boosters Association for benefit of the high school band uniform fund, to even guess how much money may have been made but Monday's check-up was expected to show a substantial sum raised.

That "having a good time phrase" was equally applicable to those who were running the show and the throngs which patronized the bingo, game, archery range and numerous other attractions set up across from and next to the city hall.

The October evening was just zippy enough to make it pleasant outdoors and several thousand persons were in attendance at one time or another and the bingo games continued long after the other concessions were sold out. Many out-of-town faces were seen among those present.

Free entertainment also was provided with a negro orchestra playing and various contests staged with W. C. (Bill) Black as the master of ceremonies.

Winner of the wife calling contest was J. L. Boggus and winner of the husband calling contest was Mrs. L. E. Holmes with Mrs. Luke Waters second, Mrs. W. C. Black third and Mrs. Ed Sears fourth.

Nail driving, balloon bursting and other contests also were held during the evening but no record was kept of the winners.

Hundreds of prizes carried away by lucky individuals during the evening had been gathered the two days previous by representatives of the service clubs including the Lions, Kiwanians, Rotarians and 20-30 club members. A capital prize was a free railroad ticket to San Antonio, donated by the Missouri Pacific Booster Club.

The high school band, for whose benefit the party was being held, paraded and otherwise assisted in ballyhooing the proceedings.

W. E. Allen acted as judge of a kangaroo court arresting various individuals on the grounds for "loafing."

CURT NAMES CANDIDATES

Matamoros Group Backs Lara

MATAMOROS — General Cesar Lopez de Lara and Gen. Jose Villanueva Garza have been nominated as candidates for the governorship of Tamaulipas and for federal senator, respectively, by the local committee of the C.U.R.T., national independent political party, it was announced Saturday.

More than 60 of the 120 local committees throughout the republic have pledged their backing to the two nominees, it was reported, and no others have been named for the two posts.

The C.U.R.T. will select its candidates, from nominations by local committees, at a convention to be held in Victoria in December.

More than 300 persons were present Friday night as the local committee staged a rally here in the support of the nominees. Speaking at the rally were Miguel Elizondo, president of the local committee; Serevando Santillana, secretary; and Abelardo A. Trevino.

General Lopez de Lara toured northern Mexico several months ago, including Matamoros in his itinerary for the trip. At that time he refused to state whether he would be a political candidate.

He is a former governor of Tamaulipas, and served from 1920 to 1922, when he was ousted from office during a revolution. He is considered by many as one of the most progressive governors the state has had.

Although Mexican law forbids a man succeeding himself in office, he may be a candidate again after a lapse of 10 years.

Special Lutheran Services Planned

McALLEN — Special reformation day services will be held at the McAllen Lutheran Church Sunday at 9 a. m. and 11 a. m.

Walther Leaguers from all Valley cities will meet here Sunday afternoon and evening for their fall rally, Rev. John Elser said Saturday. Sessions will be held in the Lincoln school building with the business program getting under way at 3:30 p. m. At 7:45 p. m. Rev. Martin Koehneke of Raymondville will deliver an inspirational address to the Valley youth which will be followed by a musical program. The public is invited to attend all services.

Boy Pushes Button To Cause Collision

OTTAWA, Kas. —(AP)—A young boy pushed a button. The button was in a five-ton tractor. The tractor started away, collided with another, turned over. The boy jumped. According to witnesses, he's probably still running.

JOE HATCHITT FIRES LYMAN

Corpus Assistant Dismissed

CORPUS CHRISTI—District Attorney Joe P. Hatchitt, whose court also covers Cameron and Willacy counties, has discharged Charles G. Lyman, his chief assistant in Nueces county for the past three years.

The district attorney assigned no reasons for his action, merely sending a letter to the county auditor requesting that Lyman be taken off the payroll immediately. He also asked Auditor C. J. Wilde to notify the commissioners' court of the action.

The letter stated: "This will advise you that on this date it is my will that the services of Charles G. Lyman, assistant district attorney, be discontinued . . ."

Matamoros Plans To Pave Streets

MATAMOROS—Paving with concrete of Sixth street and Abasolo street here is under consideration, according to unofficial information Saturday.

Sixth street is the main street to the plaza. Abasolo street runs from Sixth to the city market. The streets at present are surfaced with asphalt.

Unsurfaced streets in Matamoros also are to receive more attention, it was announced Saturday. The city has purchased two more graders and levelers. Until now the city has owned only one grader and leveler.

Judge Fines Three In Precinct Court

HARLINGEN—Three fines were assessed Saturday by Judge F. D. Nance in precinct court here. Jose Garcia was fined $17.60 in each of two cases filed by State Highway Patrolman John Hollyfield, being charged with running a stop sign and with having defective brakes. Bernandino Alvarez was fined $20.20 on an assault charge, Narciso Noyola, deputy constable, making the arrest.

French Give First Croix To Civilians

PARIS—(AP)—Ritter Philippe, 17-year-old Alsace farm boy, is the first civilian to receive the Croix de Guerre in this war.

French dispatches said the boy was working in a field when a German pilot landed his warplane nearby, strode to Ritter with drawn revolver and demanded, "Where am I?"

Ignoring the revolver, he fled to his bicycle and pedalled away to notify a French patrol, which arrested the pilot before he could set fire to the plane.

CHILDREN DIE; CLOSE SCHOOL

Diptheria Epidemic Takes Toll

COLEMAN —(AP)— The deaths this week of three children from diphtheria and the illness of others resulted Saturday in the closing of the consolidated school in the Buffalo community.

The dead were Rita Fae, 7, and Buddy Boy, 6, children of Mr. and Mrs. R. F. Holland, and the small son of Mr. and Mrs. Wylie Smith.

Supt. L. W. Kielers, who ordered the school closed for a week, said about 15 children were ill. All other public gatherings also were suspended.

Dr. R. R. Lovelady, head of the Scaly Hospital at Santa Anna, said the diphtheria was not of a new type, as had been rumored, and advised the community not to become unduly alarmed. He said some of those ill suffered from diptheria and some from strepiococcus throat. Dr. Lovelady advised closing of the school as a precautionary measure, although he said the situation appeared under control.

Superintendent Kielers said the board of trustees would decide next week when to reopen the school.

Among those reported seriously ill was the young son of Virgil Curry, president of the school board.

The rich oil community is located on the Coleman-Brown county line. About 200 students attend the school.

Citrus Sails

Valley Fruit Goes To East Coast

BROWNSVILLE—The SS Southlure of the Mooremack Line sailed Saturday from the Port of Brownsville for Boston, New Bedford, New York and Philadelphia.

Included in its cargo was citrus for Boston and New York, officials of Moore-McCormack said here.

The SS Texas Trader of the Newtex Line, the Philen Shipping Company, agents, is scheduled to dock here Sunday afternoon to load for New York direct.

The SS Amsco is scheduled Monday at Port Isabel to load a full cargo of heating oil for New York, and will sail Tuesday, Lallier and Company, agents, said.

Wages, Hours Law Violations Charged

DALLAS—(AP)—Federal Judge T. W. Davidson Saturday assessed a $1,000 fine against Maurice Siegel, Dall.. manufacturer of ladies' dresses and play suits, whose counsel entered a plea of guilty to an information charging violation of the wages and hour act.

Siegel also was ordered to make restitution of a deficiency in wages and overtime among his employes.

The information contained six counts of alleged failure to pay the minimum 25-cent per hour wage, overtime on all hours worked over 44 per week, and failure to keep accurate records.

Valley Revival Unit Enters Second Week

LA FERIA—First Baptist Church of La Feria is beginning second week of its revival meeting, with Rev. R. C. Cawker of the First Baptist Church in Corpus Christi as the preacher. Clifford. Holcomb of Fort Worth is directing the singing.

The services are being conducted twice daily, at 10 a. m. and 7:30 p. m. Attendance has been large throughout the first week.

Public Sing Meet Set At Santa Rosa

SANTA ROSA — County-wide public singing will be held at the Santa Rosa school building Sunday, beginning at 2 p. m., according to an announcement Saturday.

Leaders said all singers of the county are invited.

RFC INSPECTS VALLEY LOANS

Frank Keenan Tours Water Districts

HARLINGEN—Frank J. Keenan, Washington, chairman of the Irrigation, Drainage and Levee Department, Reconstruction Finance Corporation, arrived here Friday for a week's survey of condition in connection with RFC loans in this section.

The Reconstruction Finance Corporation has made approximately 18 loans in the Rio Grande Valley, Keenan said, amounting to something like $12,000,000. Keenan said the RFC has loaned no money to the Willacy county irrigation district, but that most of the other districts in this section has RFC loans.

"We think they are pretty well secured," he said, "and we are optimistic about the Valley. The present visit is merely one of going over the districts, renewing acquaintances and checking on locations and conditions."

He said loans to Valley districts are all predicated on a very substantial reduction in the original bonded debt. Average payment made for all RFC bonded loans in the United States will amount to about 48 cents on the dollar, Keenan said, and that loans in the Valley would probably run "slightly higher."

Keenan conferred with R. J. Easley, RFC appraiser stationed at Harlingen, Friday and Saturday, and said he would remain in the Valley probably until the latter part of next week.

MEXICO NIGHT PROGRAM SET

Travis School Will Hold Carnival

HARLINGEN — Three hundred meals are being prepared for the "Night in Mexico" program to be presented in auditorium of Travis school Monday night in connection with the Travis Booster Club Hallowe'en celebration, according to W. C. Black, principal.

Genuine Mexican dishes prepared by selected Mexican families in Harlingen will be served in the auditorium from 6:30 p. m. to 8 p. m. to the accompaniment of Mexican music and other entertainment on the stage. The auditorium will be decorated with Mexican decorations. Those wishing to eat in the auditorium or other rooms in the school will not be disturbed by the carnival outside, Black said.

There will be a band concert on the stage from 8 to 9 o'clock. Prizes will be given for the best Hallowe'en costume for boys and girls, the best comic costumes for boys and girls, the best boy and girl impersonators, and other contests.

Various school organizations will be in charge of the different booths and the proceeds will be used by the clubs to finance their activities during the year.

There will be a lunch counter on the outside serving hot dogs, soda pop, pies, cake, candies and other delicacies for those who do not wish a complete meal.

Brownsville Gets $3,376 In Permits

BROWNSVILLE — Ten building permits were issued the past week by Brownsville's building inspector, for a total of $3,376. One was for the construction of a new residence, the others for repairs.

A permit was taken out for the construction of a $2,000 residence for R. L. Walton, on West St. Charles street between Seventh and Eighth. Contractor is F. W. Howard.

Permits also were issued during the week to R. P. Angler of San Antonio, Valentine Barrera, Obideo Zamora, Mrs. George White, Francisco Garcia, Pablo Gomez, the Besteiro estate, Doro Besteiro and Andres Pacheco.

Brownsville Taxes Total $101,469.96

BROWNSVILLE—Collections of current taxes, which became due October 1, total $101,469.96 to date, according to information from Cameron County Tax-Assessor-Collector Ralph T. Agar's office Saturday.

The figure represents collections for state and county and for taxing districts consolidated with the county office for assessing and collecting, less the three per cent discount allowed for payment this month.

Seventy-four poll tax receipts had been issued Saturday, and nine poll tax exemptions. Poll tax also became due October 1.

U. S. Files Libel On Valley Craft

BROWNSVILLE—Action against an 18-foot motorboat owned by H. P. Jordan was taken here Saturday by the United States government.

The government contended that the motorboat was navigated August 5 on the Laguna Madre without "ready for immediate use the means of promptly and effectually extinguishing burning gasoline."

The libel was filed at the office of F. A. Hinojosa, deputy clerk of federal court here, and cited a possible penalty of $100.

Prolonged Drought In State Continues

By The Associated Press

A prolonged drought continued to sear wide sections of Texas Saturday.

Most of the state's eastern area had received no general moisture for months. Even the regions to the west where scattered rains during the week temporarily relieved an acute situation needed much more to wet the subsoil and assure grass and grain crops.

Government agriculture officials termed wheat conditions in the Panhandle-plains "poor." The western and southern Panhandle received sufficient rains early in October to germinate wheat but not enough fell in the northeastern corner. Ranges were fair but feed crops were reduced.

Around Lubbock, where showers fell during the week, moisture conditions were reported badly spotted in eighteen south plains counties. The experiment station at Lubbock reported a moisture deficiency 6.5 inches of normal.

A measure of relief came during the week to a belt extending southwest from Wichita Falls to Abilene and the central West Texas ranching country around San Angelo.

Grass and small grains made rapid growth in those sections but more moisture was needed. A small feed crop and resulting high prices worried ranchmen. Abilene reported the drough resulted in practically all lambs and calves being shipped from 20 surrounding counties much earlier than usual.

Farmers turned livestock into cotton and corn fields for grazing and cut grass along highways in northeast Texas, said L. J. Cappleman, Farm Security Administration executive of Dallas.

Sherman reported plenty of moisture in northwest Grayson county but other portions were dry.

A general rain of more than an inch during the week relieved the situation in Shelby, San Augustine, Angelina and Nacogdoches counties. Cattlemen expected pastures to be good around November 17, when the first killing frost usually hits. A. and M. Experiment Station at Nacogdoches reported farmers had good prospects for fall gardens and truck farming. Winter plowing was started and cover crops will be planted.

Lamar County Agent A. L. Edmiaston said fall plowing was at a standstill and predicted continued drought would cause a light fall crop. Pastures were standing up remarkably well. Edmiaston expected heavy insect infestation next spring because of the warm, dry weather.

Other reports of drought distress came from Waco, Tyler, Marshall and Corsicana.

Farmers around Marshall had been unable to plant early gardens or cover crops for livestock which was being moved in search of pasturage and water. Corsicana reported a like situation which showers Friday helped little.

Planting of winter vegetables was delayed in San Patricio and sections of Nueces county. Refugio county needed rain but not badly. Corpus Christi reported, while all other areas around these were dry. The anticipated flax acreage in South Texas may be reduced.

Austin reported rains to the north and west of there Thursday night and had helped winter gardens and oats but water tanks were low and subsoil dry.

Woodring Says Guns For 'Defense Only'

BALTIMORE— (AP) —Secretary of War Harry H. Woodring assured the nation Saturday guns in the hands of American soldiers would be used "for defense only" and throw the weight of his office behind this pledge of peace:

"Every man and every dollar necessary for the defense of America, but not one man, not one dollar to fight the wars of other nations."

In a broadcast address before the National Guard Association Friday night, Woodring asserted "there is no man in public life today who is more determined than your secretary of war that our sons and my sons shall not march forth to war."

The war secretary in blunt terms denounced "those who pronounce the inevitability of our entrance into this second world war."

Stronger Atlantic Squadron Studied

WASHINGTON— (AP) —Proposals to strengthen the navy's Atlantic squadron and put it on a permanent basis were shaping up Saturday among members of the House naval committee.

Chairman Vinson (D-Ga) declined to discuss the question but indicated he would be ready with a legislative program for the navy in the near future.

TICKET SALE ON INCREASE

Dale Carnegie Will Speak In Valley

HARLINGEN—Increase is reported in sale of tickets for the lectures here November 8 of Dale Carnegie, author of the best seller, "How to Win Friends and Influence People." Carnegie will speak at the Harlingen city auditorium, his appearance in the Valley being sponsored by Parent-Teacher Associations for the local high school and junior high school.

Tickets have been placed on sale in many Valley towns, and large attendance is expected for all parts of the section. In Harlingen, tickets may be obtained at Hertz Style Shop, Brasher and Jones, Anthony's, Day's Drug Store and Thompson Drug Store.

Carnegie will make two appearances here, speaking at 4 p. m. at a special matinee for school children, and again at 8 p. m. School children will be admitted for 25 cents, while the price for adults will be $1.00. Several schools have already notified sponsors special trips will be made by their institutions, with large groups of children attending.

SALE TO END U. S. PROJECT

Federal Experiment Is Failure

JERSEY HOMESTEADS, N. J.—(AP)—One federal experiment in subsistence homesteading will end here Monday when the government sells at auction clothing factory machinery installed in 1936 to benefit 150 New York garment workers who were resettled on this 1,250-acre homestead site.

Notices posted here Friday by the Farm Security Administration set Monday for the sale of equipment which cost $30,000 and which was pledged, together with personal notes, to cover $200,000 advanced to the Industrial Cooperative Association by the government.

Jersey Homesteads, a borough in itself with the government owning all real property, was built around the garment factory which the needleworkers thought would support them and eventually enable them to buy out the government.

It was not a success, however, and after spasmodic periods of operation the factory closed down last August.

The government spent $110,000 to erect the factory. The purchase of land and construction of 200 homes with necessary improvements brought the initial cost of the homestead project to more than $1,800,000.

Runyon To Revise Brownsville Budget For November 8 Meet

BOOST SEEN FOR STREET, SEWER WORK

Commissioners Ask Increases

BROWNSVILLE — After a two-hour public hearing Friday, Brownsvilles proposed 1940 budget was handed to City Manager Robert Runyon for revision according to recommendations made by city commissioners.

Besides city officials and employes, less than a half-dozen persons were present at the hearing.

After modification the budget is to be presented to the commission at its regular session November 8 for approval.

As presented to the commissioners Friday, the proposed budget set up general government and utility plant operation expenses at $463,543.80, less by $38,566.24 than the 1939 budget.

Recommended changes, however, will boost the proposed budget considerably.

Hike Recommended

Commissioners recommended that the proposed $1,800 for street repairs in 1940 be hiked to $10,000. They set up $20,000 to meet part of the city's share in the proposed city-Works Progress Administration storm sewer system.

They recommended $2,500 be included for an initial payment on the old First National Bank building the city proposes to occupy as the city hall, provided $500 a month for additional payments during the year, and set up $2,000 for repairs on the building.

They recommended that provisions be made in the budget for purchasing one police car, a car for the fire chief, a street sweeper and two garbage trucks during the year.

To Water Esplanades

At the request of Mrs. R. A. Porter, who appeared at the hearing, the commission set up $1,000 for extending the watering system on Palm Boulevard esplanades.

Commissioners acquiesced to Mr. Runyon's suggestion that requests by several department heads, that provision be made for salary increases for employes, be deferred until another meeting and gone into fully then.

The Friday session was a special meeting of the commission as well as a public budget hearing. Ordinances providing for the vacating of present streets and alleys in the Brownsville Housing Authority project passed second reading.

Hearing Set November 22

A hearing on proposed re-zoning of one block on Fourteenth street, adjacent to the housing authority project, was set for November 22. The housing authority has requested that the black between Tyler and Harrison on Fourteenth be re-zoned to apartment house classification to prevent small business houses springing up there. The re-zoning was recommended some time ago by the city zoning commission.

The ordinance regulating bakeries and the sale of bread in Brownsville, which passed first reading at the Wednesday meeting of the city commission, was discussed Friday although it was not scheduled for second reading at the special meeting.

Commissioners indicated they felt it advisable to drop the ordinance, because it might result in ill feeling on the part of other Valley cities.

The ordinance calls for licensing of bakeries located in the city or selling bread here, and provides an additional $2.40 per mile distance from Brownsville for out-of-city bakeries, to meet inspection costs.

Mr. Runyon told the commission local bakeries had asked for some action to prevent the illegal sale of short-weight bread in Brownsville.

EXTRADITION HEARING SET

Third Slaying Suspect Waits In Jail

BROWNSVILLE — Extradition hearing for Juan Delgado Ortiz, Matamoros, sought by Matamoros police in connection with the September slaying there of two aged women, has been set for November 3 before Judge James S. Graham in civil district court.

District Attorney Arthur Klein filed complaint against Delgado Saturday morning, after receiving the necessary formal papers from Mexican officials.

Hearing on a writ of habeas corpus, petition for which was filed Tuesday by H. L. Yates, Brownsville attorney acting as counsel for Delgado, was dismissed Saturday morning at the petitioner's request.

Delgado waived issuance of a warrant in the extradition proceedings and agreed to remain in jail pending the hearing.

He is sought by Matamoros police in connection with the "double homicide and robbery" of Mrs. Manuela Casas Garza and Mrs. Juana Perez Garza. Two men are in jail in Matamoros now in connection with the case, and another suspect is being held by U. S. federal authorities at Laredo on an immigration violation charge.

Delgado was arrested by Brownsville police some time ago at the request of Matamoros officers. He has stated he is an American citizen. Later an order to hold Delgado was received from Governor W. Lee O'Daniel.

Under a treaty between the United States and Mexico, the governor of one of the United States can order a man held for as long as 40 days upon a request by the governor of one of the states of Mexico, according to Mr. Klein.

Following the extradition hearing before Judge Graham November 3, records of the hearing will be sent to United States Secretary of State Cordell Hull, Mr. Klein said.

New Offices Taken By Three Attorneys

BROWNSVILLE—Three Brownsville attorneys, who had offices in the Cromack building for nine years, Saturday moved to new quarters in the Arcade building here.

Moving were J. T. Canales, recent purchaser of the Arcade building; Kenneth Faxon and O. B. Garcia.

Their new law offices contain an expansive library, file room, conference room and three private offices. A new ventilating system also has been installed.

GALVESTON IS ALL SET FOR ANNUAL HAY FEVER DAY FETE

GALVESTON—(AP)—Next Tuesday may be Hallowe'en according to the calendar, but to this island city it will be Hay Fever Day, when the King and Queen of the afflicted will be crowned . . . ah . . . ah . . . choo! . . . with gilded ragweed.

"It's going to be quite a nosey affair. All visiting snifflers and sneezers who seek relief from pollen through the Gulf breezes (you're welcome, Chamber of Commerce) will have a chance to kerchoo, to blow, to trade pet remedies, and to outdo each other with tall tales of the pesky disease's ravages.

The coronation ceremony will be held at a luncheon. Every visiting sufferer —wet eyes, red nose, labored breathing and all—is eligible to compete.

Each entrant will recive a handkerchief—an inducement to get in proper form.

Some who already have tossed their hankies into the ring are Miss Verna Perry, a beauteous miss from Devils Lake, N. D.; Miss Jean Holmes, accordion teacher from Houston; Mrs. Lamar W. Land and her mother-in-law, Mrs. W. H. Land of Dallas; Mrs. C. H. Herlock, treasurer of the Houston Hay Fever Sufferers' Association and her daughter, Miss Catherine Julian, and Herbert Frensley of Austin.

Mrs. Herlock, no mean sniffler herself, commented she and two children have been contracting hay fever on the same day for the last seven years. That ought to count for something!

Just what will decide the judges has not been made clear, but pulchritude and manly beauty, a glorious sniffle and a detonating sneeze, a pet nostrum and a goofy allergy probably would help.

Anyway, the whole business should produce more remedies than Aunt Carrie used to swear by, and when the nasal noise gets going in a crowd of allergic pollinosis victims, the trumpeting of Gabriel should pale to a pipsqueak.

By the way, the ragweed for the crowns is going to be imported, because Galveston doesn't have any.—(Adv.)

Dictators Who Could Rule Europe Only Spar for Spotlight

By JOHN LEAR
Associated Press Staff

Three boys who were so poor they often did not know where their next meal was coming from are today the rulers of most of the riches of Europe.

Their names are Adolf, Benito and Joseph.

Hitler—Mussolini—Stalin.

Each is supreme in his own land. Together they control, directly or indirectly, the greater part of Europe and a vast slice of Asia. If they could unite on a course of action, they could dictate the affairs of one, and perhaps of two, continents. But they cannot forget their own individual ambitions. They always, somehow, are in each other's way.

Benito and Joseph got together once; Adolf held aloof. Then Adolf and Benito were pals; Joseph didn't like it. Now Adolf and Joseph are clasping hands; Benito is off in a corner.

The spotlight of history has flickered from one to the other of them like a will-o'-the-wisp. First it shone on Mussolini, then on Stalin. Back it jumped to Mussolini. Hitler came along and it lighted on him. Now it's Stalin's turn again.

All three began groping for the elusive patch of light in the same year: 1922.

Mussolini reached it first, with his march on Rome.

The world stood by, mouth agape, as this forceful figure took over the Italian government, peacefully, at the head of a host of blackshirted young men, "the Fascisti."

The other countries held their breath as he dissolved the chamber of deputies, Italy's elected parliament where he once sat as a socialist, and drew more and more power into his own hands. His critics accused him of borrowing Bolshevik Russia's methods. His friends praised him for welding a people into national unity. All stood in awe of his speed and efficiency.

At home, he fought communism. Abroad, he warned of the danger of an alliance between Russia and Germany. For 1922 was the year of the Russo-German treaty of Rapallo. Germany was a democracy then. He scorned democracies, and as one of the World war Allies he insisted that Germany "can and must pay" the cost of that conflict.

By 1926, he was a personality unique. Nowhere else did a single person openly wield so much authority as he. He allowed only one political party: Mussolini's party, the Fascist party. Free speech and free press were silenced; they were directed now "for the good of the state."

This was Benito, who once was so poor he begged bread in the streets. This was Benito, the editor who had gone to jail for his liberal writings. This was Benito, the one-time Socialist, converted to the proposition that man lives only for his country.

Nations recognized Benito as a leading statesman, a force to be reckoned within international affairs. American newspaper headlines called him 'a modern Caesar."

Yet, in 1928, the spotlight flickered away from him, and bounced into the Eastern sky. There it fell on Joseph Stalin, successor to Nikolai Lenin as leader of Russia's millions.

Stalin's light was a bright light, for he burst upon the world as the engineer of 'the five-year plan," as sweeping design to revolutionize Russia from a backward land of illiterate peasants to a modern enlightened industrial power.

Like Mussolini, Stalin was an unknown poor boy. He was a cobbler's son, born in the Caucasus mountains on the shore of the Black Sea. Unlike Mussolini, Stalin had played no intellectual role in politics. His part in the Russian revolution had been that of agitator, bomb thrower, maker of violent plots. His name appeared only on the police blotters. Even his comrades knew him under the alias "Sosso." He was still anonymous to most Communists when he quietly assumed his present pivot of power in 1922—the secretaryship of the Communist party. Only today is his background becoming known, through Boris Souvarine's biography, "Stalin.' But his name was famous as it was linked with "the five-year plan."

The immense scope of the plan staggered popular imagination. Newspapers all over the globe printed reams of description of it. Overnight Stalin was the "key man" of the times.

But only overnight.

Mussolini had the spotlight back in 1929, with his accord with the Vatican, giving the popes their first temporal freedom in centuries.

While Stalin remained busy at home on his "five-year plan," Italy's duce kept himself the center of attention abroad. He demanded air and sea parity with France in 1929. He encouraged the Nazi movement of Adolf Hitler in 1932, pleased that another should follow the Mussolini model. He rose to the eminence of a mentor when Hitler succeeded to power in 1933. And, the same year, he achieved his dream of years by drawing Germany, England and France into a four-power pact.

It was a short lived triumph for the Italian leader. Before 1933 was gone, Hitler's claims for a greater Germany were a cause of uneasiness. So was Nazi agitation in Austria, Italy's longtime friend.

That was the year Stalin and Mussolini signed a trade agreement and backed it up by a non-aggression pact. Hitler refused a similar proffer of friendship from Stalin, increasing his attacks on Communism in Germany to emphasize his rejection.

The spotlight was starting to waver. It flipped over to Hitler when he quit the League of Nations and the world disarmament conference in 1934. It flipped again when the Nazi followers in Vienna assassinated Englebert Dollfuss, the Austrian chancellor, the same year.

Mussolini, however, was still the dominant personality of Europe.

True, Hitler had deigned to inform him in advance of the League of Nations and disarmament conference action, and had openly antagonized him in the Dollfuss affair. But Italian troops, on the Alpine passes, held up a threatened German advance into Austria, and headlines in American newspapers screamed in big type "Mussolini May Insist Hitler Disband Storm Troopers." Only in much smaller type, over a much smaller story, was it noted "Europe Fearful of Hitler's Rule."

The emphasis in the headlines was gradually reversed during the next two years.

The Mussolini who spoke out against Hitler in 1935 by siding with England and France in protesting German rearmament was silent and submissive when the Germans remilitarized the Rhineland in 1936.

The Ethiopian war was the key to the change. Germany was the only nation to support the Italian conquest in Africa. Mussolini was therefore in debt to Hitler.

From then on, the man of the hour was Hitler. The spotlight belonged to him.

1,000 WILLACY ACRES TO GET USE OF WATER

Irrigation Project Expands Rapidly

RAYMONDVILLE—More than 1,000 acres of hitherto dry Willacy county land had been irrigated since September 1, district officials said, as four lines had already been taken over by the district and another 400,000 feet of completed lines was being considered by district engineers.

When the district approves the additional completed lines, expected shortly after Novemebr 1 approximately 40,000 acres of land will have been made accessible to irrigation water in a county now sorely in need of rain. Much of the completed inles are located in the Rollo and Hargill sections of the district. Canals and gates are in place in much of the eastern end of the district, also, reports indicated, but field pipes had not been fitted. The 40,000 acres is approximately half of the contemplated acreage to be made accessible to irrigation.

TOURISTS END MEXICAN TRIP

Party Of 13 Returns To Valley

MISSION—A party of 13 tourists from several Western and Mid-Western states returned to Mission late Thursday from a 12-day vacation at Mexico City. Sponsored by the Mission chamber of commerce, the tour was formed in Houston and the trip made by motor.

Idaho claimed honors among states represented in the party, with four from the state in the group. The entire party included Dr. and Mrs. H. L. Stelle, Pratsburg, Kans., Mesdames Maybelle Blaise, Albert Lea, Minn.; Sara Conkling, Brownsville; Dorothy Lowery, Weslaco; Bonnie Lukens, Wilmington, Ohio; Gertrude McDevitt, Boise Idaho; J. A. McDonald, St. Anthony, Idaho; E. E. Moberly, Pocatello, Idaho; E. E. Wilson, Mullan, Idaho; Frances Randall, Weslaco; G. M. Abney, and John Brannan, Mission.

The out of state members of the party were carried to Houston after an overnight stop in Mission, and the party disbanded there. Mrs. Edith Volz made the trip to Houston with the party.

Water Turkeys

300 Slain In Willacy By Hunters

RAYMONDVILLE — More than 300 water turkeys were killed on reservoirs west of Raymondville the past week by a group of 15 shooters, with a view to preserving the stock of game fish supplied by the State Game, Fish, and Oyster commission.

The group of marksmen were invited to help destroy the birds by Game Warden F. O. Lytton, who said brush in the reservoirs had not been cleared out because of the fish stocked there. Near the pumping plants Lytton said thousands of nests were filled with young birds and that it will not be long before the majority of the fish stock is taken from the waters here. He said it would be impossible to restock the lakes unless the birds, which began to migrate here when the fish were brought in, were destroyed.

Lytton said he intended to make every effort to destroy the birds in an effort to save the fish, and indicated other "hunting" parties would be formed to decimate the birds.

Poultry Care Told At Mission Parley

MISSION—A program on poultry care was given for members of the Mission Boys Four-H Club Wednesday afternoon when they met at Wilson school for one of their first program meetings since their recent organization. W. H. Gardner, assistant county agent, directed the program which dealt with testing poultry for diseases and their proper feeding following the tests.

In charge of the business session was the president, Jack McDaniel. Other officers include Lloyd Baker, vice president; Merle Baker, secretary; and Bobby Williams, reporter. Meetings will be held each second and fourth Tuesday.

COUPLE CHARGED WITH MURDER

Charges of murder were filed in Clinton county, Missouri, against Kenneth (Cotton) Conway (right), his wife, Rosavelle (left) and Don Stevens, for the slaying of Cecil Curd, Gower filling station attendant. He was killed during a robbery. The three, all from Oklahoma, also were charged in federal court at Kansas City with transporting a stolen car from Beaumont, Texas, across Oklahoma into Missouri.

Memorial Services Held At San Juan

SAN JUAN — On October 23, 1919, 20 years ago last Sunday, a small group of people responded to an invitation sent out by Rev. and Mrs. L. M. Thompson, and attended a church service on the porch of the San Juan Hotel. Out of this service developed the People's Church. Last Sunday that initial service on the hotel porch was commemorated with special services and basket dinner on the lawn. The sermon for the 11 a. m. service was by the pastor, Rev. J. Beaty Smith on "Basic Purposes of the Church." the robed choir offered special music.

The program at 2 p. m. was as follows: E. Arthur Reichert, presiding. Song service, lead by Jimmie Dodson, with Mrs. A. B. Cron as pianist. On behalf of the Junior-Intermediate C. E. Societies, Mrs. J. Beaty Smith presented a baptismal bowl to the church. W. G. Rice, president of the board, accepted the gift with appropriate remarks.

Vocal solo, "How Lovely Are Thy Dwellings," Miss Doris Ewing. Prayer, Rev. Pace of McAllen. Talk, "Why I Believe God Wants This Church to Live," W. G. Rice. Duet, "Ivory Palaces," Mrs. Paul Hetrick and Jerry Stugard. Talk, "The Challenge of the Future," Frank Hall.

Mrs. F. G. Platt read a letter from Mrs. L. M. Thompson, widow of the minister who lead in the organization of the church. Rev. Pace spoke briefly commending the church for the progress made and urging an aggressive program for the future. Vocal trio, "End of a Perfect Day," Bryan Harris, Frank Hall and Jimmie Dodson. Benediction, Rev. J. H. Webb.

Visitors signing the register were Dorothy O'Brien, Eugenia Crabtree, McAllen; Mr. and Mrs. Fred J. Fryer, Harlingen; Mr. and Mrs. Ray G. Wilson, Mercedes; Mr. and Mrs. N. D. McCombs, Des Moines, Iowa; Mr. and Mrs. A. E. Gebhardt, Mission; Mrs. W. L. Fleck, Fargo, North Dakota; Rev. and Mrs. Le Grand Pace, McAllen; Mr. and Mrs. C. E. Dodson, San Benito; Rev. and Mrs. J. H. Webb, Lubbock, Texas.

Band Uniforms

McAllen Students Get $1,400 Worth

McALLEN — New uniforms for members of the McAllen High school band are expected to arrive within the next two weeks, Hermann Wren, director, said Saturday.

Estimated cost of the 72 uniforms will be $1,400, Wren said. The Band Mothers club has raised $600 with the cooperation of various clubs and organizations.

The new uniforms will feature a military style. Coats will be gold tropical wool, trimmed in purple, while the trousers will be white corded cotton with gold and purple stripes. Band members will wear West Point caps with six inch plumes. The drum major will dress in an all-white uniform and wear a hat with a 12-inch plume.

Elsa Presbyterians Plan To Build Manse

ELSA — Estimates for building a manse for the Elsa Presbyterian church have been made and plans for early start of construction were made at a meeting of the building committee Thursday evening.

Members of the committee are Norris Bobitt, R. E. Snyder, Mrs. Wm. George, D. M. Graham, and Charles May.

NEW WEIGHT CODE IS SET

Texas Standard Is Near Federal

AUSTIN—(AP)—Promulgation of a code of specifications, tolerances and regulations for commercial weighing and measuring devices, effective January 1, 1940, was announced Friday by J. E. McDonald, state agriculture commissioner.

McDonald, who is ex-officio state superintendent of weights and measures, said the new regulations were as near identical to the code of the National Bureau of Standards as Texas statutes and conditions permit.

Printed copies will be available in 30 days, he said. Complete in all details, it sets out requirements for weights and scales of all types; liquid, dry and linear measures; gasoline pumps, petroleum meters, vehicle tanks, grease measuring devices; glass graduates and milk bottles.

McDonald also announced a two-day school of instruction in Austin beginning November 14 for all persons interested in weights and measures administration.

Largest store of magnetic iron ore in American is in North Carolina.

WINNER

The Quebec Liberal party, of which Hon. Adelard Godbout (above) is leader, returned to power in a landslide election. The issue was whether the government should continue war expenditures and Mackenzie King, prime minister of Canada, said the results showed the Canadians are united in their support of Britain and France in the war. NEW HIGHWAY WORK SLATED

Second Project Due For Willacy

RAYMONDVILLE, (AP) — With work order let on eight miles of the Kenedy county highway south of Sarita to Briggs-Darby company, Pharr, contract for surfacing the remainder of the road to the Willacy county line is expected shortly after work is started on the first lap, local officials said.

State Highway Department engineers have said they wanted to study the result of the double asphalt topping and soil cement base before giving contract on the entire strip.

Although the eight miles to be surfaced south of Sarita will make the road passable all the way through Kenedy county, state highway department officials said the road probably will not be opened to traffic until the strip to the Willacy line is finished.

SCHOOL GETS FUNDS

AUSTIN—(AP)—The University of Texas permanent fund was richer by $289,950 Friday as a result of cash bonuses paid for oil and gas leases on 47 tracts of the school's West Texas lands.

Coffee Company Calls Grapefruit From Texas Best

McALLEN— Coffee, which isn't grown in Texas, is giving the Valley a lot of publicity these days.

Makers of Folgers' coffee have listed the Rio Grande Valley as a "favored" growing spot for grapefruit in an advertising circular, released nationally and reaching millions of readers.

Part of the circular reads: 'The Rio Grande Valley in Texas—that's where grapefruit grows sweeter and juicier. Nothing like it in the world." Replicas of two grapefruit complete the display.

M. D. Key of McAllen is Valley representative for the company.

It is estimated there are 31,957,000 turkeys being fattened in the United States for Thanksgiving and Christmas.

Mexico Speeds Storm Relief

MEXICO CITY — (AP) — Thirty thousand pesos ($6,000 U. S.) will be donated by the chamber of deputies to aid hurricane-stricken victims in towns along the Pacific coast in the states of Nayarit and Jalisco. Hundreds are reported homeless with few casualties.

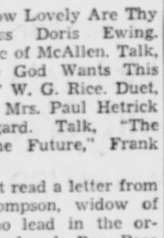

Latest dispatches from Puerto Vallarta, a port in the state of Jalisco, reported several homes were destroyed when a huge tide flooded part of the town.

Doctors and nurses were rushed to the stricken zones.

Gifts of "bitter medicine," as quinine, is popularly known in China, are acceptable there.

MR. GROWER! WAKE-UP!

There's no time to lose!

WE the shippers whose names appear on this page, together with a large majority of our fellow shippers in the Lower Rio Grande Valley, take this opportunity to assure all citrus growers that we are today and will always be vitally interested in the welfare and prosperity of the growers.

WE stand ready at all times to do anything within our power to make the Valley citrus deal more profitable to the grower. We believe that only so long as the grower prospers will the Valley as a whole and ourselves as individuals continue to prosper.

WE believe that every ton of fruit sold from the Valley should bring the grower not less than $10 per ton on the tree. We know that we could afford to maintain this minimum price throughout the season and still make a fair profit for ourselves if chiseling and price-cutting could be eliminated from the deal.

WE believe that every grower should have enough confidence in his own product and enough interest in his own welfare to refuse the sale of his fruit to any buyer who offers him less than this amount, where such fruit is to be sold in fresh fruit markets.

WE believe that if every grower will stand fast on a $10 minimum price, he will receive more for his fruit in the long run and do more to stabilize the citrus industry than by accepting any lower price We further believe that until all growers do unite in demanding a minimum price, the industry will continue in its chaotic and unprofitable state.

WE therefore urge the citrus growers of the Valley to stand together for their common good, hold fast for fair citrus prices and their most vigorous moral support to the common cause — **THE CREATION AND PERPETUATION OF A SUCCESSFUL CITRUS INDUSTRY IN THE LOWER RIO GRANDE VALLEY.**

Babson Sees Philippines As Ideal Place For Homesteaders

EXPERT SAYS FUTURE GOOD FOR ISLANDS

Trade Said Vital To U. S. Shipping

By ROGER W. BABSON

BABSON PARK, Mass. — Ever since I visited the Philippine Islands last month. I have been wondering why the United States government sent several hundred "unemployed" farming families to Alaska instead of the Philippines. I confess that I am not an authority on the Islands, having stayed there only four days. Certain visionaries, however, have not spent even four minutes in this locality. Hence, for those interested in 1940 "pioneering," let me say something now about the Philippines. It is a subject to which ninety-nine per cent of Americans have given too little thought—of this I am firmly convinced.

From purely a trade point-of-view, the Philippines are not too important to the United States. Their foreign trade is less than 3 per cent of the United States total. I am told that Java could land sugar in the United States after payment of duty for about what it now costs Philippines to produce it. Sugar, however, is not the only important product of the islands although it is the one that people in the United States hear most about.

Copra, Hemp Needed Here

Copra and other products of the coconut are very important. From copra comes the oil which is used in fine soaps, margarines, and cooking oils. The dairy and cottonseed interests of the States object, however, to importing this copra duty free. Rice is another important Philippine product, although not enough is raised to satisfy the needs of the islands. Hemp is the outstanding raw material which the people of the United States gladly welcome free of duty. The Philippine Islands produce the finest hemp in the world.

The production of tobacco and the manufacture of cigars is on the increase. So are other industries. Most of these compete to some extent with business in the States. Even Hollywood is jealous because the Philippines are now coming up among countries making moving pictures. On the other hand, the islands are the big purchasers of many of America's products. At a public discussion regarding the complete independence of the Philippines, I stated that the islands must not expect "both to have their cake and eat it, too." That is, they must choose either a territorial status and free trade with the United States—or "independence" and the payment of the same duties which other foreign nations pay.

Vital To Our Shipping

The same statement applies to the people of the United States. We cannot expect the Philippines to buy our machinery, automobiles, radios, textiles, and a thousand other of our manufactured products unless we are willing to buy their sugar, copra, tobacco, hemp and other raw materials. Since the war, the Philippines have become an even better customer of the United States. This is a very important fact to remember. If we wish to prevent Japan from taking our shipping business away from us, American ships must have goods to haul. I go further and say that without a growing trade between the Philippines and America, we cannot keep our merchant marine on the Pacific! Hence, we cannot expect "both to have our cake and eat it, too!"

As the situation now stands, we have promised the Philippines complete independence in 1946. Up until the time of Japan's ruthless attack upon China, the islands were very happy over the idea. Since then, however, many thoughtful Filipinos have been worrying. They are now asking themselves two questions: (1) Will the Japanese try to take the islands after 1946, and (2) Could the Filipinos protect themselves if Japan should try to take them? Frankly, there seems little point in discussing these questions today. Great world events will take place between now and 1946.

No Fear of Japanese

Yet, I do not now see how, without considerable help from us through tariff concessions and otherwise, our "little brown brothers" can raise the money necessary for military protection against Japanese invasion. Today, however, the Filipinos have no fear on this score. They are both brave and proud. They have heard so much all their lives about the advantages of full independence, that they are determined to try it. However, conditions in the Orient during the next ten years may work to the disadvantage of the Philippines.

Meanwhile, the Philippines will continue as the frontier of America. The chief argument of our 8,000,000 unemployed is that virgin fertile land no longer exists in the United States for them; that the good lands of the West have been fully settled; and hence "relief" must be considered a fixed and permanent expense. Because of these arguments some "pioneer" families were trundled off to Alaska several years ago. But the Philippines are a far better bet for such homesteading. They have fertile soil, sufficient rains, and every agricultural advantage. No one starves

Homestead the Islands

Moreover, I believe the cost of living there is lower than in any other part of the civilized world offering similar opportunities. I certainly would like to see the United States buy land in the islands and open it up to American farmers on a homesteading basis. The Philippines have millions of acres of wonderfully fertile and healthy land and a friendly and progressive people. Much of our United States is mere sandhills compared with what the Philippines can offer.

The only hope for 8,000,000 of our unemployed is a return to the land. The Philippine Islands have millions of acres of good land which need farmers. I do not mean one-crop farmers, but those willing to raise all they consume except their shirts and shoes. I do not know whether or not this is practical; but it surely should be thoroughly tried out before 1946. The answer to such an experiment should largely determine the decision as to the future relationship between the United States and these rich but distant islands.

Agency Opened

Bingley To Handle Plymouth Autos

SAN BENITO — G. H. Bingley, former Ford dealer here, Friday announced opening of the Bingley Motor Company here at 157 East Stenger, Chrysler and Plymouth agency.

Prior to taking over the San Benito agency Bingley had been connected with the Cameron county right-of-way department, from which he announced his resignation.

Bingley said he will also handle Electrolux refrigerators, Chambers ranges, and vapor gas plants.

Showroom for the new agency has been opened in the former Studebaker agency location, and complete service department will be maintained. First class washing and greasing rack has been installed, Bingley said.

SIX SELECTED FOR FOOTBALL QUEEN VOTING

McAllen Students To Name Winners

McALLEN—Six pretty girls from McAllen Senior High school are vying for the honor of being named 1939 football queen, Coach Maco Stewart announced Saturday, when he released the list of nominations as made by members of the football squad.

The student body will vote next Thursday on one of the following six: Jo Ann Bonneau, Mary Gene Catlett, Mary Phillips, Louise Fristoe, Marjorie Strohmeyer and Bernice Atkins. Balloting will be conducted from 8 a. m. until 3:30 p. m. next Thursday at the school.

This is the first time in the history of the school that the students have had the opportunity of naming the queen. In the past the chosen girl has been the selection of the football squad.

Principal Al Weir said plans might be worked out for the queen to reign for a night at a football and pep squad party which may be held at the end of the current season.

Navy Story Told

Senator Kelley Is Club Speaker

EDCOUCH—Rogers Kelley, Edinburg, state senator, spoke on 'The Navy, Defender of Our Sea Frontier," at the luncheon of the Edcouch-Elsa Lions club this week, held at the high school auditorium.

Kelley discussed the origin and early history of the United States Navy, and lauded efforts of Theodore Roosevelt, the "Father of Our Navy." In supplying data on the navies of the world, Kelley said the United States Navy should be second to none, since it is this nation's first line of defense.

Visitors at the luncheon included Oscar Dean Kirkland, Edinburg; Harry Pope, Austin; Otis Cochran, S. Haynes, Mercedes; Earl McIntosh and A. L. Cramer, Engelman Gardens.

PUPILS HEAR JOHN HUNTER

Jardin Holds Navy Day Program

BROWNSVILLE — John Hunter, former president of the Brownsville Chamber of Commerce, spoke on various aspects of Navy Day at the regular weekly assembly at El Jardin high school Friday.

After giving a history of the conception and development of Navy Day in the United States, he urged students to maintain interest in preserving America's democratic form of government.

Morgan Irwin, football coach of the high school, was presented a carton of chewing gum in appreciation of his work with the team.

In the regular weekly elementary assembly students under the direction of Miss Katherine Stephens demonstrated what they had learned about radio by giving imitation broadcasts from microphones made by the pupils.

Announcers included Melvin Miller and Billy Ramsey, and other performers were Shirley Jean Ford, Danny Howe, Buford Young, Adan Sanchez, Frank Solis, Betty Rea Asher, Margaret Faye Walls, Donna Ruth Loop, Gay Young, Raymond Tripp, Dickie Baker, Jack Morlan, Joyce Inman, Leland Tripp, Helen Gesell, Ray Shank, Marshall Tripp, Nathana Phipps, Dale Loop, Cecilia Ford, Rita Ann Miller, Elizabeth Driver, Lois Walls, Bobbie Renfrow, Floyd Allen Cline, Betty Lou Gregory.

Visitors included Mesdames Harry Driver, Rea Asher, Loop, George Baker and Fred Howe.

Students Throng New York's Fair

NEW YORK—(AP)—For a nickel each—and some of them for nothing—nearly 200,000 school children jammed through the gates of the New York World's Fair Friday.

Harried gatekeepers, deluged by the flood, at one gate gave up and let everyone—including adults—in free.

Results included a broken arm for one girl, "abrasions" of the eye for a boy, and a good time for the rest of them.

Blood-Stained Suit Is Thought Clue To Disappearance; Man Seen In Missouri

BROOKFIELD, Mo.—(AP)—Reports that a young pilot wearing a blood-stained flying suit landed a plane near Nelsonville, in northeast Missouri, intensified a search Saturday for Flying Instructor Carl Bivins and an unidentified passenger, who disappeared in a yellow monoplane.

Sheriff W. J. Schneider of Marion county said a plane believed the one used by Bivins landed near Nelsonville about dusk Friday night and took off again early Saturday morning. Bivins and his passenger took off here Friday afternoon.

Schneider said the young pilot, about 28 years old, stayed overnight at the farm home of Gilbert Spratt. He was wearing a "blood-splattered" white uniform, the sheriff quoted members of the Spratt family as saying.

Said Nose Bled

The flier explained the stains by saying he "flew too high and had the nose bleed."

Before leaving Saturday morning, he borrowed a pair of blue overalls from one of the Spratt boys. He carried the bloodied uniform away with him.

Although Spratt did not inspect the plane closely, he said he saw only one man.

The pilot gave his name as Charles Jackson, but members of the Spratt family said the name "Larry" was on his shirt.

At the Brookfield airport, Police Chief Ed Carroll said an automobile which brought the strange passenger to the airport contained a driver's license issued to Larry Pletch, of Bowling Green, Ind. Indiana authorities said Pletch was scheduled to be tried next week on a plane theft charge.

In the automobile, police found a shotgun and some pistol cartridges.

Air Stunt Recalled

Authorities recalled that a young barnstorming aviator named Ernest Pletch, also known as Larry Pletch, staged a "Lochinvar of the air" stunt that baffled officers throughout the midwest last July.

He took pretty 17 year old Goldie Gehrken of Vernon, Ill., on a wild five day flying trip through Illinois and Missouri while begging her to marry him.

She refused and he started to take her home. When a large crowd was sighted at the airport he circled her house twice and continued on to Charleston, Mo., where Goldie was picked up by officers.

The young romeo got away and was arrested a few days later in Mississippi and held on the plane theft charge.

It was established by officers that the mystery passenger in Bivins' plane recently had been employed as a carnival airplane ride concession cashier in Bowling Green, Mo.

BODY OF MISSING MAN IS FOUND IN MISSOURI

MACON, Mo.—(AP)—The body of Carl Bivins, Brookfield, Mo., flying instructor, was found in a thicket 25 miles north of here Saturday night.

Bivins had been missing since late Friday when he took a passenger identified as Larry Pletch, Bowling Green, Ind., up for a flight. Pletch was arrested at Bloomington, Ind., about the time Bivins' body was found.

The body was found near where Rural Electrification Administration workers erecting a power line said a yellow monoplane landed Friday afternoon.

The workers said there was only one man in the plane then. The pilot sent one of the workers to Cherry Box for a gasoline truck. When the truck came he filled up his tank and took off.

The body was in such a position it was not possible to tell immediately how Bivins had been killed.

WAMPSVILLE, N. Y. —(AP)—Albert Orenstein, Syracuse attorney, visited a client in the Onondaga county jail. When the noon whistle blew, the turnkey locked all doors. (Orenstein got out later.)

Leaders Continue Charro Days Drive

BROWNSVILLE—Pressing of the annual Charro Days finance drive continued unabated Saturday here while leaders reported progress of the campaign to be "satisfactory."

Efforts of three score team captains and assistants will be redoubled Monday in the hope of bringing the finance drive to a close.

The clean-up will be held Tuesday following a 7:30 a. m. breakfast at the White Kitchen, Sam Perl, finance chairman, stated.

The Tuesday breakfast will be attended only by the team captains who will conduct the campaign. The assistants, who have aided since Wednesday when the drive started, will be released.

Finance Chairman Perl lauded the cooperation of those conducting the drive, and the generosity of the people of Brownsville.

Those who have not contributed are urged to do so by Monday, because Charro officials are anxious to know the amount of money available for the fiesta.

Kenneth Faxon, president of Charro Days, Incorporated, stated that if enough money is raised the Mexican City police band will be invited here for the celebration.

CHURCH UNITS END DISTRICT VALLEY MEET

Oklahoma City Gets 1940 Conference

McALLEN—Oklahoma City was chosen as the site for the 1940 district conference of the Christian and Missionary Alliance Churches and Rev. P. R. Hyde of Dallas was re-elected district superintendent at the closing sessions of the annual conference held here Friday night at the local church.

Scores of Valley members of the church in addition to 30 official delegates from five states and seven corresponding delegates attended the sessions for which the McAllen church, and its pastor, Rev. P. A. Hokanson, were hosts.

Other officers elected were Frank Butler of Oklahoma City, treasurer, and Rev. Hokanson, secretary.

Rev. Hyde will remain in McAllen for the next two weeks to conduct an evangelistic meeting. Meetings will be held daily at the local church at 10 a. m. and 7:30 p. m. He will be assisted by Miss Betty Boyle of Dallas, young people's evangelist, who will hold a conference for young people at the same time.

Nightly during the conference sessions outstanding speakers of the church addressed the scores attending. Opening Monday, Rev. C. G. Noll of Uvalde was speaker. Others were Tuesday, Rev. S. W. McGarvey of New York City, national secretary; Wednesday, Rev. T. J. Black of Oklahoma City; Thursday, Rev. S. W. Anderson of Shreveport, La.; Friday, Rev. A. M. Froese of Dallas.

Delegates included Rev. and Mrs. Anderson, Shreveport; Rev. and Mrs. Black, Mr. and Mrs. Butler, Rev. T. J. O'Neal of Oklahoma City; Rev. and Mrs. G. N. Carlson, Mr. and Mrs. L. C. Malone, Houston; David A. Carlson, Miss Ruth Goodell, Pettigraw, Ark.; Rev. G. M. Clark, Deer, Ark.; Mr. and Mrs. W. A. Green, Ardmore, Okla.; F. W. Hendrix, Harley Robinson, McAllen; H. Knapp, Uvalde; J. A. Parliman, Stuart Place; Robert Rich, Lubbock; Rev. J. A. Summerville, Union Town, Pa., and Erwin R. Wedel, Shreveport.

Corresponding delegates were Mrs. Charles Arnold, Oklahoma City; Miss Esther Anderson, Shreveport, La.; Mrs. David A. Carlson, Pettigrew, Ark.; Mrs. G. M. Clark, Deer, Ark.; Ed Happe, McAllen, and R. White, Rochester, N. Y.

TABERNACLE IS RECEIVED

Blessing To Be Given Sunday

BROWNSVILLE — Highlighting the Feast of Christ the King here Sunday will be the blessing of a new, beautiful liturgical tabernacle Sunday at 7:30 p.m. at the Immaculate Conception Church.

The new tabernacle, in which the Blessed Sacrement is kept, was purchased recently for $375 from the Key Safe Company, Milwaukee, Wis., with funds raised by the parish.

Constructed of solid brass, and beautifully engraved, the new tabernacle weighs more than 200 pounds.

Immediately after blessing of the tabernacle, there will be a procession within the church. Benediction with the Blessed Sacrament will be the concluding act of the service.

The Rev. Father Francisco, pastor of the church and dean of all Catholic churches in the Valley, also disclosed that the altar of the Immaculate Conception Church is being redecorated.

There will be a high mass Sunday at 7:30 a.m. at the Immaculate Conception Church in honor of Christ the King. The other masses will be at usual hours.

Catholics throughout the world Sunday will honor Christ as King of the whole universe.

The War's Big Question: When The Nazis Air-Raid Can The English Take It?

Here are bomber times between Wilhelmshaven, a German air base and main naval station, and three important British points. Scapa Flow is the main British naval base.

By ALEXANDER R. GEORGE
AP Feature Service Writer And Veteran Military Observer

WASHINGTON—Can Britain "take it" from the air?

Upon the answer to this question may hinge the outcome of the war. For many military experts figure the French army can hold the Germans on even terms while the combined British and French naval forces will in time lick the submarine menace.

That leaves Germany's air strength—hightly touted but not yet fully tested against a first-class power—a "best bet" for a Nazi bid for victory.

Natural methods of employing Germany's reputed numerically superior air forces are a series of incessant bombing onslaughts on (1) British naval bases and warships at those bases, (2) British supply ships en route to England and in English ports, (3) and possibly industrial centers.

Just Across The Way

Vital ports and industrial areas with munitions factories and supply storehouses in England, Scotland and Wales are only two to three hours' flight from German air bases. Similar French "targets" are closer but France is less vulnerable to aerial blockade than the United Kingdom because of her greater self-sufficiency in food and other critical supplies.

British air defenses, inaugurated in earnest a year ago and rushed since the war started, consist chiefly of:

1. **A network of observer stations** on naval vessels in the North Sea and on the British coast which report the approach of raiding planes, their position, numbers and heights.
2. **Speedy fighting planes (pursuits)** ready by day to scale the skies to intercept invading bombers and by night to patrol areas illuminated by searchlights.
3. **Fixed and mobile batteries or** anti-aircraft guns, some of which have a firing range of more than five miles above the ground.
4. **Searchlights and mechanical** sound locators to spot the raiding bombers for pursuit planes and for anti-aircraft artillery.
5. **Balloon "aprons" over cities** like London designed to prevent bombers flying low. Idea is that if bomber strikes one of the balloons it runs risk of being destroyed in resultant explosion of hydrogen gas. Should bomber dive under "apron" it would become entangled and wrecked on wires connecting ballons with the ground.
6. **Hundreds of British bombing** planes that can be used in retaliatory raids on German naval bases and industrial areas.

Air defense experts admit that all bombardments attacks cannot be absolutely stopped before some planes in a powerful attacking squadron reach the bomb release line. In a series of raids many of the raiders will evade the defenses and drop their destructive "eggs."

Major objective of the British is to make the raids too costly for the Nazis by destroying a large number of the invading planes and by retaliatory blows on vital targets in Germany.

Fighters Vs. Bombers

The British are confident that their new fighting planes, greatly increased in speed and fire-power, can give any invading bombers a hot reception. The relative effectiveness of German and British bombers is a moot question but the Germans are believed to have a numerical advantage.

The North Sea is both a handicap and an asset to English air defense. Huge, sprawling London and other coastal cities are made extra vulnerable by their proximity to expanses of water difficult to patrol effectively.

On the other hand, prevalent storm conditions above the North Sea reduce the operating efficiency of airplanes and their pilots. British planes that raid Germany can avoid this handicap by taking off from airdromes in France comparatively close to the German border.

FARM SESSION IS SCHEDULED

Study Of Dairy Cow Due At McAllen

McALLEN—Farmers and business men of the McAllen community interested in developing this locality as a farm center will meet at the McAllen Chamber of Commerce building next Friday at 2 p.m. to make a trip to see the chamber's milching shorthorn bull at the Frank Arny farm six miles south of the city.

The trip will be conducted by W. H. Gardner, assistant county agent, and will last about 45 minutes.

The white bull is a show animal, Gardner said. Frank Scofield, recognized as the greatest shorthorn cattle breeder in America said the bull bought by the chamber for community use to improve beef and milch cow herds is the "finest ever brought to the Lower Rio Grande Valley."

Every farmer, cow owner and business man interested in cattle or milch cows is invited to join the trip Friday.

Marjorie Daw Asks Temporary Support

LOS ANGELES — (AP) — Wealthy actor's agent Myron Selznick had orders Saturday to show cause in domestic relations court Thursday why he should not pay $2,600 a month temporary support to his wife, Marjorie Daw, one-time screen star, and their daughter, Joan, 9.

Miss Daw obtained a court order Friday restraining Selznick from disposing of an estimated $1,000 in community property, pending trial of her divorce suit. She charged cruelty and asked reasonable alimony, besides division of the property.

SPECIAL VOTE CALLED TO FILL HOUSE SEATS

AUSTIN— (AP) —Special elections to fill vacancies in three House seats have been ordered for November 28 but Governor W. Lee O'Daniel asserted they were not indicative of a special session of the lawmakers.

Issuance of the proclamations, however, added impetus to speculation concerning the possibility of an extraordinary session for financing the social security program.

The governor said he called elections to select successors to Reps. W. N. Corry of Keller, Marvin London of Montague and E. R. Wright of Huntsville because there was "some demand" for them.

He added he had not made up his mind on convening a special session. He is conducting a mail poll of legislators on the possibility of quickly enacting a consumers tax statute. On his Sunday broadcast he said additional correspondence and conversations were necessary before he could reach a decision. He is expected to speak further on the subject Sunday.

Corry was flotorial representative for Tarrant and Denton counties. London represented Montague county. Wright's district embraced Walker and San Jacinto counties.

The governor said he did not set a special election to replace Senator Clay Cotten of Palestine who recently was appointed chief of the Gas Utilities Division on the Railroad Commission because he has not received Cotten's resignation.

Answering questions as to whether the elections had any bearing on the proposed special session, the governor emphasized there was no direct bearing although he pointed out that in the event there was a called session the existing House vacancies would be filled. Since the balloting will take place November 28 there was a possibility there would be no called meeting prior to that date.

Charges Hurled At Maritime Commission By Union Official

UN-AMERICAN GROUP HEARS NEW BLASTS

Seamen Said Stabbed In Back By Work

WASHINGTON — (AP) — Amid an angry roar of voices and constant banging of a gavel, the House committee on un-American activities heard testimony Saturday that the Maritime Commission was "stabbing seamen in the back." Husky Joseph Curran, president of the National Maritime Union (CIO), made this charge after vehemently denying he was a Communist and being threatened with contempt proceedings by Chairman Dies (D-Tex).

"The Maritime Commission, instead of devoting efforts to building up the merchant marine, has harassed unions," the heavy-jawed seamen's leader roared.

Curran's four hours of testimony, often in the jargon of the waterfront, started and ended with shouting contests with Chairman Dies.

"You just want to talk," the Texas congressman shouted at the conclusion as he banged his gavel to quiet Curran. "You want to do a little demonstrating here. I know your tactics."

At the start, Curran had attempted to read a prepared statement but Dies insisted that he confine himself to answering questions.

"I'm an American, my Americanism is just as good as yours," Curran boomed. "Am I to be treated as an American?"

Then in an aside that could be heard throughout the hearing room, Curran said "What a circus!"

"You're going to answer these questions in a courteous way, or we're going to cite you for contempt," Dies shouted.

With that, Curran settled back and began a series of denials of questions from Rhea Whitley, committee counsel.

Whitley wanted to know if Curran ever was or ever had been a member of the Communist party.

This charge was a "lie," Curran replied, and anybody who made it was "a liar."

BIKE SAFETY TALK HEARD

Schultz Is Speaker At First Meeting

BROWNSVILLE—The first meeting of the Brownsville Bicycle Safety club, which is sponsored by Brownsville Post No. 2035, Veterans of Foreign Wars, was held Friday night at the VFW hall, Chairman W. A. Schultz, presiding.

Lieut. S. B. McCreary of the Brownsville police department gave a short talk. He said that in the past year there have been over 1000 accidents in Texas in which bicycles were involved. Of this number, he explained, over 500 were killed or permanently injured for life. He called attention to some of the reasons these accidents occurred such as double riding, no lights, trick riding or zig zagging, speeding, hanging onto automobiles or trucks, and non-observance of traffic lights. A bicycle is classed as a motor vehicle and must observe all rules of the road, he declared.

McCreary explained why the city of Brownsville passed the bicycle license law and its purpose. He said that in 1938 there were 912 license tags issued and that to date only 575 tags had been issued for 1939. 1938 tags expired September 30.

About 75 boys present at the meeting. The next meeting will be held Thursday evening November 2 at 7 p. m.

Tourists To Meet

Session At McAllen Carded Tuesday

McALLEN — The season's first meeting for the McAllen and Valley winter tourists will be held Tuesday at 2 p.m. at the McAllen Chamber of Commerce tourist room.

All Valley tourists are invited to attend the meeting which will be conducted as a good, old-fashioned "get-together." The chamber is calling the meeting at the request of tourists who visit here annually and are anxious to become acquainted with the newcomers.

Foreign Language Club Has Meeting

BROWNSVILLE — At the first meeting of the Foreign Language club of Brownsville Junior College, Webster Lee Howard was elected president; Bob Briggs, Harlingen, vice president; Lucie Starr Grider, Brownsville, secretary; and Geraldine McKenna, Harlingen, reporter.

Three languages, Spanish, German and French, will be used in the club which is to meet the second, third and fourth Thursdays.

Robert Stilwell and Miss Helen L. McCourtney are sponsors.

Carnival Planned By Mission School

MISSION—The carnival spirit will reign Tuesday night at Thomas Burnett athletic field, Mission, when an all-school Hallowe'en fete will be staged by school organizations. Proceeds of the carnival are to be used for the music and auditorium arts department of the school system.

SLAYER OF WIFE GETS CHAIR DEATH VERDICT

Murderer Confesses To Strangling His Pretty Wife

OKLAHOMA CITY — (AP) — Taciturn Roger Cunningham, whose graying hair belies his 34 years, must die in the electric chair for strangling his pretty, socially prominent wife and burying her body in a sewer ditch.

The verdict was reached in seven hours Friday night by a jury which had listened to five days of testimony, much of which sought to prove the former federal housing inspector was insane.

Sitting alone in the county jail cell he has occupied since he confessed the slaying, the bespectacled prisoner offered no comment. His attorney was planning an appeal.

Cunningham's wife, Eudora, disappeared March 6.

Cunningham wrote this description of the murder:

"Monday night, March 6, at 7:30 p. m., I strangled my wife, Eudora, and buried her in a partly-filled sewer between Eleventh Street and Park Place in the 3600 block. May God have mercy on my soul."

Cunningham blamed the slaying on domestic discord. Witnesses testified he suffered from syphilis and had been "queer" as a boy. A psychiatrist declared him insane. Defense Counsel Herbert K. Hyde asked for a life sentence.

ROGER CUNNINGHAM

Asking the death penalty, County Attorney Lewis R. Morris concluded his final plea:

"He wasn't crazy, he was just a murderer."

Nuevo Leon Governor Plans McAllen Visit

McALLEN — Governor Bonafacio Salinas of Nuevo Leon made plans Saturday to visit Esteban Garcia of McAllen within the next two weeks, the McAllen man said.

Plans for a visit from Governor Salinas to the Valley Saturday as Garcia's guest had to be changed when state matters interfered. Gov. Salinas was expected to arrive here Saturday to spend the day in McAllen and go to Garcia's ranch in Brooks County Sunday. The Governor called Friday night from Monterrey to change the arrangements. He will be accompanied on his trip in two weeks by a number of Nuevo Leon state dignitaries.

Salinas was installed as governor of Neuvo Leon October 4 at Monterrey. A hard working man, the new governor has already made plans to improve the cattle raising industry in his state and has made definite steps in that direction, Garcia said.

Garcia, a prominent cattle raiser in Texas, is a lifelong friend of Salinas' and owns extensive property near General Bravo, the governor's home city.

Officials of the McAllen Chamber of Commerce were making plans to entertain the governor and his party with a dinner at the Casa de Palmas Hotel on the day of his arrival. Residents, who wish to attend, are asked to make their own reservations for the dinner when the date is announced.

Chamber officials have been planning a delegation to go to Monterrey within the next few weeks to discuss early completion of the Reynosa-Monterrey highway with the governor and members of the state highway commission. Leaders said they might utilize the governor's possible visit for this purpose.

FRUIT PRICES SAID BETTER

Both Florida, Texas Returns Are Up

WESLACO—Both Texas and Florida grapefruit brought better prices on the auction for the week ending October 21, 1939, than for the corresponding week the previous season, according to the weekly report of the Growers Industry Committee.

Texas grapefruit averaged $2.57 per ton as compared to $1.32 the same week last season, but shipments were correspondingly lighter with only 1,203 cars out to date this season as compared with 1,445 last season.

Florida reports are more detailed and show the week's average on regular seedless in standard boxes averaging $2.29 as compared to $1.73 the same week last season, regular seedless in wirebound averaging $2.04 compared to $1.61, Indian River seedless $2.94 compared to $2.43, regular seeded in standard boxes $2.00 compared to $1.40, regular seeded in wirebound boxes $1.67 compared to $1.29 and Indian River seeded $2.07 compared to $1.81.

TEXAS BANKER DIES

CORSICANA, Tex.—(AP)—J. D. Cunningham, 72, retired merchant and banker, died here Saturday.

MARKET FAILS TO DIG AHEAD DESPITE HELP

Lead Stocks Finish On Down Side

NEW YORK — (AP) — Efforts to move ahead proved futile 'n the stock market Saturday and the list drifted downward with some leaders losing fractions to and around two points.

A mild rally at the opening hardly lasted out the first fifteen minutes and gains among the steels, motors and aircrafts were quickly erased and replaced by losses. In the last fifteen minutes of the session prices were battered at bit, but trading was too listless to carry them, except in a few cases, into the black.

Transfers totaled 481,670 shares compared with 535,940 last Saturday.

The Associated Press average of 60 representative stocks declined .2 of a point at 53.1.

Mostly, said brokers, it was discouragement with the type of support offered that caused traders to withdraw and permit the weight of the few offerings in sight to carry quotations below Friday's closing levels.

Company reports of increased earnings for the third quarter acted only in selected cases to boost individual issues, such as a few of the air transportation lines.

Losers included U. S. Steel, Bethlehem, Chrysler, General Motors, Boeing, Douglas Aircraft, Bendix, New York Central, Western Union, Phelps Dodge, International Harvester, Allied Chemical, Johns-Manville, Goodyear, U. S. Rubber and Standard Oil of New Jersey.

Curtiss Wright, on heavy volume, touched a new high for the year and finished ahead. Others to work higher were American Airplanes, Eastern Air Lines, Eastman Kodak and American Can.

TRADES DAY IS PLANNED

Civic Calendar At McAllen Filled

McALLEN — McAllen's civic calendar for the next two months bears four dates of importance to Valley residents.

Beginning with Nov. 16 and 17, McAllen merchants will conduct a Banner Bargains sales campaign, sponsored by the retailers committee of the McAllen Chamber of Commerce.

The annual Valley toy show will be held here Dec. 5 from 7:30 p.m. until 9 a.m. and every Valley child is invited to attend to visit the stores, see the displays with no obligation to buy. The rtailers committee is in charge of this event also.

The annual chamber banquet and election of officers will be held Dec. 14 at the Casa de Palmas Hotel.

As a grand climax, the Business and Professional Women's Club, aided by cooperating churches of the city, will conduct its famous annual religious pageant. Floats depicting Bible scenes, will hold an open house for Valley visitors on the same night.

He was freed on $7,500 security put up by Mrs. Hester G. Huntington, socially prominent.

Catholics Of McAllen To Observe Ceremony

McALLEN — McAllen Catholics will celebrate the Feast of Christ the King Sunday and the closing of Forty Hours Devotion by a religious procession which will leave Sacred Heart Catholic church after the 4 p.m. holy hour service.

An annual custom in the local church, last year the procession was a demonstration of faith made by over 3,000 Catholics, Rev. Father Frank Kilday, O. M. I., pastor, said.

Twenty-five visiting Valley clergymen are expected to be here for the ceremony. Benediction will be sung at three altars situated on the following points: The property of the Guadualupe school, Sixteenth Street and Austin Avenue and the St. Genevieve school.

On the return to the church the official closing of the Forty Hours service which has been going on for two days will be held. A holy hour will be held from 4 p.m. until 5 p.m., Father Kilday said, with sermons given in both Spanish and English.

The Sunday feast day opens a week of religious observance. The feast of All Saints will be celebrated Wednesday with masses at 6:30 a.m., 7:30 a.m. and 8:30 a.m. Nine masses will be read on All Souls Day Thursday starting at 6 a.m. with a high mass at 6:30 a.m. Graves at both Roselawn and La Piedad Cemeteries will be blessed at 3 p.m.

Church Helps Move Surplus Apple Crop

SEATTLE—(AP)—An apple offering will be taken before the Sunday morning service at the First Methodist Church, as part of the campaign to move the state's crop surplus, Rev. Dr. Newton E. Moats announced.

The apples will be sent to the First Methodist Church of Duluth, Minn., whence Doctor Moats was ordered transferred three weeks ago, and will be distributed to parishioners there the following Sunday.

DO YOU KNOW?

THAT bananas do not grow on trees? You naturally think they do, due to the size of the plant, however, the plant is an herb. Therefore, bananas do not grow on trees.

THAT Harry Eagleston, of Harlingen, recently was elected president of the Texas Retail Credit Bureaus, Inc. He was.

THAT there are seventeen places in Harlingen to buy shoes, and that last year they sold 87,273 pairs? It's a fact.

THAT if you can't find what you want at your local store, you CAN find it in Harlingen.

THAT this DO YOU KNOW feature is sponsored by the Merchants Committee of the Harlingen Chamber of Commerce? That's right, and suggestions of odd facts will be appreciated.

Prepare for Winter

The fact that we have not had much cool weather so far this fall does not mean that we will not have cold weather before long. Don't let warm weather now prevent you from being ready for cold weather when it does come.

Check over your heaters and see that they are in condition for use. If any of them should be replaced, or if you need additional heaters to heat your house efficiently, now is the time to select them, and have your new heaters connected, ready for use.

To those of our customers who use Gas only for heat, we suggest that you have your meter set and turned on now so that you will not be inconvenienced when you need heat suddenly.

Remember—when a real norther blows in, it is too late to buy your heaters, or order your meter turned on, unless you do not mind the inconvenience and discomfort of waiting until our service crews can get to your order.

Prepare now for cold weather, and you can laugh at those cold northers in comfort.

Six New Producers Due In Valley's Nine Proven Fields

STEADY PACE CONTINUES IN OIL ACTIVITY

Rincon Field Holds Present Interest

McALLEN — Six new producers were either completed or were making oil in four of the Lower Rio Grande Valley's nine active proven fields Saturday. Development in the proven areas was continuing at the fastest pace of the year.

Most interesting area at the moment is the Rincon field in eastern Starr County, which promises production from several sands in spite of two abandonments offsetting the discovery well.

About 18,700 feet southwest of the field's crude discovery, W. R. Davis and Company, No. B-2 Slick Estate, Survey 52.8 made an estimated 140 barrels of oil daily on 5-32-inch tubing choke with 750 pounds tubing working pressure and 1,400 pounds closed in casing pressure. Production was through perforations (24 shots) at 4,173-79 feet, the upper part of a sand section cored at 4,170-96 feet. The well was not quite clean but gave every indication of being an excellent producer. It was the second crude producer in the field and was finished in the discovery sand, giving the field an extension of nearly three and a half miles to the southwest.

Tests Are Revealed

Davis and Company No. B-3 Slick Estate, Survey 232, about 3,800 feet southwest of discovery, tested salt water on production test through casing perforations (25 shots) at 3,840-46 feet after cementing 7-inch o.d. casing at 4,200 feet. Drillers then set a cement retainer at 3,820 feet and were drilling out cement preparatory to another production test.

Davis and Company No. B-4 Slick Estate, Survey 528, about 19,700 feet southwest of the crude discovery and the field's southern outpost, had spudded and was drilling around 1,000 feet.

Davis and Company No. A-2 Slick Estate, Survey 485, about 2,400 feet southwest of the field's distillate discovery, was rigged up and ready to spud. Location is between the B-2 Slick and the distillate well.

Two Locations Staked

Two new locations were staked in the field and two abandonments, both offsets to the discovery well, were recorded in the Rincon field.

Transwestern Oil Company No. B-1 W. T. Cameron, 990 feet from the west and 1,763 feet from the south lines of Survey 228, about 1,100 feet north of discovery, and Transwestern's No. B-2 W. T. Cameron, 990 feet from the west and 2,440 feet from the south lines of Survey 228, 1,800 fet north of discovery, were the new locations.

Sun Oil Company No. 1 Lyons, southeast corner of Survey 225, west offset to the discovery, was abandoned at 4,773 feet when thin streaks of sand at 4,106-10 feet and 4,303-07 feet failed to show. A south offset, Davis and Company No. A-1 Slick Estate, Survey 229, was abandoned when it made oil and salt water in sand at 3,928-54 feet.

Two new producers, the 38th and 39th in the field, were reported from the Kelsey field in Jim Hogg-Brooks Counties, and two new tests were nearing the sand.

Humble's No. 27 J. C. McGill, 7,000 feet north of discovery and in the southwest part of La Blanca Grant, southwestern Brooks County, guaged 140 barrels daily on 9-64-inch tubing choke with 250 pounds tubing working pressure and 650 pounds closed-in casing pressure from sand at 4,723-27 feet.

Humble's No. 29 McGill, 9,200 feet northeast of discovery and 935 feet north of production, was completed, making 100 barrels daily on quarter-inch tubing choke with 675 pounds tubing working pressure and 900 pounds closed-in casing pressure from sand at 4,718-39 feet. The entire section was cored at 4,709-30 feet.

Tests Near Sand

The new tests nearing the sand were Humble's No. 30 McGill, 8,100 feet northeast of discovery, and Humble's No. 31 McGill, 3,200 feet east of discovery, both inside locations. Both wells were coring past 4,700 feet for the field pay.

Two new locations were Humble's No. 32 J. C. McGill, 8,863 feet north and 5,131 feet east of the southeast corner of the Kelsey-Bass Ranch, and Humble's No. 33 McGill, 9,796 feet north and 1,399 feet east of the southeast corner of the ranch, both locations being in La Blanca Grant, Brooks County.

Another new producer was coming in for Sun Oil Company in its Sun field in northeastern Starr. The No. 3 George H. Speer, Survey 238, an inside location, made oil, salt water and gas on original perforations at 4,966-74 feet and operators squeezed off the perforations and re-perforated with 24 shots at 4,970-74 feet. The well was cleaning steadily on quarter-inch tubing choke and was showing oil and gas with 500 pounds tubing working pressure and closed-in casing pressure of 240 pounds was rising as the well cleaned.

Ready to Spud

Sun's No. A-2 N. R. Montalvo, in the southwest part of Share 9, Los Retaches Grant, 11,500 feet northwest of discovery spud as soon as water line was completed.

In the La Gloria field in southwestern Jim Wells County, four new Magnolia Petroleum Company tests were steadily making hole.

About 3,500 feet north of the field's distillate discovery, Magnolia's No. 1 Hornsby Brothers Lot 5, Block 17, Block 10, La Gloria, was below 3,200 feet.

The field's southern outpost, Magnolia's No. 1 Vivian Rust, lot 14, Block 11, La Gloria, was past 5,260 feet in hard shale. This test is located just inside Brooks County.

Two new shallow producers were completed in the Ricaby field in southern Starr County and another well was added in the El Tanque field.

Bishop and Moss' No. 3 S. B. Ricaby, 600 feet southwest of discovery, west half of Portion 83, Camargo Jurisdiction, pumped seven barrels daily from sand at 1,299-1,301 feet. H. L. Staggs' No. 1 Ricaby, about 1,445 feet south of discovery in Por. 83, was pumping 10 barrels daily, 50 per cent oil, from sand at 1,400-04 feet. These were the fourth and fifth producers in the field.

El Tanque added its 20th producer with completion of W. W. Zimmerman's No. 6 Ben D. Wood, in the center three-sevenths of Por. 84, Camargo Jurisdiction, 1,500 feet south of discovery and the southernmost well in the field. The well pumped 80 barrels daily through casing perforations (20 shots) at 1,708-18 feet.

Big Gasser Completed

Another big gasser was completed at the northeast extremity of the Sullivan City field in western Hidalgo county, the fifth gasser in the field, Rowan and Hope et al's No. 1 V. G. Chapa, Tract 238, Portion 40, Reynosa Jurisdiction, 3,450 feet northeast of discovery and 800 feet east of the nearest gasser, had practically cleaned itself on 3-8-inch tubing choke with 1,320 pounds tubing working pressure and 1,600 pounds closed-in casing pressure. The well apparently had considerable volume, but it had not been guaged. It was not making any appreciable amount of fluid. The gas came through casing perforations (20 shots) at 3,429-31 feet after 5 1-2-inch o. d. casing had been cemented at 3,499 feet. The hole was bottomed at 4,026 feet.

Production test was under way in Fohs Oil Company No. B-1 Mrs. Anna Sheldon, Share 12, Portion 41, Reynosa Jurisdiction, northeast outpost at Shamfordyce. Through casing perforations (30 shots) at 2,863-68 feet, the well finally swabbed salt water after failing to flow. Operators plugged back and re-perforated with 24 shots at 2,860-65 feet and were washing the well in.

Test Is Under Way

Another Sullivan City test was under way in Phillips Petroleum-Fohs Oil No. 1 Ed Sullivan, Tract 245, Portion 40, Reynosa Jurisdiction, about 1,200 feet southwest of discovery. The test was drilling around 2,200 feet.

Three new tests were making hole in the Colorado field in southwestern Jim Hogg County.

Henshaw Brothers No. 3 F. G. Trevino, Survey 38, 7,300 feet north of discovery, was drilling in shale past 1,800 feet, while Humble Oil an' Refining Co. was moving in rig for the No. 2 King Ranch-Colorado, Survey 42, 7,700 feet north of discovery. J. H. Meek, Jr., et al's No. 1 F. G. Trevino, Survey 38, was rigging up to spud immediately.

THREE DEEP WILDCATS UNDER WAY IN VALLEY

McALLEN — Only three deep wildcats were under way in the Lower Rio Grande Valley area Saturday, while a shallow test in Starr County was testing a shallow sand and another was abandoned.

In southeastern Cameron county about seven miles south of Port Isabel, Pure Oil Company No. 2 Gatewood Newberry, Shelton Award Survey, San Martin Grant, ran Schlumberger electrical survey at 8,232 feet and was making hole again below 8,312 feet on a projected 10,000-foot test. The well is a slim-hole operation.

In southern Jim Hogg County, Humble Oil and Refining Company, No. 2 Mestena Oil and Gas Company, southwest part of Palo Blanco Grant, was reported to be drilling in shale below 1,800 feet.

Near the Margo shallow gas field in western Starr, T. E. Stephens No. 1 Ernesto Zamora, Share 67, Por. 72, Mier Jurisdiction, was ready to make drill stem test of sand at 460-415 feet.

Northwest of the Rio Grande City field about one mile, Clopton and Mitchell's No. 1 F. W. Seabury, Share 30-D, Porcion 80, Camargo Jurisdiction, was drilling at 40 feet after spudding. This is a farmout from Sun Oil Company and will go 2,500 feet.

At the eastern edge of the 10,000-acre block originally held by McCollum Exploration and R. E. Harding in what is now known as the McAllen field, a 7,500-foot test got under way this week. Pharr-San Juan Oil Company No. 1 J. C. Kelley Estate, Block 244, Kelley-Pharr Subdivision, Porcion 69, Reynosa Jurisdiction, was drilling at 900 feet. The well is about one mile southeast of Pharr.

Snow Cruiser Tested On Sand Dunes

The sand dunes near Gary, Ind., gave the Antarctic snow cruiser its first test and Dr. Thomas Poulter said the strange buggy performed "far beyond our expectations." The cruiser was being taken to Boston to be shipped from there to the South Polar regions for use on an expedition.

'The Skull' Is Set By Little Theatre

EDINBURG—For the second production of the current season the Little Theatre of the Lower Rio Grande Valley is presenting Monday, November 13, at the Junior College auditorium in Edinburg, the famous English and Broadway success, "The Skull," by the eminent British playwright, Bernard McOwen.

"The Skull" belies its name a bit for it is not a serious tragedy nor a light fantasy but a hilarious mystery comedy packed full of "hair-raising" dramatic moments interspersed with enough irrelevant remarks and histrionic business to shake it out of the category of a drama into that of an "aisle rolling" comedy. Written for British audiences, notorious for their necessity of verbal dynamite to loosen the laughter cord, its appeal to American audiences is terrific.

If you can laugh in a dramatic moment when the Ghost is pursuing the hysterical damsel and is about to throttle her with his bony talons and he stumbles over a chair, then "The Skull" is written especially for you. Or in a serious discussion of the phenomena of the spirit world and you feel the "goose-flesh" creeping up your spine as the seance grows more intense to have some "good sister" blurt out, "I sure don't want the Ghosts of my four husbands to get together and discuss me," then you have an evening of real enjoyment in store.

Rehearsals have been under way for several weeks and Director Paul Moore is very enthusiastic over the prospects of scoring another hit with Valley lovers of dramatic entertainment. "The cast chosen for this production," Moore added, "is one of unusual talent a number of them having appeared in previous Little Theatre successes as well as several new members from the organization."

The cast includes Mrs. Mildred Downs, Pharr; Mrs. Ruth Owings, Tom Handley, J. R. Norvell, Felix McDonald, Darrell Brumley, Edinburg; Mrs. J. Franklin Ewers, Mission; Paul Moore, McAllen; Robert Webber, Weslaco, and Harold Beverly of Mercedes.

NEW MISSION BUILDING SET

Homes, Offices Will Be Erected

MISSION—Building activity in and near Mission centered this week on a garage apartment in Mission, construction of a seven-room residence and on the east highway building of a large office unit at Lindsay Gardens northwest of Mission.

Permits issued by the city of Mission during the week included one to C. O. Papke, for construction of a garage apartment, $1050; to Pedro Alanis, frame building $50, to Hector Garza, $80 for remodeling a residence. The permits brought the total for the week ending October 27 to $1180; for the month $11,060; for the year, $104,655.

Included in the building activity outside the city limits was the construction of a residence for Mr. and Mrs. L. E. Barclift, on their citrus acreage, two and one-half miles east of Mission. The house will be of stucco construction with plastered walls. Seven rooms and three porches are in the plans. The owners have spent the winter in the Valley for the past several years, coming from Oklahoma City, but with the completion of their new home, will remain in the Valley permanently.

Two additional private offices form the construction activity at the Lindsay Gardens development for the use of the Lindsay Gardens Citrus Association and the Lindsay-Niles Products, Incorporated offices. In architectural style, the addition will conform to the present offices of the Lindsay Gardens activities.

Meeting Called

Board Of Directors Of Fair Parley

HARLINGEN — Meeting of the board of directors of the Valley Mid-Winter Fair has been called for Tuesday at 10 a.m., for election of new directors to complete the 15-man board, E. C. Bennet, president, said Saturday.

New secretary of the fair association will be named to replace D. J. Evans, who moved to Houston. Five directors will be elected to augment the present board, composed of Bennet, E. M. Crockett, vice-president, Sidney Kring, manager, Charles Washmon, Paul Lane, L. E. Stiernberg, Harvey Richards, J. L. Head, Van R. Wiggins.

Meeting will be held at the chamber of commerce offices.

McAllen Students To Publish Book

McALLEN— Members of the El Espejo staff, the McAllen Senior High school's year book, were making plans Saturday to proceed with publication of the book following an intensive sales campaign at the school the past week.

As a result of the campaign, a total of 233 books were contracted for, Bill Nolen, business manager, said. Nolen estimated that 300 annuals would probably be sold by March. Don Irwin and Miss Hazel Myers are co-sponsors.

VERBAL BARRAGE DROWNS OUT FIRING ON WEST LINE; FULL ARMED STRENGTH NOT YET LOOSED

By KIRKE L. SIMPSON
Associated Press Staff

The second month of the European war nears its close with the desultory firing on the west front drowned out by the roar of a verbal barrage from Berlin, London and Paris.

The essential fact is that the belligerents have not yet loosed the full power of their armed might. The leaders talk of unspeakable horrors ahead; yet in eight weeks this war is still far short of the actual terrors that marked the war of 1914-19 almost from its first shot.

Prime Minister Chamberlain warned Britain last Thursday that sinkings without warning had again become the accepted practice of German U-boats. Yet the record of several score Allied and neutral ships sunk by Nazi submarines tends to challenge that conclusion. U-boat raiders have appeared many times to take grave chances of their own destruction in an effort to give crews of merchant craft some hope of escape.

They have frequently shelled without warning in an obvious effort to wreck ships' radio communications and cut off calls for help; but rarely torpedoed without advance notice. As for the liner Athenia, first marine casualty of the war, Berlin has officially denied responsibility for that sinking.

Against that two-months background of a war that has been a curiously restrained affair, it is significant that London and Paris express conflicting opinions as to what Germany's next move may be.

French censors have passed repeated news dispatches telling how French scouting planes have seen Germany massing men and guns behind her westwall, in "jump-off" positions for a major attack. Only a "break" in the bad weather along the front was being awaited to set zero hour for that onslaught, according to military opinion in France.

Simultaneously British censors were passing stories describing British experts as confident there would be a winter stalemate on the west front. What the British talked about was a probable Nazi "blitzkreig" in the air, aimed at the British shipping centers.

Berlin put its own "military opinion" guesses through the censorship mill, hinting at an impending German attack more serious than any that has yet marked the war. The suggestion was made that it might take the form of a bombing assault on British army concentrations in France, supplementing intensified air and U-boat operations against the British sea blockade.

Of these three speculative views as to where the German lightning might strike, the Berlin suggestion seems the most logical. The diplomatic and propaganda game which Nazi leadership is playing argues against a major attack soon on the French front. From Chancellor Hitler down, every high-placed Nazi spokesman has been bearing down on the idea that the Fuehrer has no quarrel with France, wants no French territory. Chamberlain characterized this as a futile and stupid Nazi effort to drive a propaganda wedge between England and France.

A major attack on the French portion of the Allied line would make German protestations of friendship a mockery in French ears and tend to wipe out whatever peace sentiment exists in France.

Yet a German attack on British lines in France would be another matter. Just where the junction of the Allied armies may be is not disclosed. There is little doubt, however, that most of the British forces are still out of reach of German attack, except by air. Necessarily the British hold the sea flank and are largely covered by neutral Belgium.

One explanation, then, of French reports of an impending German crash attack on their lines and British insistence that her sea warriors, shipping and seaports will be the target might be the home consumption value of such predictions. Inactive armies grow restless. Winter in the field is unpleasant and prospects of a dull winter of trench duty and training could be dispiriting to the huge army France must keep massed near the long front.

Faced by circumstantial accounts of German preparations for a major attack, that same army would keep more on its toes. Such accounts would be good counter propaganda to the din of Nazi we-have-no-fight-with-France activity.

The British don't have to wonder. They have been told by Berlin that unrelenting attack on Britain as the war maker is Nazi gospel, and Britain holds the sea frontier.

Federal Chiefs Continue War On Boll Worm In Valley

COTTON PEST CONTROL AIM OF PROJECT

Research Is Carried On In Cameron

BROWNSVILLE—Research work to attempt control of the dreaded pink boll worm is being continued unabated by federal entomolgists here.

Recognizing that inspectors must be acquainted with the habits of the cotton pest under all conditions, the U. S. department of agriculture established a research project here in July.

Heading the project is Lorin C. Fife, assistant entomologist of the division of cotton insect investigations, who has been delegated by the Bureau of Entomology and Plant Quarantine to ascertain reactions of the boll worm to Valley habitat.

Assisting him is J. Bonner Wooton, quarantine aide of the pink boll worm division.

Worms Found In Okra

Chief object of the investigations of the research workers is to determine how the pink boll worm maintains itself from one cotton crop to the next, in order that effective methods of control or eradication may be formulated.

Important among findings since a study of Valley conditions was started last July are discoveries of pink boll worms in okra (hibiscus esculentus) and Wild Turk's Cap (malvaviscus drummondii), two plants common to the same botannical family as cotton.

The okra findings led to the addition of new quarantine regulations.

Experimental Plot Developed

Intensive investigations are now being conducted here in order to determine the possible occurrence of the pink boll worm on other plants closely related to cotton.

Scientists contend there are some 40 to 50 species of wild and domesticated plants found in this region which belong to the same botannical family as cotton.

To better study the habitats of the pest, an experimental plot was provided in an area of Cameron County where the percentage of infestation had been found heaviest.

Since it is important to determine whether the pest lives in the soil when no green cotton is growing, many soil samples were taken from the upper layer, washed and screened to determine the presence of larvae.

Fife's Experience Wide

Assistance was given Fife in this work by a number of local men including Charles F. Towns and Douglas C. Early, senior students of entomology at Texas A. and M. Crawford J. Cofer, University of Texas law student, and Arthur N. S. Patrick, Jr.

Also assigned to the research project for a time was J. B. Bailey, an employee of the state department of agriculture.

Fife has had wide experience in pink boll worm work with the bureau of entomology and plant quarantine, having been associated in this type of work for seven years.

Before being stationed here, he saw service with the bureau at Gainesville, Fla.; Presidio, and spent two and one-half years in charge of a government research station in Puerto Rico.

He is the author of several bulletins, and another concerning the work he did in Puerto Rico is now in the process of editing by the department for publication.

Wooton, a graduate of Texas A. and I. College, Kingsville, has been with the bureau since July.

Making possible the renewed war against the pink boll worm were Congressman Richard M. Kleberg, member of the house committee on agriculture, who introduced a bill to provide additional funds; Congressman Milton West and Senator Tom Connolly.

Rock-A-By Firefighter

Rumor Of Gold Find Is Proved Erroneous

BROWNSVILLE — Rumors that gold, and other treasure, have been found in demolishing building on the Buena Vida housing site, were dispelled Saturday by Enrique Valentin, who is in charge of demolition.

"There's no foundation to the rumors," he said. "We didn't find any gold, silver, or anything that could be classed as treasure. And we didn't find any skeletons, either."

Reports of treasure finds have bounced back to Mr. Valentin's ears on several occasions, and he believes the rumors were started originally as a joke.

"One of the workers was probably kidding somebody," he explained. "The rumor was passed from one to another, and each one added something to it."

Plenty of lumber was "found" by Valentin, however. Tearing down the scores of buildings presented a task, but was accomplished to the praise of housing officials here.

Very little of the lumber has remained in Brownsville. It has been shipped to Raymondville, Lyford, Rio Hondo, Weslaco, Harlingen and other Valley communities.

There are only four more houses to be demolished on the site, and Mr. Valentin expects the work to be completed by the end of next week.

He is to start Monday uprooting some of the trees on the site. The majority of the good trees, however, are to be kept for beautification purposes.

Completion of demolition will pave the way for construction of the 152-unit housing project here which will provide modern living conditions for those of low income.

TEXAS' TRUCK LIMIT LOSES FRUIT BUYERS

Customers Are Sent To Florida

McALLEN—"I know of 25 trucks that formerly hauled Texas grapefruit, but due to your 7,000-pound load limit law, they either went out of business or are hauling Florida fruit."

This is the statement made by Emil Michaelson of Hoisington, Kan., who came to McAllen last week to haul fruit regularly to Kansas.

Michaelson said he feared he would not be able to haul fruit profitably, and would likely have to leave town. He was accompanied here by his cousin, August Michaelson.

The truck operator said that before strict enforcement of the truck limit law was begun last year, his town consumed a truck load of fruit from Texas per week, but after that, fruit got so high, that he could sell only a truck load a month. Michaelson declared truckers could easily pay $10 to $15 or more per ton for fruit if they could haul larger loads.

"I honestly believe if we could haul reasonable loads of fruit that Kansas and Nebraska would consume all you raise in Texas, and we could pay whatever the market price is," Michaelson said. He declared Kansas people had become educated to eating grapefruit in the past five years, and they much preferred Texas fruit, but most were too poor to eat it, when it had to be sold as high as a load of only 7,000 pounds made it necessary.

Permits Are Issued In Donna For $5850

DONNA — According to B. W. Wood, city secretary, building permits issued in Donna, since October 1, total $5,850. Of this the new Mortuary for H. T. Stotler accounts for $4,500. In addition to the railroad packing shed occupied by the Donna Citrus Growers, Inc., accounts for $700. A garage apartment at the rear of the home of Rev. Herbert McDermott for $500 and an addition to another residence accounts for the other $150.

CHURCH BUYS ALAMO HOUSE

Club Building Will Be Converted

ALAMO — The reorganized Church of Jesus Christ of Latter Day Saints has completed negotiations for purchase of the old Alamo club house, one-half mile south of here, for conversion into a church.

The lawn is being beautified and other improvements made.

Though the church group has only been active in the Valley a year, they have already doubled their membership. An active women's group meets twice a month and a junior choir has been organized.

Headquarters of the church are at Independence, Mo. Other Texas branches are located at Austin, Houston and San Antonio.

J. E. Wilder of Mercedes is leader of the group. The public is invited to attend morning services at 10 a. m. and evening services at 7:45 p. m. each Sunday.

It'll Never Be The Same Fair Again

NEW YORK—(AP)—Ten thousand (estimated) signatures, scrawled with pencil and lipstick on the dignified plaster feet of George Washington's statue, bore testimony Saturday of the wildest day in the history of the New York World's Fair.

Some 200,000 teen-age kids and younger jam-packed the $155,000,000 exposition Friday, drawn by a special nickel admission price and a free holiday from school.

Like a plague of jitterbug grasshoppers, they swarmed over the Flushing Flats in a crush so great that more than 200 hard-boiled Gotham cops gave up hope of keeping order. Fair officials were forced several times to throw open emergency gates and let thousands of persons in free to save them from being pressed to pulp by shouting throngs behind.

In spite of all precautions, two children suffered broken arms and 70 more were treated for hurts ranging from bruised shins to black eyes. The only adult casualty was a gas meter reader who made the mistake of bending over to read a meter as a group of boys were passing. Their boots spun him head over heels.

Two hundred children were lost.

Several foreign exhibits shut their doors against the horde. Food companies found sample exhibits exhausted early.

In Frank Buck's Jungleland, lions cowered fearfully in their dens. Keepers said some of the monkeys, peppered by thousands of peanuts, had become neurotic. Other keepers said it was only indigestion.

Dozens of windows were broken. Fair officials said the total damage, however, was relatively small.

The verdict of Dr. Harold G. Campbell, superintendent of schools: "I never saw such a group of well-behaved children anywhere."

The verdict of fair officials: "Things will never seem quite the same."

Holds Fruit

Goodwin Refuses To Ship Citrus

McALLEN — That some of the large Valley shippers practice what they preach about the damage done the Valley in selling green fruit was evidenced last week by E. M. Goodwin, Inc., of Mission.

Goodwin wrote a large potential buyer in Canada: "Our marketing season opened about Oct. 5. As yet (the letter was written Oct. 25) we have not begun the harvesting, packing and shipping of our fruit. This is for the reason that we personally do not consider Texas grapefruit to have reached its best juice content and flavor before the middle of November."

The Mission shipper suggested that the Canadian buyer write again about the middle of December when a more definite answer could be given.

The Goodwin Co. owns and controls about 1,000 acres of grapefruit and orange orchards in the Mission area.

Kring Will Address Beeville Fire Boys

HARLINGEN — Sidney Kring, manager of the Harlingen Chamber of Commerce and the Valley Mid-Winter Fair at Harlingen, will serve as master of ceremonies at the annual banquet of the Beeville fire department October 31, according to information here Friday.

Kring was secretary of the Beeville fire department "20 years ago." A number of old-timers who served as volunteers in the department will be present for the 31st anniversary banquet.

POWER CO-OP BUYS OFFICE

Mercedes Pipe Firm Place Acquired

MERCEDES — Confirmation was was made Saturday of the purchase of the property known as the Mercedes Concrete Pipe Company building and warehouse, by the Magic Valley Electric Co-operative, which will be the permanent office quarters. The new quarters, located on Ohio and First street, are being renovated for occupancy within the next week or ten days.

The Mercedes Chamber of Commerce and the city commission assisted the Co-operative in the purchase of the property.

W. D. Want of the Texas Engineering Company of Austin, which has been retained to draw up the plans and specifications for the third unit to be constructed by the Valley Co-operative, has completed his work in the Valley and returned to Austin. Plans will be sent to Washington for approval by the REA office and bids are expected to be opened within the next three weeks. Staking of the third unit for which an additional loan of $115,000 was made recently, is under way, Manager J. E. Wilder said.

Tax Discount Rate To Be Cut Tuesday

BROWNSVILLE—Tuesday will be the deadline for taking advantage of the three per cent discount on 1939-40 tax payments to the Brownsville Independent School District.

If the entire amount of the year's taxes is paid before the end of October, the taxpayer is given a three per cent discount under a new school district arrangement.

Many have taken advantage of the discount with the result that 1939-40 tax payments to the district to date have approximated $24,000.

Taxpayers were urged Saturday by John P. Maher, Jr., secretary of the school board, to make the 1939-40 payments in full before the Tuesday deadline, and receive the discounts.

There will be a two per cent discount available in November if taxpayers make the year's payments in full during the month. There is only a one per cent discount in December.

Taxes can be paid in two half-year installments under another arrangement, but the discount will only be given on the second half, however.

If the first half year's taxes are paid by November 30, the tax payer has until June 30 to pay the second half.

If he pays this second half in March, he will get a three per cent discount on the second half only, a two per cent discount if paid in April and a one per cent if paid in May.

Legion Plans School Armistice Programs

SAN BENITO'S CELEBRATION TO BE LARGE

21 Institutions To Be Visited

SAN BENITO—For the third consecutive year members of Sam Jackson Post No. 111 of the American Legion here will present Armistice Day programs at Cameron county schools, appearing this year at 21 schools, on Monday, Tuesday and Wednesday, November 6, 7 and 8.

Arrangements for the program were made with John F. Barron, Brownsville, county school superintendent, who praised the programs as one of the most constructive methods of building patriotism practiced in the Valley.

Sam Jackson Post is the only Legion post in the United States known to conduct such programs, according to E. O. Seiser, post publicity director.

A typical program for the appearances at the schools is Call to Colors by the bugler; Advance Colors, by Legionnaires, pledge of allegiance to the flag; singing of America" by the assembly; address by a Legionnaire; Retire Colors, by Legionnaires; and Taps, by the bugler.

SPOOK PARTY AT MERCEDES

Annual Hallowe'en Event Monday

MERCEDES—The business section of Texas Avenue including all show windows, will take on the aspect of "Spook-Hollow" here Monday night with all plans completed for the biggest event of the year—the Mercedes annual Hallowe'en Celebration and costume parade.

The Mercedes school band, regarded one of the finest in this section and which will receive the proceeds from the carnival, will head a costume parade of several hundred children from four to 12 years of age, who will vie for the numerous prizes to be given. Members of the city commission, the fire department, and other dignitaries will also parade.

Three women living out of Mercedes have been selected to act as judges for the parade, according to Mrs. Dewey Acker, president of the local Parent-Teacher Association, in charge of this part of the celebration.

Misses Marjorie Schwarz, Dan Atteberry and Irene Schwarz, are candidates for the "Queen of the Carnival," with voting in charge of the pep squad of the Mercedes high school, and sponsored by the sophomore, junior and senior classes of the Mercedes high school. The Business and Professional Women's Club is in charge of the prizes. All civic clubs and many other organizations are co-operating by having concessions.

Earnings Up

Big Firms' Reports Disclose Gains

NEW YORK —(AP)— The nation's number one business barometer—corporation earnings — pointed to "fair weather" Saturday on the basis of 220 companies' reports showing profits 55 per cent greater than a year ago.

The Associated Press compilation of these statements disclosed that in the three months ended September 30, 220 big corporations which had issued reports up to Friday made $233,718,000 net profit, compared with $151,265,000 in the like 1938 quarter.

And the earnings of these same companies in the first nine months of this year were 49 per cent higher than in the like 1938 period —$582,745,000 against $391,173,000.

Produce Association To Advertise Valley

McALLEN — Beauties of the Lower Rio Grande Valley will be lauded in prose in a souvenir program to be issued by the United Fresh Fruit and Vegetable Association of Chicago with the issuance of programs to delegates to the annual business meeting to be held in Houston Jan. 16 to 19.

The magazine article was written last week by the publicity department of the McAllen Chamber of Commerce on the suggestion of I. R. Stahl of Weslaco, member of the national association. The McAllen article in 1,500 words tells the delegates why they should visit the Valley with its extraordinary agricultural set-up before returning to their homes.

Election of officers, plans for the future, and pending business will be disposed of at the short meeting, Ewing said.

U. S. BALLOTS TO BE VIEWED ON SATURDAY

Off-Year Elections Will Be Held

WASHINGTON — (AP) — Off-year elections in more than a dozen states on Tuesday, November 7, may provide first-hand information on how the European war is affecting the American political scene.

Much interest will center on the efforts of strongly-organized groups in California and Ohio to enact constitutional amendments liberalizing old age pension payments.

Political strategists expect to glean from the results of these elections some idea of how rising employment and brightened economic outlook, partly influenced by the prospect of war orders, has affected the widespread demand for increased assistance to the aged. New Jersey's vote on a $21,000,000 bond issue for relief also will be watched on this score.

A mayorality election in Philadelphia, where the Republicans hope to start a snowball rolling down the hill toward the 1940 Presidential race in Pennsylvania, and a mixed-up AFL-CIO affair in San Francisco promise to provide most of the political fireworks for the day. A couple of congressional elections, one in Pennsylvania and the other in New York, also have attracted attention.

Kentucky and Mississippi will elect governors. In Mississippi the voting will be a mere formality, to affirm the choice of Paul B. Johnson, Democrat, as chief executive. In Kentucky, however, Republicans hope to make a showing that will lend them encouragement in 1940.

New York, without a state-wide race for the first time in history because of a new constitutional provision increasing assembly terms from one to two years, will decide whether to amend its constitution to permit pari-mutuel betting to replace "bookies" at the race tracks.

Excited over the "ham and eggs" or "$30 every Thursday" plan, California will vote on a constitutional amendment which would give a pension administrator wide powers over banking and economics.

Aged Brownsville Woman Tours U.S. For 13,000 Miles

BROWNSVILLE — Mrs. C. B. Woods, 75 years old, but young in heart, returned here recently from a 13,000-mile, four month bus trip of the United States.

Traveling alone, Mrs. Woods visited both the International Golden Gate Exposition, San Francisco, and the New York World's Fair.

She paused to chat with friends and relatives in Olean, N. Y.; Denver, Colo.; Chicago, Ill.; Milwaukee, Wis.; El Paso, and scores of other cities.

While in Milwaukee, she met her childhood school teacher at St. Mary's Institute. The teacher, now 100 years old, recognized Mrs. Woods "right off the bat."

Glad to get back to the Valley again, Mrs. Woods asserted there's nothing like "seeing America first."

She is staying here with her daughter, Mrs. C. R. Titus. Mr. Titus is senior pilot for Pan America Airways.

Willacy County Unit Fights Tuberculosis

RAYMONDVILLE — Campaign will be launched in Willacy county under direction of County Health Nurse Laverne Pierce, to combat and prevent spread of tuberculosis, County Judge C. R. Johnson said.

The nurse will be assisted by eight girls supplied through the National Youth Administration project here.

Vines Furniture Store Ready For Cold Wave

Valley furniture and hardware dealers last week went the weather man one better by completing their stocks of gas heaters in anticipation of a cold wave. And sure enough, they were right. One of the unofficial "forecasters" was the Vines Furniture store at McAllen, whose display is shown in photo above. Saturday's cool norther dropped temperatures several points, just as the dealers foresaw.

Bowl Of Rice Party Set For Harlingen

HARLINGEN — Local participation in the Bowl of Rice party plan to aid China's 50,000,000 war refugees will take place Monday, C. L. Brooks, chairman of Harlingen's Chinese charity efforts for the second straight year, announced.

Tom Corso at the C and C Cafe will again allow his place to be used in this effort to help war sufferers, Brooks said, with rice being prepared by a Chinese cook, and chop suey being served throughout the day Monday, beginning at 9 a. m.

Proclamation was issued Saturday by Mayor Hugh Ramsey, calling on citizens to join in the nation-wide humanitarian movement, and proclaiming Monday as Humanity Day.

The Bowl of Rice plan, says Theodore Roosevelt, national chairman, is a humanitarian effort in behalf of innocent and suffering Chinese non-combatant women and children. Brooks pointed out that Chinese, unasked, contributed a large sum for relief of flood sufferers not long ago when floods ravaged a large portion of eastern United States.

Grand total of $171,362.37 was realized from Bowl of Rice parties held in 762 communities in the United States last year according to report by H. D. R. Burgess, national treasurer. Texas, with $3,176.10 contributed, ranked ninth among states in sums given for Chinese relief. Of the total raised in the nation, $85,000 was used for general civilian relief in China, $60,000 for specific relief of women and children, $25,000 for medical supplies and $692.14 for shipping charges on the supplies.

Bruno Schwartz, national campaign manager for the Bowl of Rice parties, points out that the treasurer's report shows these parties are unique in that 100 per cent of all funds received is devoted entirely to Chinese refugees relief. Total of $692.14 remained from last year as a starter for the 1939 relief fund.

General Says Horse Still Plays Important Part In Warfare

MORE POWER SAID NEEDED BY CAVALRY

Men, Officers And Horses Wanted

BALMORHEA—(AP)—Brig. Gen. Kenyon A. Joyce, commander of the First Cavalry Division, declared here Saturday that the horse still plays an important part in warfare.

In a critique reviewing the results of the annual cavalry maneuvers, just completed here, The commander urged that the cavalry division strength be doubled.

"It is evident," he said, "from what we have seen in this maneuver that if a cavalry division is to play its part adequately it must have a single war and peace strength, in order that it may be adequately trained as a team in time of peace and be freed from the ruinous dilution that takes place on the outbreak of war.

"With the receipt of new officers, brand new recruits and untrained remounts, cavalry must be ready to perform its full mission on mobilization day and it must be a trained team with officers fit and ready to go and the only way this can be accomplished is to have but a single strength for peace and war. The present cavalry division strength should be approximately doubled to meet this necessity This increase should be in officers, men and horse.

Vehicles Needed

"To modernize the present division we should have a quota of fighting motor vehicles to supplement our present reconnaissance car and in the matter of armament we should have a battalion of motor-drawn 105-Howitzers to give the division commander an instrument whereby he can influence combat especially with counter battery fires.

"In the matter of smaller weapons, the division should be provided with a quota of 37-mm guns in pack and with facilities for the rapid transportation of hand grenades for close-in combat against a mechanized thrust. The addition of the M 1 semi-automatic rifle, which is not in production and which will be issued to the division in the relatively near future, will augment its small arms fire power and will thereby increase its battle efficiency."

The general's remarks were made to the large group of officers who participated in the maneuvers which saw 6,000 regulars in action, the largest concentration of troops in the country at this time. Included in the group were officers from the Ninth Infantry of the newly streamlined Second Infantry division which was pitted against the horsemen in the last phase of the exercises. The maneuvers were conducted under the direction of General Joyce, who served as chief umpire.

Lessons Were Learned

The general declared that the tactical lessons learned during the maneuvers proved of greatest value. He pointed out that supply and communication were "outstandingly successful."

Battle efficiency of the infantry combat team won high praise from the general. He pointed out that while it was pitted against the cavalry in the maneuvers, in actual warfare the forces would ordinarily supplement one another. The horse still has a definite role in the army, General Joyce explained.

"In any campaign of open warfare time tempo of the advance will probably be a predominant factor and possibly the deciding factor. In such advance into any theatre the air, motor and the horse are preeminent within their respective spheres.

"The air force as we all know furnishes the means for distance reconnaissance and the means for the destruction of rear installation and for the harassment and dispersal of troop concentration.

Horse Given Praise

"On the ground the motor fighting vehicle and the motor transport vehicle make possible strategical mobility that is not obtainable in any other way while the horse make possible actual battle-field or tactical mobility that cannot be matched. These three means of rapid movement augment and supplement the steamroller of war, the infantry, which as all true analysists of war realize is the arm which, plus its artillery support, makes lasting victory possible."

"Reports we have received relative to a recent campaign in Europe which our phrase makers have termed a "lightning war" has demonstrated that the ideal combination to achieve the requisite tempo is that of the mechanized forces to seize the desired terrain and the horse cavalry to follow immediately for the coonsolidating and holding of acquired positions until the permanent infantry holding force can be brought up.

"This combination of the steel spearhead of mechanized fighting vehicles and the horse cavalry is an ideal one for a rapid thrust into enemy territory. Two elements constitute a team that has a manifest role in modern combat and this team supplemented by infantry pushed forward either by complete movement or by foot and shuttle movement will insure success in any except war that is a stalemate."

Observance Set

Program Is Planned For Classrooms

MERCEDES — The Mercedes schools are planning to observe National Education Week, November 5 to 11, Supt. E. H. Poteet, stated Saturday, with special assembly programs, in charge of the Little Theatre of the high school. Simflar programs are being observed throughout the nation, the purpose being to make Americans more conscious of the importance of education and the things the public schools are trying to do.

There is a theme for each day in the week. Sunday, the theme is "The Place of Religion in our Democracy;" Monday, "Education for Self Realization;" Tuesday, "Education for Human Relationship;" Wednesday, "Education for Economic Efficiency;" Thursday, "Education for Civic Responsibility;" Friday, "Cultivating the Love for Learning;" Saturday, "Education for Freedom."

Legionnaires Give Pennant To School

McALLEN— Loyal Service post No. 37 of the American Legion Friday presented the McAllen Senior High school with an American flag, four feet by six feet, at a special assembly.

The presentation was made by Commander Hal Ramsey, assisted by Ike Emery, Albert Chaleff and George Anderson. Principal A. M. Weir, member of the Legion post, accepted the flag on behalf of the school.

"The flag will be flown daily at the southeast corner of the senior high school building," Weir said. "We greatly appreciate the thoughtfulness of the McAllen Legion post.

TWO FINES ASSESSED

McALLEN — Two fines were assessed in McAllen's courts Saturday. Justice if the Peace U. G. Lovejoy fined Robert Dixson of La Feria $1 and costs, pleading guilty to operating a vehicle without a chauffeur's license. City Judge C. D. Martin fined J. C. Martin $1, parking over two hours.

Bonding, Licensing Act Report Is Given

HARLINGEN — Claims, collections and adjustments totaling $60,701.57 were made for citrus fruit and vegetable handlers and growers last season under the bonding and licensing act, according to the annual report recently completed by C. E. McCormick, chief of the bonding and licensing division of the state department of agriculture.

Although this was less than the $94,939.91 collected for growers and shippers the preceding season, there is no way of estimating all the good that was done by the bonding and licensing regulations in preventing fraudulent practices, McCormick said. With these amounts needing to be collected even with a bonding and licensing law, it would be difficult to guess the losses growers and shippers have suffered in past seasons when they had no safeguards. The laws requiring bonding and licensing of all handlers has been in effect for only two seasons.

Of the collections of bad checks, open accounts and other claims this past season, $40,505.39 involved citrus transactions and $20,196.18 involved vegetables deals.

The law benefited shippers as well as growers because it protects the handler as well as the producer, McCormick stated.

Although collections of doubtful accounts totalled less than the previous season, the number of violators was greater. There were 95 individuals and firms who were charged with violations the past season as compared to only 46 the previous season. None of these are eligible to receive new licenses to do business under the act.

McCormick held 32 hearings on charges brought under the act and the local office has a complete file of all truck drivers transacting business under this law, the amounts of fruit transported by each and the destinations.

A list of all licensed and bonded dealers as well as a list of those whose right to do business has been cancelled is attached to McCormick's report.

The bonding and licensing division had a total income of $42,360 during the past season from the following sources: 291 buying agents' identification cards, $291; 879 transporting agent identification cards, $879.61; 61 maximum vegetable licenses, $1,525; 314 maximum fruit licenses, $8,850; 91 combination fruit and vegetable licenses, $2,425; 1,678 minimum fruit licenses, $8,390.

Funds received were not sufficient to employ enough efficient personnel for enforcement and the commissioner of agriculture, J. E. McDonald, authorized all other department of agriculture employes to assist with the work.

Blackjack Is Used In $66 Theft

McALLEN — McAllen city police Saturday were investigating a robbery reported by Chris Cotton, automobile salesman, who said he was relieved of $66 and his wallet Friday night as he sat in the Logan Drye Motor Company office here.

Cotton told police a man hit him over the head with something that felt like a blackjack filled with shot as he sat at his desk in the office. The crack stunned him, Cotton said but did not bruise the skin on his head.

Police investigating immediately Friday night following Cotton's report found the empty wallet in the alley near the building which houses the agency.

The robbed man said he heard someone walking in the building previous to his being assaulted but thought it was a potential customer looking over the new automobiles.

AIR TRAFFIC ON INCREASE INTO LATINS

PAA Lines Reveal Huge Gains

BROWNSVILLE—Air travel between South and Central America and the United States has increased to huge proportions, according to Captain Harold R. Harris, vice president of Pan American-Grace Airways.

"When war broke out in Europe I thought there would certainly be a slump in traffic," Captain Harris declared. "I was sure people would dig in and stay there.

"The result has been completely the reverse, however. In September our line carried 100 per cent more passengers than during the same month last year."

South American importers, cut off from European sources of supply, have placed rush orders for American goods to be delivered by air express.

Air Mail Swells

Similiarly, South American exporters are rushing samples by plane to the United States, hoping to find substitute markets for those lost in Europe by the war.

Industrial firms in South America, he said, are either increasing their staffs, or rushing principal men to key positions by plane.

Diplomatic personnel is being increased, and is sent by air.

Air mail has reached an unprecedented volume.

Tourist Crop Gains

Meanwhile, American tourists, unable to go to Europe, are traveling more and more to South America, an increasing number of them by plane.

Along with Pan American Airways, Pan American-Grace has been approached by the CAA for the study of possibilities of a third weekly service down both coasts of South America.

In anticipation of increases in service, Pan American Grace, he added, has already purchased three new 21-passenger Douglas DC-3 planes to be delivered early next year, in addition to another DC-3 recently delivered.

A Few Figures

How many football fans ever give any thought to the actual offensive work put in by backfield players during a game?

Believing that some figures might be of interest, we will give you the chores of the backs who did the major part of the ball-carrying in the Harlingen-McAllen game at Harlingen last Friday night.

The four regular backs for McAllen were Horton Roberts, Meredith Roberts, Walter Leverman and Pete Karam.

Horton Roberts carried the ball 17 times, gained 49 yards and was thrown for a five-yard loss. Leverman carried 14 times and picked up 45 yards and lost six. Meredith Roberts also carried 14 times, gained 77 yards and lost five yards. Karam gained 50 yards in 14 tries and lost one yard.

For Harlingen, Billy Kincy, Billy Livingston, Billy McDaniel and Frank Witherspoon were the starting backs. Witherspoon carried the ball 16 times and gained 50 yards. Livingston carried seven times for a gain of 24 yards and lost one yard. McDaniel in nine tries gained 40 yards. Kincy did little ball carrying.

Incidentally, in the opinion of the writer, the above figures show why the McAllen Bulldogs are setting the hot pace they are. Each back carries the ball plenty and each appears to know something about ground gaining.

And before someone checks us close, the figures set down here may be a bit incorrect due to the difficulty at times of being absolutely certain of the player carrying the ball. But we believe them near enough correct to give you an idea of the ball-toting work done by the average high school back.

Three Conference Games

For the first time this season Southwest Conference competition will present three conference games on one day next Saturday. Since that is the maximum number of conference games that can be played with seven teams, it would not be an overstatement to say that grid affairs in this section are at the peak.

T. C. U. meets Baylor in Waco, S. M. U. plays Texas in Dallas and Arkansas and A. & M. are matched in Fayetteville.

The Rice Owls make their Broadway debut against Fordham's Rams in New York City. The Rams have not been as invincible as Coach Jim Crowley hoped they would be, but they are still plenty tough. Rice could gain back a lot of lost prestige by taking the Rams before the big-shot sports writers of Gotham.

About the only one of the three conference titles that the fans will predict with any degree of confidence will be the T. C. U.-Baylor affair. The dope says the Bears, but the Frogs, in spite of their worst year in more than a decade, cannot be counted out. The Frog-Bear rivalry is one of the conference's oldest and most virulent, and upsets are no stranger to the record.

What can Arkansas do against A. and M.? Many fans will answer this question promptly with, "Take a licking." Yet the Razorbacks can't be counted out that easily. In top form, they've looked pretty good. But, true enough, in top form the Aggies have looked colossal!

S. M. U. and Texas ought to stage the thriller of the day. Both teams pack a surprising offense which has a way of exploding upon the enemy at most unexpected moments. The Mustangs have had an open date in their schedule and the rest ought to leave them ready to give the homefolks a thrill as they attempt to find an antidote for Dana Bible's bright boy, Jack Crain.

Next Crucial Game

So far as the Valley AA grid race is concerned, the game at McAllen Friday night between the McAllen Bulldogs and Brownsville Eagles is another crucial one.

In fact every game the Bulldogs play against a conference foe can be called crucial.

Valley fans will have their eye on this AA clash and there is an excellent chance that attendance records at McAllen will be broken for just about every grid fan in Brownsville is sure to be there.

Then there will be the Mission-Donna game at Donna Friday night. That one will be crucial so far as Class A is concerned. And plenty of fans will be in the stands at Donna.

VANDERBILT LOSES

NASHVILLE, Tenn.—(AP)—Louisiana State's great forward passing combine, Leo Bird to Ken Kavanaugh, proved too much Saturday for the air-minded Vanderbilt Commodores, the Tigers taking the Southeastern Conference tussle, 12 to 6, before a homecoming crowd of about 10,000.

The elongated Kavanaugh strengthened his bid for national honors by taking a 15-yard toss from Bird and scoring before the game was four minutes old. It was his eighth touchdown this season and his ninth was recorded early in the third period when a 33-yard pass culminated a 70-yard march

Gilly Davis Has Huge Afternoon Scoring Twice

'Nocona Jack' Races 80 Yards

By HARRELL E. LEE

AUSTIN, Tex. — (AP) — Slippery Jack Crain, sophomore back of the year in the Southwest, and his rampaging University of Texas mates rolled along toward the football heights Saturday with a smashing 26-12 victory over the Rice Owls.

The triumph was the Longhorns' first over the Houston eleven since 1933. It enabled the Steers to remain in a tie for the Southwest Conference lead—in sharp contrast to their cellar standing since 1934.

After watching Crain break loose for several long runs near the game's outset, the University of Texas partisans in the stands never had any doubt as to the outcome.

It was not until the third quarter however, that Cowboy Jack reeled off one of his touchdown gallops, this one for 80 yards, and the invaders even then fought back to within two points of the Steers on Ernie Lain's deadly passing.

Aside from Crain's amazing dash from scrimmage, in which virtually every member of the Rice team hit him but could not hold him, the Texas touchdowns were scored on short line thrusts by Pete Layden and Gilly Davis and a 57-yard punt return by Davis. Davis incidentally would have been a regular in this, his last year, but for Crain.

The Owls couldn't punch the sturdy Texas forward wall consistently and their only markers were on Lain passes. They broke a scoreless deadlock in the second period with a 28-yard goal line toss from Big Ernie to end Bob Brandon and tallied in the third with a 10-yard flip from Lain to Doug Tipton, the other starting Rice wingman.

Crain played a little more than half of the fray during which he picked up about 150 yards from scrimmage and got away for a 45-yard punt return.

The Nocona jackrabbit was by no means the whole show for Texas. The Owls concentrated on him and stopped him in the second period but overlooked another sophomore, Noble Doss. Doss turned in a 20-yard run worthy of Crain to plant the ball on the Owl one-foot line, from where Layden, sophomore fullback and passer, plunged it across.

The blow which took all the steam out of the visitors, trying hard after three non-conference losses, was that punt runback of the diminutive Davis. Davis had swell blocking help after he got statrted but he showed plenty of class to break into the open.

Tulane Tramples Ole Miss Rebels

NEW ORLEANS—(AP)—The mighty Tulane Green Wave, featuring Jitterbug Bob Kellogg, turned on the power again Saturday and deluged the University of Mississippi Rebels 18 to 6 before a home-coming crowd of 35,000.

Kellogg, 165 pound halfback from Wynne, Ark., made a strong bid for All-American honors in the first, and third quarters with an electrifying 106-yard dash to a touchdown, and a 24-yard sprint without interference through the entire Ole Miss team for another.

Tulane got a gift touchdown at the end of the fourth when Burton "Buddy" Banker snagged Junior Hovious' long pass on the Rebel 45-yard line and raced past the startled defense for Tulane's third counter.

Hovious, former great high school star of Vicksburg, Miss., playing his first year at halfback for Ole Miss and the shining star of the Rebels saved his team from a shutout almost unaided in the final period.

He raced back the kickoff for 30 yards, and then dropped back to pass. Finding no receiver open he sprinted through Tulane's defense for 26 yards. Hovious then began flinging them right and left. Captain Bill Schneller connected with three that brought the ball to the goal line.

Aggies Turn On Scoring Power To Trim Bears

By FELIX R. McKNIGHT

COLLEGE STATION —(AP)—Runaway Texas A. and M., jolted Baylor to its knees in the first 30 seconds on a stunning break Saturday, then turned on its power to run off with a 20-0 triumph—the sixth in an unbroken chain.

Chunky Herb Smith, an end who stands only five feet, ten inches, literally stole a football game for the Aggies.

On the second play after the opening kickoff he went bouncing in on Sophomore Jack Wilson, Baylor's great back, plucked the ball from his hand as he threw back to pass and rambled 25 yards for a touchdown. It was downright larceny.

The Baylors struggled, and valiantly, but they couldn't recover their stolen property. The "Good Old Baylor Line" that laughed at Aggie running efforts throughout the first half, finally folded by degrees and was leaking badly at the finish.

Over, through and under the Baylors flowed Aggie pass and runs for a net total of 240 yards. The Baylors, hobbled by the giant Aggie line, picked up only 44 net yards by passing and running. Only once did they muscle in on Aggie territory to any great extent, getting to the 13 on Wilson's thrusts and a couple of passes, but the coring punch wasn't there.

The Aggies were more than pleased with the seven points they picked up on Smith's daylight robbery and Walemon Price's conversion when they went in at half-time. Baylor had bounced right back and pushed the issue after that opening break.

But it wasn't a full minute after the second half opened that they found good fortune in their laps again. Fulback Grumbles fumbled on Baylor's 32 and Jim Thomason, the Aggies' great blocking back, recovered.

Big John Kimbrough, the Aggies' All-American fullback candidate, started slicing through the Baylor line, picking up 16 yards. Sophomore Derace Moser skittered around right end on a pretty reverse to the three and Kimbrough bolted over for a touchdown. Price added the point.

The climax to a long third period kicking duel came when Moser suddenly legged around his left end on a wide sweep for a 36-yard gain to the Baylor 35. Marion Pugh pegged a perfect 30-yard pass to end Bill Buchanan on the Baylor 10. Moser, protected by Kimbrough's injurious blocking, first picked up eight then two more on a wide play around end for the touchdown. Robnett's effort at the point sailed wide.

Alabama's Power Downs Maroons

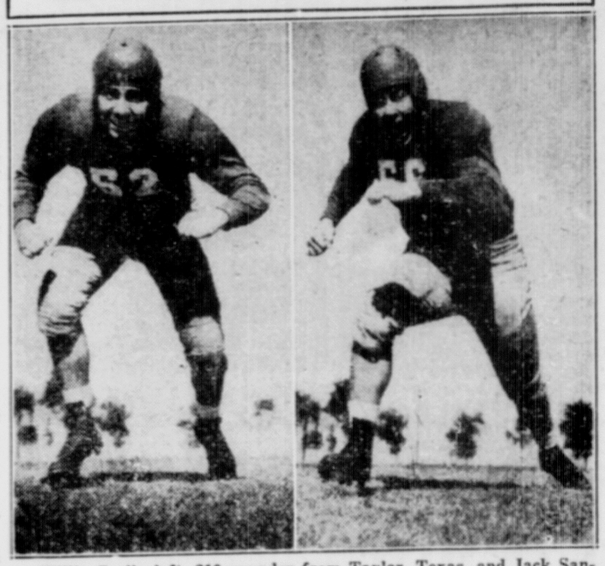

TUSCALOOSA, Ala. —(AP)— Alabama power was too much for a stubborn band of Mississippi State Maroons Saturday and the Crimson Tide won a desperately fought 7 to 0 victory before 16,000 Home Coming Day fans.

The Tide scored on a 30-yard march in the first period, Holt Rast taking a 4-yard pass from Charley Boswell for the touchdown, and big Hayward Sanford trotted on the field and added the point with his usual perfect placement.

The invaders staved off several other Tide threats by desperate battling, but Alabama supporters were given plenty of chills in the closing minutes—once when fleet Jack Nix broke through the right side of Alabama's line and raced 77 yards up the field only to be caught from behind and thrown out of bounds by Jimmy Nelson, and again when the Maroons got first down on the Alabama 33 in the closing minute.

Paced by Nelson and Paul Spencer, line ramming fullback, Alabama drove to the state 22 the first time it gained the ball, and Boswell's 20-yard return of Johnson's punt set the stage for the game's only score a few minutes later.

SENIOR MUSTANG TACKLES

Willie Curik, left, 210-pounder from Taylor, Texas, and Jack Sanders, 220-pounder from Beeville, Texas, are two seniors who will play leading roles in the Southern Methodist University defense this season. Both lads have earned two Varsity letters and are being counted on to be mainstays in the Mustang forward wall again during the 1939 campaign.

Valley Grid Fog Lifting After Battles Last Week

McALLEN — The Rio Grande Valley football fog began to lift a bit following a number of games in both Class AA and Class A conferences the past week-end.

The unbeaten and untied McAllen Bulldogs continued their fast pace by chalking up a 14 to 10 win over the Cardinals at Harlingen Friday night in a game that thrilled a large crowd of grid fans. The Red Birds got off to a flying start, scoring all their points in the first quarter. Billy McDaniel kicked a field goal, the first of the season on a Valley gridiron, and Frank Witherspoon intercepted a Bulldog pass and scampered some 45 yards across the goal, McDaniel kicked the extra point.

The Bulldogs posted their first touchdown in the second period, a pass from Horton Roberts to Archie Fink turning the trick. Horton Roberts kicked the extra point. In the last quarter the Bulldogs recovered a Harlingen fumble on the 11-yard stripe and a series of plays carried the ball to the one-yard line from where Pete Karam crashed over. Horton added a point with a placekick.

The Edinburg Bobcats met the San Benito Greyhounds at Edinburg and the Bobcats came out on the long end of a 20-7 score. All the scoring was confined to the second quarter, Lawrence, scoring one Edinburg touchdown and Mikulik two. Poulos kicked two extra points in three tries. Bone did the scoring for San Benito, posting a touchdown and an extra tally. With the exception of the one quarter, the teams played on fairly even terms.

Turning loose a potent offense, the Brownsville Eagles walloped the Pharr-San Juan-Alamo Bears, 32 to 0, last Thursday night to remain in the unbeaten class. Armstrong, Barnard, Petrarca, Stuart and Reed scored touchdowns for the Eagles and Stuart added the two extra points. The Bears threatened a couple of times but could never develop a scoring punch.

In a surprise attack, the Mission Eagles chalked up their third conference win by trouncing the Weslaco Panthers, 32 to 0, at Mission. Jackson passed to Trdla for Mission's first touchdown and the same combination made the second. Gonzales kicked an extra point after the second touchdown. In the third quarter Trdla again took one of Jackson's passes for a touchdown and a few minutes later, Jackson passed to Gonzales for another six points. Jackson scored the final Mission touchdown on a plunge through center and Pearson added a tally. The Panthers also took to the air but were unable to get their passes to click.

The Donna Redskins took a conference game from the La Feria Lions, 27 to 0, on the Donna gridiron. In the first quarter Cox and Mauldin scored touchdowns for the Indians with Barnesky and Mauldin kicking extra points. Near the end of the third period, Martin passed to Cox for a touchdown and in the final period, Avila raced 65 yards for the last touchdown of the game.

In a non-conference game, the Raymondville Bearkats beat the Rio Honda Bobcats, 13 to 6, at Raymondville. Gilliland scored the first Raymondville touchdown when he took a pass and raced over. In the final quarter, Black scored for Rio Hondo to knot the count but the Bearkats won in the same quarter when Parr went over from the one-yard stripe. The game was hard-fought all the way with the Bobcats throwing a scare into the Bearkats on several occasions.

Yellow Jackets Lose

Rio Grande City visited Edcouch Friday afternoon and won from the Edcouch-Elsa Yellow Jackets, 12 to 6. The Yellow Jackets scored first when Hughes plunged over for a touchdown in the opening quarter. Rio Grande City went into the lead in the third, Rainey running eight and three yards for two touchdowns.

The Mercedes Tigers turned back the Lyford Bulldogs, 20 to 13, at Mercedes. Dalton scored the first Tiger touchdown in the first quarter and Drawe placekicked the extra point. Following a long drive in the third, Drawe went over from the one-yard line and then kicked the point. The Bulldogs scored in the final period when Ross took a Mercedes punt and raced 50 yards to cross the goal. They added a point. A little later Wilson took a Tiger punt and ran 58 yards for a touchdown. The final Mercedes marker came when Hoover intercepted a Lyford lateral and raced over the goal.

Conference games are scheduled in each of the three Valley districts, Brownsville playing McAllen in Class AA, La Feria meeting Weslaco, Mission going against Donna and Mercedes clashing with Raymondville in Class A and Edcouch-Elsa battling Rio Hondo in a Class B affair.

Cornell Upsets Buckeyes 23-14 In Wild Battle

COLUMBUS, O. —(AP)— Cornell spotted Ohio State a pair of touchdowns Saturday, and then showed a dazzling display of gridiron legerdemain to win, 23 to 14, before 49,583 half-frozen fans.

The Ivy League champions, winning their fourth straight contest, butted the Bucks off the road to football fame and rolled up more points than any team has been able to score against Ohio since Francis A. Schmidt became coach here six years ago.

The stunning setback, Ohio's first of the year, came as a decided upset on the heels of Buckeye victories over Missouri, Northwestern and mighty Minnesota.

Ohio started strong, marching 87 yards to a touchdown in the opening period.

The second period was just getting under way when the Bucks grabbed another marker, following an air and ground attack that gained 73 yards. Quarterback Don Scott scooted seven yards for the score, after fumbling the pass from center and appearing trapped far behind the line.

On the first play after the second touchdown, substitute half-back Walter Scholl slipped over his right tackle for 78 yards and a touchdown.

Two minutes after kickoff, Scholl passed to substitute halfback Jack Borhman for the second Cornell touchdown. The play went for 64 yards. Borhman, sneaking behind the Ohio secondary, ran 30 yards unmolested. Tackle Nick Drahos placekicked the extra point, and Ohio clung to a 14-13 edge at the half.

Halfback Harold McCullough set up and then scored Cornell's third and deciding marker. His punt early in the third session died on Ohio's two-yard line, putting the Bucks in a hole. Ohio punted out, but McCullough passed to end Alva Kelly for a first down on the 21. Cornell drove through the line the rest of the way, with McCullough scoring from the three-yard line.

In the middle of the final period, with Cornell thwarting Ohio's aerial attack with interceptions, Drahos booted a perfect place kick from the 12 yard line, clinching the victory. The invaders were on Ohio's 23, going strong, as the game ended.

Villanova Uses One Long Run To Beat Hogs

By GEORGE A. SCOTT

PHILADELPHIA —(AP)— Villanova's Wild Cats shook loose a sophomore speedster by the name of Joe Behot for an 82-yard run to conquer Arkansas University's heavier Razorbacks, 7 to 0, Saturday.

A crowd of 20,000 watched Behot slice through the left side of the Arkansas line, cut back to the right side of the field and outrun a half dozen pursuers to score the game's only touchdown half way through the third quarter. Behot shook off at least two potential tacklers as he broke past the secondary, but by the time he reached the 25-yard stripe he had distanced the entire field.

Except for Behot's run, the edge belonged to the invaders. Villanova outgained the Razorbacks in rushing as a result of Behot's sprint but the visitors beat the Wild Cats at their own passing game by a 90 yard margin and led in total yards gained, 220 to 167.

Arkansas rolled up 10 first downs to three for Villanova.

Twice the Southerners knocked on the touchdown door, but both times their offensive stalled after lengthy marches and passing attacks. Villanova held for downs on its 18 in the second quarter and stopped another drive on its 15 in the final period.

Villanova twice threatened to score in the second quarter. Andy Chisick intercepted Kay Eakin's pass and ran to the 25 to set up the first chance, but Eakin countered by intercepting Nick Basca's pass on his five on the next play. The Cats' aerial attack failed after Paul Stenn recovered Ralph Atwood's fumble on the Arkansas 32 late in the period.

Villanova's only other threat came in the fourth quarter when Tom McMahon intercepted another of Eakin's aerials on the Arkansas 40 and ran to the 25 before he was stopped, but Johnny Freiberger recovered Behot's fumble on the next play to touch off the Razorback's last threat, a 59-yard march to Villanova's 15.

Co-captain Eakin was almost the whole show for Arkansas, completing five of 21 aerials and he outkicked Basca with an average of 41 yards for his eight punts to Basca's 37 in 11 tries.

The starting lineups:

Arkansas	Pos.	Villanova
Britt	Left End	Monaco
Singer	Left Tackle	Stenn
Thorpe	Left Guard	Collins
Cato	Center	Chisick
Simington	Right Guard	Anderson

Javelinas Beat Schreiner 21-14

CORPUS CHRISTI — (AP) — Capitalizing on two fumbles to score twice, Texas A. and I. defeated the Schreiner Institute Mountaineers from Kerrville 21-14 Saturday night. The Javelinas pushed across the winning score in the final quarter after the Cadets twice had come from behind and knotted the count.

Grimes scored from the one-yard line and Dugger added the extra point from placement after A. and I. recovered on a fumble on the Schreiner 17.

The Mountaineers came back and on the first play of the second period quarterback Smith tossed a flat zone pass to halfback Driskell who ran 50 yards unmolested across the goal line. Ellis converted from placement.

A 36-yard third quarter drive brought the Javelinas their next score, made by Mattingly, and Dugger converted.

On the kickoff that followed Blackburn of Schreiner returned the ball from his own 16 to the 30 and then lateraled to J. Judd, reserve back, who raced 70 yards to score. Ellis knotted the score with a placekick.

On the third play of the final period Blackburn fumbled and Evans recovered. The Javelinas then powered their way to the winning tally with Mattingly scoring from the one and Dugger converting again.

Christians Come Up With Victory Over Gentlemen

SHREVEPORT, La.—(AP)—In front by a 7 to 0 score with the game less than two minutes old, the T. C. U. football team ended a season long losing streak at Louisiana Fair Stadium here Saturday afternoon, defeating the Centenary Gentlemen 21 to 0.

The Frogs mixed aerial and running plays to push over one score in each quarter with the exception of the third.

The loss extended to seven the consecutive setbacks suffered by the Gentlemen since the season opened. T. C. U. was in complete control of the game from start to finish, registering a gain of 329 yards on passing and running plays to 97 for Centenary, and was never in serious danger of being scored on.

Connie Sparks started the three-touchdown Frog parade when he stepped into the end zone to receive a 14-yard pass from Cowart after Spud Taylor had covered Centenary's fumbled on the opening kickoff on the 28, and a drive over center with Kring carrying and advanced the play to the 14.

The second Frog touchdown came midway in the second quarter and was made via the aerial route with Herring taking a seven-yard toss from Gillespie in the end zone. Following a scoreless third quarter S. Taylor covered Bynum's fumble on the Centenary 24. Duckworth took three consecutive passes from Cowart to drive 17 yards to the seven-yard line. Three running plays netted T. C. U. five yards and on the fourth down Cowart went through right tackle for a score.

Horner converted the first point after touchdown from placement, and Thompson added the two extra points.

Starting lineups:

T. C. U.	Pos.	Centenary
Sparks	Left End	Teel
Adams	Left Tackle	Partin
Crawford	Left Guard	Mayeaux
Shook	Center	Holloway
Sherrod	Right Guard	Jones
Kerlee	Right Tackle	Allen
Horner	Right End	Olzack
Cowart	Quarterback	Birkesback
Taylor	Left Half	Barrie

Sooners Defeat Farmers 41 To 0

NORMAN, Okla. —(AP)— Oklahoma's undefeated Sooners, picking up speed and power week by week, crushed the Oklahoma Aggies, 41 to 0, here Saturday before a crowd estimated at 28,000.

It took the Big Six champions all of the first period to warm up to their task but once they started rolling, the Aggies were helpless before their slashing ground attack and aerial sharpshooting which rang the touchdown bell six times.

Coach Tom Stidham hurled one team after another against the Missouri Valley Conference leaders and each registered as effectively as the one it replaced, scoring twice in each of the second, third and fourth quarters.

Berryl Clark, senior triple-threater and game captain for the day, was the spearhead of the Soonor regulars, scoring two touchdowns and passing to a third.

The Aggies, with senior center Paul Cochrane and sophomore Sonny Liles showing the way, fought back savagely in the first quarter, but one period of the terrific pounding was all the Farmers could stand.

Too Bad if you're in a hurry, . . .
for here is where you slow up . . . .

If you think you can walk past suits this season as you may have done other seasons, you've another think coming.

Even in the windows, these suits almost put out their arms like a patrol boy stopping traffic. There's something about them that can take a man's mind off a dentist's appointment or an errand for his wife.

It's mannish style at its best . . . a thing men have wanted for years but never found.

You'll stop whatever you're doing if you'll stop in a minute and try a few on.

Fisticuffs Enliven Two Games

By HERB BARKER

NEW YORK—(AP)—Ohio State, Penn and Mississippi slipped off the unbeaten path Saturday but most of the other football powers survived to fight another day.

No previous Saturday of this dizzy season has furnished quite so many fire-works. There were long runs all along the line and fisticuffing in at least two major ball games, both, by coincidence in New York.

Ohio State, hailed as one of the country's greatest machines, fell before unbeaten Cornell's Ivy Leaguers, 23-14, as a crowd of 50,000 looked on at Columbus.

Penn was a victim of North Carolina's brilliant Tar Heels who took advantage of every opportunity and picked up a 20-6 score on the bewildered Quakers. Jim (Sweet) LaLanne threw three touchdown passes and scored himself.

Mississippi's defeat was no particular surprise since the Rebels encountered Tulane's powerful Green Wave. Paced by Bob Kellogg who dashed 106 and 24 yards to touchdown, the Green Wave won 18-6.

The East enjoyed another good day on the intersectional front. Not only did Cornell pull one out of a hat, but New York University stopped Georgia, 14-13, in a game enlivened by some impromptu boxing matches; Villanova whipped Arkansas on Joe Belot's 82 yard run, and crippled Columbia trounced Virginia Military, 26-7, despite a 95-yard run by Both Pritchard.

Irish Win

On the other side of the ledger, however, Notre Dame nipped Carnegie Tech, 7-6, as John McIntyre, center, blocked what might have been the tying point after Carnegie's touchdown.

Clemson, even without the services of Banks McFadden, was too tough for Navy and won, 13-7. While Tom Harmon, running for three touchdowns, paced Michigan to an expected 27-7 rout of Yale. Undefeated Kentucky gave the South another triumph in whipping Xavier of Cincinnati, 21-0.

In the East Fordham took advantage of one big break and scored its first victory over Pittsburgh, 27-13. With the score tied at 13-13 in the fourth quarter and Pitt on the Fordham three, Dick Cassiano's fumble was picked out of the air by Vince Dennery and the Fordham end ran 99 yards to a touchdown. That broke the Panthers' resistance.

Dartmouth, with Bill Hutchinson in the starring role, easily whipped Harvard, 16-0, Princeton ran over Brown, 26-12; Holy Cross buried Colgate, 27-7, and Georgetown protected its unbeaten record with a 7-0 decision over George Washington.

In the South, Louisiana State, Georgia Tech and Alabama all scored Southeastern Conference victories. Louisiana defeated Vanderbilt, 12-6; Georgia Tech came from behind to top Auburn, 7-6, and Alabama held on to defeat Mississippi State, 7-0. Florida whipped Maryland of the Southern Conference, 14-0, while powerful Tennessee's 18th consecutive victory was a routine 17-0 conquest of Mercer.

Duke's Blue Devils barely made the Southern Conference grade against little Wake Forest, winning 6-0 on Wes McAfee's second-period touchdown.

Paul Soper's 74-yard run helped Northwestern trip Illinois, 18-0, while Nile Kinnick tossed three touchdown passes to give Iowa a 19-13 victory over Wisconsin.

Undefeated Nebraska knocked over Kansas State, 25-9, and Missouri tripped Iowa State, 21-6, in Big Six duels, as powerful Oklahoma, taking the day off from conference competion, routed Oklahoma A. and M. 41-0.

Aggies Show Power

Baylor could not cope with Texas A. & M. and the unbeaten, untied Aggies earned an easy 20-0 decision. Texas turned on the heat in the final quarter to whip Rice, 26-12, as Jack Crain dashed 80 yards for one of the scores. Texas Christian finally won a game, trouncing Centenary, 21-0.

Held scoreless during the first half, Southern California's Trojans turned on the heat in the third quarter, piled up 20 points and went on to trounce California, 26-0, in the leading Pacific Coast Conference game of the day. Oregon State remained unbeaten with a 13-0 conquest of Washington State, and UCLA also undefeated, stopped Oregon, 16-6, with the Negro stars, Kenny Washington and Jack Robinson showing the way. Washington upset Stanford, 8-5.

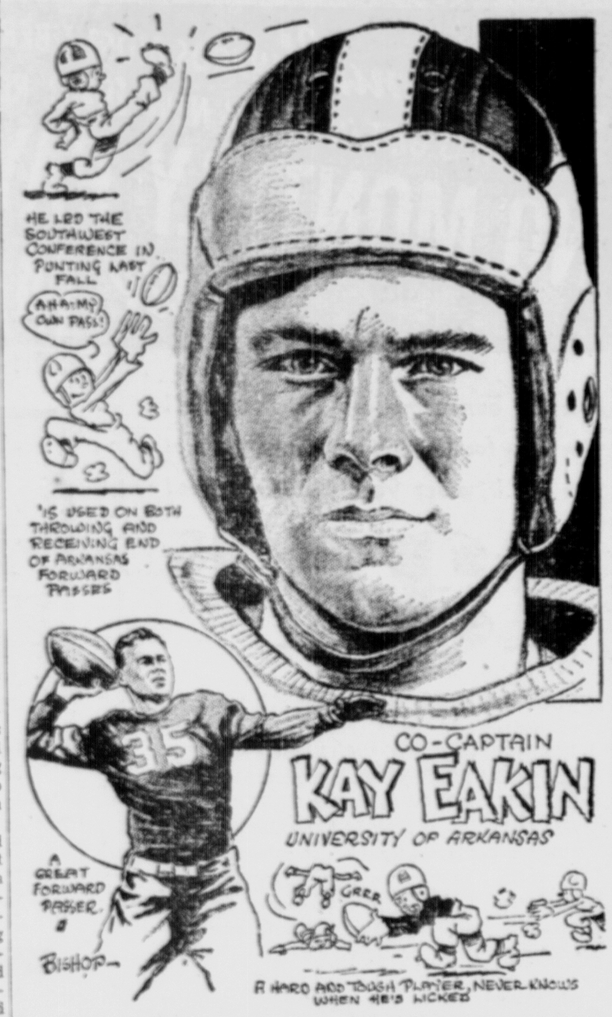

Purdue suffered its second defeat, bowing to Santa Clara 13-6 as the Broncos pushed over the winning touchdown early in the fourth quarter.

Denver surprised in the Mountain States Big Seven by olding favored Utah to a 7-7 draw.

IOWA 19; WISCONSIN 13

MADISON, Wis.—(AP)—Paced by the brilliant Nile Kinnick, who pitched three touchdown passes, the University of Iowa defeated Wisconsin 19 to 13 in a Dads' Day football game witnessed Saturday by 20,000 fans. It was Wisconsin's third start and third defeat in Big Ten Conference competition this season.

Scotch Tournament Carded On Harlingen Links Today

HARLINGEN—Men and women golfers will match shots on the Harlingen course Sunday afternoon beginning at one-thirty, in the October Scotch tournament, the last event of its kind before the championship event in November. Pairings have been made for entrants signed up Saturday afternoon but further entries will be accepted until teeing-off has been completed.

Although the women have been working on new handicaps, so few of them have sufficient scores to allow for figuring handicaps that old handicaps will be used for this tournament. For the November event which is the championship tourney, new handicaps will be used for all players who have them and the old ones for those who have not by that time turned in sufficient scores to receive the new records.

Starting time and pairings are as follows:

Texas College Results

DENTON, Tex.—(AP)—The North Texas State Teachers won a 24-13 victory over Sam Houston Teachers, recent conquerers of the Rice Owls, in a Lone Star Conference game here Friday night.

Nall scored one touchdown and Payne two for the Eagles, with James kicking a field goal. Barfield and Herron chalked up the Sam Houston counters.

COMERCE, Tex.—(AP)—P. K. Rogers raced 38 yards for a touchdown in the final quarter Friday night to give East Texas State a 13-6 victory over Howard Payne.

The score was tied when Rogers made his run. An 18-yard pass from Chris Sunderman to Garland Terrell scored for Howard Payne. Buster Bourland ran 64 yards on a lateral pass for the first East Texas counter.

SAN MARCOS, Tex.—(AP)—Stephen F. Austin defeated Southwest Texas State Teachers 12-6 here Friday night, coming from behind to count touchdowns by Hopson and Yates. The Teachers scored when Lomax ran a punt back 78 yards.

OKLAHOMA CITY—(AP)—A 55-yard march for a touchdown in the first period and a 40-yard run for another counter by Willard Anderson in the fourth brought the Oklahoma City University Goldbugs a 13-0 victory over Sul Ross Teachers of Alpine, Texas, here Friday night.

BROWNWOOD, Tex.—(AP)—A 17-yard pass from Harry Kinkel to Chancey Lockhard gave Trinity University a 7-0 victory Friday night over Daniel Baker.

It was a benefit game for Sam McLaughlin, Daniel Baker athlete, who suffered a broken neck during the spring training season.

LOS ANGELES—(AP)—The Cowboys from Hardin-Simmons College galloped back to Abilene Saturday, stinging from their first football defeat in 11 games.

Loyola University of Los Angeles avenged defeats in 1937 and 1938 at the hands of the Texans by converting an enemy fumble into a touchdown Friday night and winning 6 to 0.

Fourteen thousand saw Hardin-Simmons, undefeated this season but once tied, bow to a lightning attack at the very start of the game.

Within two minutes after the starting whistle the visitors fumbled—and Paul Sargent, Loyola end, captured the ball on the Texas' 30.

Two tries through the Cowboy line by Earl Elsey took the ball to the 20. On the third play Ray O'Doul, Loyola half, passed across the goal to George Toombs.

Fordham's Rams Crush Panthers

NEW YORK—(AP)—All the fury and frustration of three scoreless ties Fordham and Pitt played from 1935-37 burst loose Saturday in a football fight that the Rams captured in the last period 27-13.

It was a violent spectacle full of fumbles, fights, penalties and surprises, and the 36,218 spectators gorged themselves on the feast.

The first half was Pitt's, the Panthers driving 60-yards for a touchdown the first time they got the ball, then scoring again on a pass 25 seconds before the half to lead 13 to 6.

But they were outguessed, outlucked and outplayed in the second half as Fordham tied the count in four minutes of the third period on a pass, and won with great aplomb in the final stanza on a 99-yard touchdown run with a fumble by right end Vice Dennery and another score on a short buck by Dom Principe.

It was a bitter, disheartened Pitt team that finished.

The play which ultimately licked the Panthers, actually and mentally, came on the start of the final period. A clipping penalty had helped Pitt deep into Fordham territory and they drilled right to the one yard line, only to have the ball squirt out of Cassiano's arms and into Dennery's eager hands.

In the minutes that followed the game developed into roughhouse. Steven Sinco and Louis De Filippo were expelled for fist fighting. Two plays later both teams were penalized simultaneously for unnecessary roughness and off sides and thereafter some of the Panthers had a hard time getting up off the ground. On one play two were left stretched unconscious and had to be replaced.

Out of this confusion Fordham pulled its final touchdown.

SANTA CLARA 13; PURDUE 6

SAN FRANCISCO—(AP)—University of Santa Clara came from behind in dramatic fashion Saturday to defeat the Purdue Boilermakers, 13 to 6 in an intersectional football game before a small crowd of 8,000.

Longhorns Trim Cougars 28 To 6

STUART PLACE—Stuart Place Longhorns completed a majority of their passes for long gains and touchdowns in a game of six-man football at Stuart Place Friday and downed El Jardin Cougars 28-6.

Coach Morgan Irwin of El Jardin started the following lineup: Albert Drumright, left end; Carl Wilkerson, center; Lupe Basan, right end; Norval Taylor, quarterback; Jean Crow, halfback; Raymond Margenau, fullback. Orville Jones also saw much service in the game.

El Jardin's remaining conference games will be played against the Santa Rosa Warriors and San Perlita Trojans, Irwin stated.

Sailboat Race Card Set November 11-12

PORT ISABEL—Two days of sailboat races will be held here over Armistice Day week-end by the Laguna Sailing Club, R. W. Pitts, Brownsville, skipper, announced Friday.

There will be three races each day, Saturday and Sunday, November 11 and 12, starting at 3 p. m.

Trophies will be awarded the three high point yachtsmen of the two-day race events Sunday at 7 p. m. at a social meeting of the club here.

Presentation of the trophies will be made by a committee headed by Mayor Ted Hunt of Port Isabel.

Election of Laguna Sailing Club officers will precede the social. There will be a dinner and dance with wives and friends of the yachtsmen invited.

Midget Autos Will Race On Mission Track Today

MISSION — Enough salt to last the average American family 10,000 years, or about 300,000 pounds, is being put on the new topping surface of the American Legion speedway here in preparation for the second big midget auto race program that gets under way at 2:30 p.m. Sunday.

The asphalt top that failed to hold the dust down in last Sunday's race is being covered over with a thick layer of salt and will be thoroughly wet down and rolled with a 40,000-pound roller that will make it hard and smooth and lightning fast for Sunday races.

Already eight of the fastest drivers and cars in the Southwest have signed for the starting signal Sunday. Mel Wainwright of St. Louis who drives the $3,000 Silver Bullet outboard will be on hand with the same car that he drove in the national championship at St. Louis three weeks ago. Cecil Zent of Fort Wayne, Ind., who drives a 180 0-0 V-60 that fires two cylinders at once has also signed on the dotted line to be here Sunday. Cecil has won the feature sweepstake race at Houston for the past two weeks and says that he is anxious to get on the smooth track which has been built at Mission.

Lou Touberville, who boasts of winning $6,000 in the past two months in Oklahoma and Colorado says that he is anxious to see what this Valley money looks like. With the improved track conditions and the fast field of cars that are coming from the north together with the local Valley boys such as Bo Scott of Harlingen and Gordon Sibson of La Feria in Sunday's thrill show should be the very best yet witnessed in the Valley.

Down The Sports Trail

By WHITNEY MARTIN

NEW YORK—(AP)—The Rabbit is loose again, and nobody would be surprised much if he next bobbed up doing anything from managing a team in the Three Eye League to playing shortstop for the 1940 world champions.

He's one of those little guys who goes on forever, is Walter Maranville, who has just been informed that his services as manager of the Albany club no longer will be needed.

This little incident probably won't even scratch the hide of the mighty midget. Broken legs, waivers and other tragedies failed to faze him.

For 24 years he hopped around in the big show, his 5 foot, five inch, 146 pound chassis spitting fire and brimstone, asking no quarter and giving none. He suffered his first broken leg in 1925, and the next year the Dodgers decided he was a relic.

He was waived out of the majors, and dropped to Rochester, but they couldn't keep him down. Before the 1927 season was over he was back in the big show, a regular with the St. Louis Cardinals.

Just when it seemed he would outlast the league, he suffered another broken leg. That was in 1934, and although the bones failed to knit properly and he was forced to undergo four operations, he tried to come back in 1935. He couldn't quite make it, although he did play in 23 games before he finally had to give in to his gnarled old pins.

But he wasn't through yet. He signed as player-manager of the Elmira team in 1936, and went to the Montreal Royals as manager in 1937. He quit that post in the middle of the 1938 season when the Royals went into a tailspin, and this year piloted Albany to fourth place.

Game to the core, the Rabbit, and if he doesn't turn up next year with a pretty fair job everybody will be surprised.

Pros-Amateurs To Play Monday

MISSION — James Hall, golf pro in charge of the Shary Municipal Golf Course at Mission, announces that a pro-amateur sweepstakes will be played at the Mission course Monday afternoon, beginning at one o'clock. Handicaps up to 14 will be placed on players by the handicap committee, so that more entries may be received. The committee is composed of pros Tucker Eowles of McAllen, Walden Haines of Mercedes, Mike Cisneros of Harlingen, and James Hall of Mission.

Hall won the sweepstakes held on the Municipal Golf Course at McAllen last Monday, with a net 77.

First prize in the amateur division went to Morris Wilson of Harlingen who made a gross 76 with a 5 handicap for a net 71. H. Johnson of Harlingen and C. Turner of McAllen split second and third prizes, having tied with a gross 77 each, and a 4 handicap for a net 73.

Other entrants in the sweepstakes were Stephen Hearne, Henry Whittenberg, Jr., Mike Cisneros, B. L. Johnson, H. Whittenberg, Sr., Logan Drye, W. P. McMahan, E. Porter, Roy Lohr, L. C. Ross, C. Reagan, J. Stone, M. Wilson, Sr., J. P. Moore, W. A. Bloidon, and P. S. Ford.

HOLY CROSS 27; COLGATE 7

WORCHESTER, Mass. — (AP) — Flashing a powerful and deceptive attack, Holy Cross ran its victory string over Colgate to five straight Saturday, beating a strong but bewildered Red Raider eleven 27 to 7, before 15,000 at windswept Fittin Field.

Special Train Will Be Used By Eagle Fans

BROWNSVILLE—Round trip excursion railroad tickets from Brownsville to McAllen next Friday night for the Brownsville-McAllen high school conference football game, were placed on sale at eight stores throughout Brownsville Saturday.

The tickets sell for $1 and provide transportation by special Missouri-Pacific train from Brownsville to within two blocks of the football field at McAllen and return.

Leaving the Missouri-Pacific depot at 6 p.m. Friday the special train will arrive in McAllen at 7:30 p.m. The train will leave the Palm City on its return trip a few minutes after the game.

Tickets will be on sale until 6 p.m. Friday, but members of the Brownsville athletic advisory council, sponsors of the special trip, urged that all planning to make the excursion purchase their tickets as early in the week as possible in order to facilitate accommodations.

The Brownsville pep squad and school band is expected to travel via the special train and will lead a parade from the McAllen depot to the stadium.

One of the most crucial games of the entire season, the Palm City gridiron scrap will pit the undefeated Brownsville Eagles against the powerful McAllen Bulldogs, also unbeaten in season play. The game will have a decided bearing on the outcome of the title chase in the southern division of District 16-AA.

Stores at which tickets are on sale are Perl Brothers Fashion, Vandever's Drug, White Kitchen, Bracht's Service Station, Buckingham Service Station, Den-Russ Pharmacy, Tip-o-Tex Chevrolet, and the Jitney Jungle Number One.

DUKE 6; WAKE FOREST 0

DURHAM, N. C.—(AP)—Duke's favored Blue Devils encountered stubborn resistance from an underdog Wake Forest eleven but managed to push across a second-period touchdown for a 6 to 0 victory Saturday.

Sixteen thousand spectators saw the contest.

HARLINGEN

Musicians Of Valley Convene

HARLINGEN—Local committees members of the hostess clubs to the annual convention of Eighth District, Texas Federation of Music Clubs, have completed arrangements for entertaining the approximately 250 expected for the meeting Friday and Saturday. Headquarters for the convention will be the First Methodist Church, where luncheon will be served at the noon hour both November 3 and 4. Mrs. Effie Roe, Alamo, is president.

Reservations for the luncheon should be made by music club members expecting to attend with Mrs. Graham Brittain, social chairman.

Mrs. Charles A. Washmon, president of the Music Lovers Club, is general chairman for the convention arrangements. Arrangements for the junior groups who will be here Saturday are being directed by Mrs. Claud Carter, sponsor for the Junior Music Lovers, and Miss Mary Elizabeth Challes, sponsor for the Treble Clef.

Social highlight of the convention will be the tea honoring state and district officers Friday at five o'clock at the Adams Gardens home of Mrs. R. C. Pryor. All members of senior clubs attending the convention are invited.

The Friday session, planned for senior music clubs, opens at 9 a. m. with a board meeting; registration is scheduled for 9:30 a. m. with call to order for the day to be issued at 10 a. m.

As the convention opens, Mrs. Effie Roe, Alamo, retiring president of Eighth District, will give a report of the state board meeting held in Lufkin October 12-13.

Reports from officers will be received and new officers elected for the coming year. A cup will be given to the club making the best report. Judges will be state officers.

A large number of non-members are expected for the fine arts program to be given at 2 p. m. Friday afternoon. The general session will be resumed at 1:40. The special musical numbers for the fine arts program will be given by members and groups of federated music clubs except selections by Frank Ing, Raymondville.

Registration on Junior Day (Saturday) will be at 10 a. m. During the morning club reports and musical numbers will be presented. Reservations for the luncheon should be made with Miss Mary Elizabeth Challes.

Prizes will be awarded after the fine arts program at the afternoon session and after adjournment a small, informal tea will be held.

Local committees, with Mrs. Washmon as general chairman, are as follows:

Courtesy, Mesdames L. E. Stiernberg, T. D. King, Margaret Curtiss, Charles Huntley, Henry Carlisle.

Special arrangements, Mesdames E. M. Crockett, E. C. Bennett.

Accompanist, Mrs. S. R. Jennings.

Social, Mesdames Graham Brittain, Claud Carter, E. C. Watson, N. A. Davidson.

Decorations Mesdames W. L. Trammell, Al Jones, Crafton Burdette, Stanley Crockett.

Hospitality In Weslaco Is Delightful

WESLACO— Mrs. F. V. Lehman was hostess for a delightful informal courtesy at her home Wednesday when she honored Mrs. Joe Drolet with a going away shower. Yellow cosmos which gave vivid decoration to the home accented the Hallowe'en theme.

Contests afforded entertainment. Afterwards a tray laden with gifts was placed on a table before the honoree.

In the late afternoon pumpkin pie, topped with whipped cream, was served with coffee from a beautifully laid table decorated to further emphasize the seasonal motif. Mrs. Porter Doss presided.

Longtime friends and neighbors of the honoree enjoying the affair were Mesdames P. P. Doss, A. L. Downs, George Boone, Tom William, Ted Snead, J. E. Mitchell, D. A. Cleveland, Maud Stahl, J. Kobeck, L. Laney, J. H. Allen, Josephine Fawcett, W. W. Ludwig, and Miss Vina Johnson.

Pretty Fall Setting Created For Party By Flowers, Foliage

WESLACO — Duranta berries, Chinese hat plant, and bronze bougainvillea effectively represented the autumn motif when Mrs. W. H. Baxter Jr. was hostess to her Thursday Bridge club at her home.

Mrs. Phil Dixon who the high score trophy and Mrs. Phil Dixon Jr. was a guest of the club. The hostess served an appetizing refreshment course.

Paras Return

BROWNSVILLE—Dr. A. W. Para has returned home after attending the two weeks training course for Medical department reservists of the army and navy at the Mayo Foundation, Rochester, Minn. Mrs. Para accompanied him to Rochester. On their return trip they visited relatives and friends in Memphis and Hot Springs.

Valley Salon Meets

MISSION—Discussions of the objectives of the Eight and Forty organization formed the highlight of the meeting this week when Mrs. C. B. Williams was hostess to the Rio Grande Valley Salon of the order.

Painting is both a career and a hobby with Norma Knight, well-known young Harlingen artist, who finds the lights and colors afforded by the panorama of water and palms at the resaca in San Benito furnish just the right composition for a landscape. Mrs. Knight, who is the wife of Bob Knight, has received rather wide recognition for her work, chiefly Valley subjects. She is the president of the recently organized group of active artists in the Valley. (Photo by Holbrook)

Smart Affair Is Climax To Gay Series

McALLEN — Bringing to a climax the series of smart hospitalities preceding the marriage of Miss Adelyn Herman and Charles A. Pagenstecher of Austin, Mr. and Mrs. John T. Lomax, Mr. and Mrs. J. V. Carpenter and Mrs. J. W. Ferguson entertained Saturday night with a cocktail party in the D'Maxey room at the Casa de Palmas hotel. Marriage of the couple will take place at seven o'clock this evening in the garden at the home of the bride's parents, Mr. and Mrs. Percy V. Herman.

Saturday night's affair, which honored members of the bridal party and out of town guests here for the wedding, followed rehearsal for the marriage ceremony. Forming the wedding party with the affianced couple will be Miss Mary Nell Staffell, San Antonio, Miss Verlyn Bonner, McAllen, Miss Louise Herman, New York City, N. Y., Paul Rochs, San Antonio, David Bergin, McAllen and Edward Oppenheimer, Houston.

Beautifully appointed to emphasize a motif of gold, the table was decked with autumn blossoms and laid with a handsome cloth of yellow damask.

After the cocktail period, the guests danced in the Palm Room of the hotel to music furnished by Herman Waldman's orchestra from Dallas.

Hallowe'en Hues Noted In Setting For Bridge Courtesy

SAN BENITO—The Bayview Contract Bridge Club met at the home of Mrs. R. B. McLeaish Thursday afternoon. The home interior presented an attractive theme, with Esperanza and bird of paradise, allies and scorepads bore a Hallowe'en motif.

When scores were counted Mrs. M. U. Caul held high and Miss Gobar second high. At the close of the afternoon pumpkin pie with whipped cream and coffee was served.

Members playing were Mesdames Fred Miller, Lawrence Chapman, Herbert J. Leach, J. G. Williams, Harold Gudmanson, Bob O'Bryan M. U. Caul and Miss Ida Hildreth.

Guest players were Mrs. L. Sigwalt of Chicago, Ill.; Mrs. Chas. Gobar, Mrs. Ed Meyer and Miss Jane Gobar. The next meeting will be at the home of Mrs. J. G. Williams.

Mrs. Cowart Hostess

PPHARR — Hostess Thursday afternoon for a meeting of the East circle of the Baptist Women's Union was Mrs. Joe Cowart. Mrs. E. M. Tanner was appointed benevolence chairman and Mrs. Roy Kenney Jr. publicity chairman. Mrs. J. L. Staples gave the devotional and Mrs. O. M. Jones gave the study, "Winning the Border"

Back From Trip

MISSION — Mr. and Mrs. W. R. Parrish and Mrs. H. E. Evins have returned from an extensive vacation trip to El Paso and points in New Mexico. They visited W. R. Parrish, Jr., in Roswell. Returning, they stopped in Wichita Falls and other north Texas points.

Starting as a hobby Mrs. Harry Pederson's flair for photography has now established her among the Valley's professional camera lovers. The McAllen woman is pictured here hard at work on a peculiarly difficult shot. Highly interested in photographic technique, Mrs. Pederson has received all of her training from her husband, one of the Valley's most prominent and capable photographers.

Mrs. Goodrich, Jr. Honored At Luncheon By Mrs. English

BROWNSVILLE — Mrs. James W. English entertained Thursday honoring Mrs. Emmett K. Goodrich, Jr., at luncheon. Mrs. Goodrich whose home is in Mexico City, is a guest here of her father, William S. West and other relatives.

About fifteen of the honoree's friends made up the guest list for the affair, held in the private dining room of El Jardin hotel.

Centerpiece for the table was especially pretty. Orange and yellow marigolds were combined effectively with autumn leaves.

Vacation In East

MISSION—Messages received this week from friends of Mr. and Mrs. George Speer of Mission tell of their interesting vacation in the east. With their daughter Mrs. Hal C. Farley of Austin, the Mission couple have been stopping for several weeks in New York City. This week, they left there for Boston and plan to go on to the Berkshire Hills for a stay after their visit in Boston. They expect to arrive home by mid-November.

Fall Coffee At McAllen Is Function

McALLEN — McAllen and Upper Valley society was entertained Friday morning with a coffee from 10 a. m. until noon given by Mrs. Harry Kreidler and Mrs. Frank Gilbert at the former's hame.

Keynote of the decorations was a bouquet of bronze chrysanthemums in a crystal bowl which centered the coffee table. The same decorative flowers were used throughout the reception rooms with effect.

About 100 women called during the hours and their smart fall colored frocks and hats made a fashionable picture.

Mrs. Walter K. Campbell poured. Others assisting in the house party were Mrs. Jeanette Pride, Mrs. Kirk Mallory, Mrs. T. G. Cressner of Weslaco, Mrs. Charles Starlin of San Juan, Mrs. Maynard Kreidler, Mrs. Jack Parker, Miss Maynette Kreidler.

White Spirituals To Be Presented In Weslaco Program

WESLACO — A musical program of Valley-wide interest is announced by the Weslaco Music club for Sunday, November 5, when Dean Henry Meyer of Southwestern University, Georgetown, will be presented.

Dean Meyer will give a program featuring "White Spirituals," a form of American folk music he has made a specialty of for several years. The program, which starts at 4 p. m will feature a quartet composed of Dora Patmecky, soprano; Ada Turven, alto; Alvis Yeapes, tenor, Tommye Huston, pianist; and Eleanor Page, accompanist.

Mrs. George Winner

MERCEDES—Mrs. F. R. George received high score trophy at the meeting of the Crystal Bridge club held Wednesday at the home of Mrs. W. R. Hoover. A dainty plate was passed late in the afternoon to Mesdames George, Dewey Ackers, E. O. Farris, H. L. Schmalzried, Harold Rowland, Woody Tullis, T. T. Steer.

Six Pledges Are Installed By Sorority

HARLINGEN — Presentation of the six pledges named to membership in Alpha Theta Chapter, Beta Sigma Phi was followed by their formal initiation Saturday evening at the Reese-Wil-Mond Hotel. The impressive installation service, conducted by candlelight, was in charge of Miss Virginia Hamner, president. Other members of the sorority group participated in the elaborate ritual.

Newly installed members are Misses Marion Williams, Ida Ruth King, Mahalah Hamner, Lillian McInnis, and Juanita Matz, and Mrs. John Lewis Stone.

The sorority colors of gold and black were strikingly represented in decoration of the table where members were seated for the banquet. Yellow roses, the sorority flower, formed the centerpiece.

An informal program was presented after the banquet.

Though Mrs. C. S. Eidman, attractive young Brownsville matron shown below, declares she plays golf with rather more enthusiasm than skill, her average score places her in the brackets with other prominent Valley women golfers. She is shown here on the Brownsville Country Club course where she plays regularly.

Interest of Brownsvillians Centers on Afternoon Party By Mrs. Cox, Mrs. McCormick

BROWNSVILLE — A large party which held the interest of many in Brownsville Friday was the afternoon bridge given by Mrs. Bascom Cox and Mrs. C. E. McCormick at El Jardin hotel.

A Hallowe'en motif was carried out in every detail, with black cats, witches, bats, and grinning jack-olanterns in silhouettes decorating the walls. Crepe paper streamers were festooned at the windows and from the chandeliers, and wall-lamps were covered with cats heads so that the lights glistened weirdly from their eyes. In the center of the room was arranged a tall corn shock with pumpkins laid on the floor around the bottom. At the end of the long room stood a life-sized witch.

Hurricane lamps centered the quartet tables at which guests were seated for the refreshment course, and yellow flowers arranged about the rooms furthered the chosen motif. Accessories for the bridge games and the prize wrappings followed the chosen colors of orange and black.

In the bingo game which preceded bridge, Mrs. O. King Maason was awarded the trophy. Mrs. Ben H. Pabst and Mrs. Fritz Schmidt were awarded first and second prizes in the bridge games. Miss Florence Moore of St. Louis, Missouri, was given the grand slam prize, and the bingo prize at the close of the bridge games went to Mrs. William E. McMahon.

Included in the guest list were Mesdames John Q. Adams of Harlingen, Hugh M. Johnston, Lee T. Adamson, John Jones, Neil Allen, W. R. Jones, Georke K. Aziz, Joseph C. Jordan, H. H. Banker, G. C. Former Valley Woman Wins Foreign Post

McALLEN — Valley friends of Mrs. Etta Ringgold, Hidalgo County Home Demonstration agent for many years, will be happy to learn that she has received an appointment from Washington as home industries specialist for Puerto Rico.

The former Valley woman, who left here in 1932, will sail from New York to take her new position sometime in November.

Hidalgo County acquaintances will remember her special interest in the crafts department. While here scores attended her classes in fine tooled leather work and finishing of animal skins.

The main project under her supervision in Puerto Rico will be instruction in the preparation of native animal skins for commercial use and production of leather articles by the Puerto Ricans as well as instruction in other handcrafts.

Since leaving Hidalgo County Mrs. Ringgold was home demonstration agent in San Saba County for several years which work she discontinued to take care of her father during his last illness. For the past year she has been superintendent of the toy project at Amarillo.

Before leaving for New York City Mrs. Ringgold will spend several days in Little Rock, Ark., and in the University of Tennessee with the home industries specialists at both places. She will also study with the Berea and Penland Weavers before proceeding east.

Gay Carnival Slated For Tuesday Evening At Austin School

HARLINGEN — A typical carnival atmosphere will prevail at the Stephen F. Austin school Tuesday evening but the innumerable goodies offered for sale will be excellent examples of home cookery. The carnival will start at 7 p. m. under the sponsorship of the P.-T.A.

Pies, cakes, coffee, homemade ice cream, popcorn balls, and candied apples on sticks will be among the foods to be sold.

Entertainment will be in keeping with the season, one of the school rooms being made into a "spook room." Music by a band of tiny tots, acrobatics, and other entertainment will be offered.

Return Home

BROWNSVILLE — Mrs. Donald Orason has returned from El Paso where she spent a month with her sister, Mrs. D. M. French, and Mr. French. Returning also is Mrs. Orason's little daughter, Nna, who is home from Washington, D. C. where she has spent several months with her aunt Mrs. Clark Haynes and Mr. Haynes.

Ney Museum Shows Work Valley Artist

RAYMONDVILLE — Opening of a one man show at the Elizabet Ney Museum in Austin today will be marked by a reception honoring the artist, Mrs. George Lochrie of Raymondville. About 25 pictures done in oil, water colors, and pastels will be in Mrs. Lochrie's exhibit which will be on display for a month.

Mrs. Lochrie, who has received considerable recognition in the past several months for her work, became interested in painting through her hobby of china painting a number of years ago in Kansas City She has resided here 16 years.

She studied in Kansas City at the Kansas City Institute and in the Valley under Harry Anthony de Young and Dolly Nabinger and is now a pupil of Eleanore Roth. She left Wednesday with Mrs. Roth for Austin to place the pictures for the opening of the show.

The pictures to be displayed include a variety of subjects such as a still life of heart's delight, typical flower of the Raymondville-Falfurrias area; a coconut palm sunset scene in Florida; yucca, cacti, and other scenes in the Rio Grande country.

Mrs. Lochrie and Mrs. Roth will make a sketching trip from Austin, working in Columbus, Victoria and Rockport before returning to the Valley.

Betty Singer Crowned As School Queen

BROWNSVILLE — Betty Singer was crowned queen of the annual Hallowe'en carnival Friday evening at the Victoria Heights school.

Mrs. Wise Honoree For Dinner Party

BROWNSVILLE — Mrs. Anna Maude Wise was named honor guest for a surprise dinner party Thursday evening when telephone operators of the Southwestern Bell Telephone company here entertained her on the occasion of her twentieth year of service in the company. Mrs. Wise is chief operator here.

The affair was held at Landrum's. At the honoree's place was a pretty corsage of talisman roses presented by the hostesses, and enclosed with the card a gold service pin, given by the company.

A huge bowl of red roses centered the table, and other arrangements of the red roses were used about the room. The table was set with blue glassware, and place cards were in blue with tiny bells of blue. The bell idea was used also in the individual cakes served with the dessert course, each being ornamented with a tiny bell, with the exception of Mrs. Wise's, which was ornamented with a tiny telephone.

At the close of the meal, a gift from those arranging the affair was presented Mrs. Wise, and the group attended the theatre.

Attending were Mrs. Wise, Misses Ruby Harris, Katherine Brown, Hazel Ward, Valorie Jarvis, Mary Whiting, Edna Biggs, Dorothy Caldwell, Mesdames Myrtle Roberts, Lela Conners, Juanita Barton, Effie Sadler, Mabel Penick, and Anita Champion.

Founder's Program Opens Observance Of Missions' Week

McALLEN — Members of the Auxiliary of the First Presbyterian church at McAllen will open their observance of Home Missions Week October 29 to November 5, with a program beginning Tuesday at 7:30 p. m. at the church.

The program will be in charge of those parishioners who helped establish the McAllen church. All members are urged to be presnt. The history and growth of the local church will feature the program presentations.

Additional programs will be presented Wednesday and Thursday evenings at the church. Plans will be announced later, church leaders said.

Sweeneys Are Hosts For Evening Bridge

SAN BENITO—Mr. and Mrs. J. W. Sweeney entertained their bridge club Wednesday night. Following the dinner at the Stonewall Jackson Hotel games of bridge were played at the Sweeney home in Palm Grove.

When scores were counted Mrs. W. B. Hinkly and E. E. Ogden were the successful players.

The club will be entertained in two weeks at the home of Dr. and Mrs. W. J. Vinsant.

Club Meets Of Interest In La Feria

LA FERIA — Miss Margaret Jean Voiers was hostess Thursday evening at her home to members of the Sorosis Club. Topic was the fairy tale of Hans Christian Andersen. Each member answered roll call by naming her favorite fairy story.

Miss Lila Dyer sketched the life of the storyteller, Andersen; Miss Flora Brown gave an interesting talk on "The Empress New Clothes" by Andersen; and Miss Ruth Wyland gave a report of the Valley Federation meeting at Rio Grande City.

The hostess served refreshments to 18 members.

Mrs. J. A. Hawkins was hostess to the Cultura club Thursday afternoon at her home. Each member answered roll call by naming her favorite author and best seller.

Mrs. R. F. Graham gave a review of the book, "My Son, My Son," by Spring. Mrs. J. L. McNail reported the Valley Federation meeting at Rio Grande City.

The hostess served a salad plate to 13.

Dance Event Planned By Little Theatre

McALLEN — Invitations have been issued by the Little Theatre of the Lower Rio Grande Valley to the members of the organization and their guests to an informal dance to be given at the Casa de Palmas in McAllen October 30. This is the first of a series of social activities the group have planned for the season of 1939-40, according to Mrs. E. S. Lammers, Alamo, president of the organization.

Several entertainment numbers are planned for the evening with the motif taken from the group's next production "The Skull" which will be presented at the Junior College auditorium in Edinburg, Monday, November 13.

Reservations have been requested for the dance, either by letter or telephone, to Mrs. Marvin Downs of Pharr.

McAllen Girl Scouts Plan First Court of Awards

McALLEN — Members of McAllen's Girl Scout Troop will hold their first court of awards at the Lincoln School Monday at 8 p. m when 80 badges will be distributed by a member of the local Business and Professional Women's club sponsors of the troop.

Parents and friends of girl scouting are urged to attend the session, Miss Marjorie Dean, leader, said.

Four girls will receive first class badges, 15 second class and a total of 80 distributed for various awards.

Mrs. Jesse Welch Claims Score Award

SAN BENITO—Mrs. R. B. Stewart was hostess to the Thursday Contract Club Thursday afternoon. Pink roses in blue bowls were used in decorating the living room. The dining table was centered by a large bowl of fruit.

When playing ended Mrs. Jesse Welch held high and received a pretty award. At the close of the afternoon a delicious dessert course was served.

Members attending were Mesdames Tol Boswell, Jesse Welch, O. C. Hamilton, Mary Anderson Foehner, E. O. Seiser, A. M. Hervey, Leigh Stanley, Frank Carter, Paul Hill, Flint Harris, Ted Fuller, and one guest Mrs. R. J. East.

This 'N' That

By Minnie Gilbert

WITH the pumpkin factory gobbling up many truckloads of of pumpkins so housewives may get filling for pumpkin pies from cans, prospects aren't too good for an old-fashioned Hallowe'en.

But, then, not many modern children know a real jack-o'-lantern is grown in the field and not purchased in a variety store.

Whether jack-o'-lanterns are store-bought or homemade both the kiddies and their elders need the funmaking that goes with the season that is celebrated in so many different ways.

A LOCALLY observed custom originating in Mexico that has not varied in a generation will be re-enacted this week when hundreds of graves in cemeteries throughout the Valley will blossom forth with artificial flower wreaths.

Observance of El Dia de los Muertos (Day of the Dead) and El Dia de los Ninos (Day of Dead Children), coinciding with Hallowe'en, is attended by many colorful and unusual customs in Mexico. It is not a season for sadness.

In the Valley, day-long pilgrimages to cemeteries are carried out by women and children bearing shiny wreaths for grave decoration.

Current display of the elaborate wreaths in a Raymondville store window is as seasonal as the orange-colored caps and ghost faces in the five and ten.

Our principal regret over the passing of Hallowe'en is the inevitable, "——shopping days 'til Christmas" that will hammer at us for the next several weeks.

QUOTH a Valley radio announcer this week, "We will now give you the latest information about the time." And, after a pause, "It is now exactly 8:15 o'clock."

And a headline that sounds contradictory, until the story has been read, says, "Length of Cotton Staple is Shorter."

NORMA KNIGHT, who knows a thing or two about painting pictures, was grateful for assistance vouchsafed recently by a crusty seaman at Port Isabel.

After studying the sketch she was putting onto canvas near the bayfront one day, the veteran sailor told her, "Lady, that's a pretty ship, but she wont sail."

He obligingly showed her how ropes and other nautical equipment are handled. When the rough sketch was finished he pronounced, "Maybe it don't look like a ship but she'll sure sail."

WINNING the prize for the best cowgril costume, offered in San Benito's Armistice Day parade ought to be a cinch for those Rio Grande City girls owning those beautiful doeskin outfits who served as pages at the convention there Friday. They're the prettiest we've ever seen.

But the judges will be in a dilemma if more than one should be entered; for they are identical except in color.

Brownsville would do well to invite every one of the Rio Grande City girls owning the gorgeous costumes to lend color to Charro Days.

The invitation ought to include the group who danced "Las Cancuas," the colorful welcome ceremony that no visitor of prominence misses in the state of Michoacan.

FROM the viewpoint of an interested outsider, it seems that folk music and dances, as well as costumes, would enhance the picturesque appeal that has made the Brownsville celebration nationally known in two years.

A festival of folk music, to include every type of cowboy ballad, almost forgotten verses used in serenades, and chants and song stories native to remote regions in Mexico and preserved orally for several generations, could be developed as a feature of Charro Days.

For years musicians and collectors of folk songs have combed this section for unpublished folk songs.

As recently as a year ago, John A. Lomax, famous for his collection of cowboy ballads, spent a few weeks in Brownsville, almost incognito, and admitted he was successful in gathering a quantity of interesting material.

It is our humble opinion on a matter that we know nothing about that a festival of folk music would command widespread interest; bring to light almost forgotten melodies worth preserving; and attract composers and collectors of the calibre of Mr. Lomax and Dean Henry Meyer of Georgetown, whose specialty is white spirituals.

ESCAPE of Winnie Ruth Judd from the Arizona penitentiary didn't cause too much regret on the part of beauty parlor operators in Phoenix, if the situation prevailing there several months ago has not changed.

The fact that a beauty parlor in the state prison operated by the famous convicted murderess was open to tourists was held by owners of regular beauty shops in Phoenix to be damaging to their business.

Transient tourists would patronize the Judd place in order to tell about the experience to friends at home and would mention it to other tourists in or going to Phoenix, these operators asserted in making a joint protest about a year ago.

IF you're wondering what the rank and file in Germany are thinking about the war and Hitler—read Frances Waln's "Reaching for the Stars." She makes understandable a docility astounding from our democratic viewpoint.

ABOUT the synthetic hose mentioned in this column last Sunday, Mary Sue Nartage, attractive new home demonstration agent for Willacy County, has the only pair we know of in the Valley.

She likes them.

But they will not be available in stores until tests being made by wearers over the entire country have been completed

McAllen's Junior Service Leaguers Tackle New Project

That being a member of the Junior Service League of McAllen is not all planning dances and the nicer social affairs for the benefit of the needy is aptly shown here when four of the members were snapped as they started work on their latest project, a community house for the benefit of the city's underprivileged girls. Seated at left resting for a little pre-work discussion in front of the house are left to right, Mrs. Frank Brady, Mrs. Octavio Garcia, Mrs. Joe LeBow and Mrs. J. C. Anderson. In the big middle of the work the same group is pictured at the right wielding mops, brooms and rags cleaning up the house in preparation for its opening Saturday morning, Nov. 4. Classes will begin November 11, between the hours of nine and 11:30 a. m. The house is open to underprivileged girls between the ages of seven and 17 years.

Benefit Set Saturday By DuBois-Hite

BROWNSVILLE — The DuBois-Hite chapter of the N. S. D. A. R. will sponsor a benefit bridge Saturday, November 4 at 2:30 o'clock at the Chamber of Commerce building.

General chairman of the event is Mrs. Milton H. West, with other members of her committee being Mrs. J. S. Ford, Mrs. W. B. Meredith, Mrs. G. N. Bogel and Mrs. W. B. Sudlow. Tickets are being sold at twenty-five cents apiece.

Funds from the affair will be used in several projects of the chapter. One of these is the chapter's part in sharing expenses of a Texas DAR project, and another is awards to two local students.

The Texas project, adopted by the spring conference of Texas DAR chapters, is the establishment of a museum which will show models of all governors' and presidents' wives of Texas. The models or statues will be shown in their inaugural costumes.

The museum will be housed at the Texas State College for Women at Denton, which has offered space and will be dedicated at the spring conference of Texas chapter's in 1940.

The students awards are five dollar bills which go annually to the senior student making highest grades in history, and to the girl making highest averages in home economics.

Friday Hospitality Arranged For Club

WESLACO — A lovely afternoon courtesy honored the Friday bridge club when Mrs. M. L. David was hostess at her home.

The living rooms were gay with various bright flowers with roses and zinnias predominating.

Decorated Hallowe'en plates, were passed to Mesdames L. R. Clifford, C. Davenport, T. J. Rippert of Mercedes, W. A. Dorman, George Harren, W. A. Brunton, George Godfrey, Clifford Scott, Fred Pepper, Dick Cotton, Marvin Farley and John Wood.

Prettily Appointed Bridge Is Surprise Compliment To Mrs. W. F. Brackmeyer

HARLINGEN—Mrs. W. F. Brackmeyer was honor guest Thursday afternoon for a bridge party arranged by Mrs. Jimmy Golaz at her home, 922 N. First Street, as a compliment on her birthday anniversary. The affair was a complete surprise to Mrs. Brackmeyer who was showered with personal gifts from the group.

Yellow and orange hues, emblematic of the Hallowe'en season, predominated in the floral arrangements and in appointments for the games of bridge.

Trophy for high score went to Mrs. Joe Muse; Mrs. Cullen Riley received the souvenir for second high; the travel prize went to Mrs. H. C. Alridge, San Benito.

Individual tarts, decorated with birthday candles, were served with other ainties in the late afternoon. Guests for the tea hour were Mesdames J. E. Fox, J. H. Powell, and L. B. Sherman.

Other guests for the afternoon included the honoree, her mother, Mrs. Ethel Lloyd, and Mesdames Cullen Riley, R. L. Wood, Marion De Barbrius, Fred Salas, Ed Wilson Joe Muse, and R. L. Wood, Harlingen; and Mesdames H. C. Aldridge, Glen Goolsby, Earl Welch, and A. R. Motheral, San Benito.

Stuart Place Club Group Entertained

HARLINGEN—Mrs. J. W. Mayfield entertained the Stuart Place Home Demonstration Club Thursday afternoon at her home. Achievements were reported by members in answering roll call.

Plans were completed for the Guest Day November 9.

Mrs. J. H. Ingram and Mrs. Paul Davies discussed safety precautions in the home and a round table discussion followed.

Claiming special interest during the afternoon was the hostess' collection of pitchers which were displayed on a table. Collecting pitchers is Mrs. Mayfield's hobby.

Four new members were welcomed into the club were Mesdames C. E. Chittenden, J. C. Miller, Jesse Ringham, and Miss Josephine Caddell. Mrs. L. A. Carey was a visitor.

Members present were Mesdames A. T. Withers, Paul Davies, R. C. Carey, Filbert Engelbrecht, Emma Throckmorton, A. Haynes, Burt Haynes, J. J. Garrett, W. L. Medley, J. H. Ingram, E. M. Vencill, Collom, Ralph Caddell, Perry Brown, and Perkins. The hostess served pleasing refreshments.

Leaders for Pan-Hellenic Group

The attractive Hallowe'en table that drew exclamations of pleasure from members arriving Saturday for the Valley Pan-Hellenic luncheon at the Reese-Wil-Mond Hotel was the handiwork of Miss Louise Hill, Harlingen, president (left), and Mrs. John Lockhart, Harlingen and Refugio, secretary (right.) M'Allen Sorority Initiates

McALLEN — Three McAllen girls officially became Beta Sigma Phi sorority members Friday night when the group met for an initiation dinner in the D'Maxey Room of the Casa de Palmas hotel.

The dinner climaxed several large social functions which have honored pledges, Marilee Timlin, Verlynn Boner and Mrs. Lela Hallock Lee since they signified their intentions of joining the sorority. Closing event of the rushing season will be a masquerade Tuesday at 9 p. m. at Legion Hall. Members and their friends will be special guests.

The local sorority will also attend the final pledge entertainment Valley-wide in scope, to be given Nov. 5 in Harlingen when that city's chapter with McAllen and Brownsville will assemble for a picnic.

The dinner Friday was served by candlelight from a table whose focal point was a large centerpiece of talisman roses, the sorority's flower. From the center, flanked by yellow candles in silver holders, strands of fern were extended to each place.

The initiation ceremonies followed dinner, conducted in the candlelight by Miss Jane McFather, vice president, with Mrs. Jack Doherty and Mrs. Fred Ohle assisting. President Jari Nelson, who has been vacationing in San Antonio, arrived late Friday night from that city.

Members present were Misses Virginia Bonner, Dorothy Redmon Dorothy Allsen, Ruby Maddox, Laurene Lawrence, Mrs. DeWitt Haden Jr., Mrs. Paul Hallock, Mrs. Jack Doherty and Mrs. Fred Ohls.

Valleyite Publishes Book Poetry

BY LUCY WALLACE

MISSION—An attractive book of poetry published this month in Dallas claims wide interest throughout the Valley—not only because of the affection which the author, Mrs. Adele Hart Brown of Mission, holds for hundreds of friends but because of the content of the book.

In the volume, which has been titled "Yamparika" are, many poems that reflect the life of the author in the Valley.

Mrs. Brown is a member of large number of poetry and writers societies and organizations and she was a pioneer club woman in Texas and Oklahoma, where she held many state and district federation offices.

Mrs. Brown has dedicated her volume to children and grandchildren. She has three sons and a daughter. One of the poems is titled "My Three Boys." One son, Leon H. Brown, lives here and it is with him and Mrs. Brown that the writer spends a great deal of time. At present, she is in California for an extended stay with her daughter.

Valleyites At Baylor Re-Organize

WACO—Jack Tebbe, Harlingen, was elected president when the Rio Grande Valley Club at Baylor University, held the opening meeting of the year. The club is one of the largest sectional groups on the campus. Functions for the year were planned.

Officers are Jack Tebbe, president; Betty Burkhart, Alamo, vice president; and M. K. Betts, Weslaco secretary-treasurer.

Senior members in attendance were Miss Jane Andrews, Brownsville; Miss Betty Burkhart, Alamo; Marion Busby, Tom Carpenter Ronald Graham and Miss Ruth Jones, all of Weslaco; Theron Kirk of Santa Rosa, Jack F. Tebbe of Harlingen, and Miss Martha Webb of Donna.

Juniors attending were: Miss Julia Botts and Ruth Townsend of Harlingen; Misses Virginia Ann Prizzell, McAllen; Billie Hanna Brownsville; Ann Tandy, Brownsville; Odell Whitton, Brownsville, and C. H. Hamilton, Harlingen.

Sophomores—M. K. Betts, Paul Hollinger and Misses Esther Culver, and Dorothy Carpenter, all of Weslaco. Vernon Kirk, Santa Rosa; Arthur Howell and Eugene Stack Harlingen.

Freshmen, Gene Atteberry, Mercedes; Lucille Chandler, Maydune King, Billie Marion Parks, Le Loie Williams, Weslaco; Travis Osborn and Janette Whitney, Brownsville and Genevieve Mauldin, Harlingen.

Gene Atteberry of Mercedes is making a strong bid for a starting position on the Baylor freshman football team.

The Baylor Golden Wave Band of which Professor E. M. McCracken is leader includes 11 students from Weslaco. The band has three assistant leaders, all Valley youths. They are Marion Busby and Tom Carpenter of Weslaco, and Theron Kirk of Santa Rosa. Professor McCracken is also sponsor of the R. G. V. club.

C. H. Hamilton has recently been appointed junior councilor of Brooks Hall, the men's dormitory. Jack Tebbe of Harlingen, is serving his second year as assistant instructor in the geology department.

Betty Burkhart of Alamo has been elected a candidate by the senior class to represent them in the Baylor beauty contest.

The R. G. V. club is planning a Mexican supper in the near future and other activities have been scheduled during the year.

Miss Anna Mae Riggan, Weds Granville L. Edwards In Simple Wedding Ceremony

McALLEN—Marked by impressive simplicity, a wedding ceremony read Thursday afternoon in McAllen, united in marriage Miss Anna Mae Riggan, daughter of Mr. and Mrs. J. J. Riggan, Ware Road, and Granville Lee Edwards, son of Mr. and Mrs. T. W. Edwards of Kaufman. The ceremony was read in the study of the First Presbyterian Church of McAllen with the pastor, the Rev. J. W. Hassell, officiating. Only witnssses were members of the family and close friends.

For her wedding costume, the bride chose a fall frock of grape velvet with crisp white lace collar and cuffs. The style of the dress featured the new bustle effect in the back. Her accessories were black. On her shoulder, she wore a corsage of white rosebuds.

Mrs. Wanda Rylander, cousin of the bride, and her only attendant, wore a green crepe frock with brown accessories, and a corsage of pink and white rosebuds. Bob Melton, McAllen, served the groom as best man.

A small reception at the home of the bride's parents followed the ceremony. Decorations about the home featured roses in shades of pink, arranged effectively in attractive vases. The bride cut the first slice of her wedding cake, a beautifully embossed confection which was served with punch.

Later, Mr. and Mrs. Edwards left for a wedding trip to Austin and points in East Texas. For her travel suit, the bride wore a light weight wool ensemble of grey and blue. They will return early next week to be at home in Mission.

The bride was graduated from Mary-Hardin Baylor College, Belton, last spring. Mr. Edwards attended Centenary College, Shreveport.

Out of Valley guests for the wedding were the bride's sister, Mrs. Ted Woodroof, and Mr. Woodroof, of Austin.

Al Volz Home Is Setting For Parties

MISSION—The Al Volz home was the scene of two interesting hospitalities Wednesday afternoon and evening when members of two bridge clubs formed the guest personnel.

Mrs. Volz chose bouquets of flowers in yellow tints to give seasonal emphasis to the background of the playing rooms.

Guests in the afternoon were members of the Mardi Bridge Club. Mrs. J. F. Tanner received the high score honors for the game series. Other players were Mesdames Eugene Walthall, A. C. McHenry, and A. J. Shary, out of club guests; and Mesdames J. D. Lockhart, William Massey, Raymond Klapperich S. A. McHenry, and M. W. Boger, club members. After the games Mrs. Volz served a salad course.

In the evening, Mr. and Mrs. Volz entertained the Ace-Hi Bridge Club. Mrs. T. R. Burnett was an out of club guest and with Mrs. Ollen Rome, won high honors. Others in the playing group were Messrs. and Mesdames V. H. Glasgow, W. O. Brown, G. F. Dohrn, A. C. McHenry, and the hosts. Sandwiches and sweets were served after the games.

Program For Study Club Noteworthy

HARLINGEN — Two program features of exceptional interest made the Thursday meeting of The Study Club notable for the entire year. Mrs. C. L. Joyner, a guest fascinated the group with her impressions of life in China and Mrs J. N. Crawford added another to her series of brilliant reviews with her short presentation of Presmasn Taylor's "Address Unknown."

Mrs. Joyner's description of the woman's club she belonged to in Tientsen where she was stationed was of special interest, 17 different nationalities being represented. Preparation of programs was easy because of the variety in nationalities and the abundance of visiting celebrities, she said.

No German women accepted the invitations to membership in the club, though they had their own organization, the speaker said. The German men, she reported, are more progressive belonging to Rotary and other groups.

Japan's starvation tactics were commented upon briefly, it being Mrs. Joyner's opinion that the Japanese, stalemated in their conquest of China, are facing possibility of national suicide rather than to admit defeat.

Mrs. Joyner delightfully played an arrangement of Schubert's "Marche Militaire" and "Hark, Hark the Lark."

Mrs. Crawford's cryptic style that has made her a favorite reviewer with Valley audiences was especially effective in her presentation of the almost epic "Address Unknown" which is made up of only 19 letters and one cablegram. The author is the mother of three children.

Couple Is Honored By Farewell Event

MISSION —A farewell gesture which expressed a gracious sentiment was extended to Rev. and Mrs. T. N. Barton Wednesday evening when members of their congregation in the Methodist church entertained with a farewell courtesy before they left for their new home in San Antonio. Setting for the event was the church parlors, bautifully decorated for the occasion.

R. R. Sheeler, chairman of the board of stewards of the church, was master of ceremonies for the informal program presented during the evening. Hostesses for the event were members of the W. M. S. of the church. Refreshments were served to the 70 guests after the program.

At tea time, the hostess served a salad course.

Popular Valleyite to Wed

T. C. Barber, of Brownsville and Mesa, Ariz., announces the engagement and approaching marriage of his daughter, Miss Charlotte Barber, to J. B. Secrest, of Brownsville, son of Mrs. Alice Secrest, of Laredo. The nuptials will be celebrated in a quiet home ceremony December 24. Miss Barber is shown above in the gown she wore at the evening reception at which her sister, Mrs. Charles Bracht and Mr. Bracht entertained. (Staff Photo)

Nuptials for Miss Barber, J. B. Secrest Announced At Large Reception by Brachts

BROWNSVILLE — The engagement and approaching marriage of Miss Charlotte Barber, daughter of T. C. Barber of Brownsville, and Mesa, Arizona, to J. B. Secrest, of Brownsville, son of Mrs. Alice Secrest of Laredo, was announced at a delightful at home Thursday evening when Mr. and Mrs. Charles Bracht were hosts.

Mr. and Mrs. Bracht were hosts between the hours of 8 and 10 o'clock in the evening. Receiving were the hostess's sister, Miss Barber, Mr. Secrest, and Mr. Bracht.

The honoree was especially lovely in a gown of white chiffon, the fulled bodice being caught at the waist with velvet ribbons of deep red, and with the fulled skirt being banded with the same ribbon. The ribbon also outlined the strapless decolletage, and narrower ribbons of the same shade tied the ranunculi in matching tones which Miss Barber wore as a necklace.

Mrs. Bracht was very handsome in a gown of deep purple velvet, made on long lines, with draped neckline and long sleeves. Her corsage was of rosebuds in chartreuse tones.

About the rooms were graceful arrangements of chrysanthemums in the harvest colors. In the dining room, the bronze and yellow blooms, combined with autumn leaves set in a pumpkin shell centered the lace-laid table. Smaller pumpkin shells held the four yellow tapers which flanked the center arrangement. On the sideboard was arranged a cornucopia of the chosen blooms and autumn fruits.

Presiding at the table were Mrs. Thurman A. Kinder, Jr., handsome in black chiffon with gold tracery with a yellow rosebud corsage, and Mrs. Bill Barber, who was pretty in black taffeta with a corsage of red roses.

Assisting in the dining room were Mrs. G. E. Lauver, who wore deep blue velvet with a corsage in pink tones; Mrs. W. A. Putegnat, in black taffeta with corsage of red gladioli, and Mrs. Harvey Nuckols, white satin with a corsage of deep rose blossoms.

In the living room were Miss Natalie Haller of McAllen, in turquoise blue taffeta with a stripe of silver with a corsage of pink rosebuds; Miss Mary Dutro, green taffeta with a rose corsage.

Presiding at the bride's book, a handsomely bound book in white leather, was Miss Laurita Grider, especially attractive in an old-fashioned gown made with fulled skirt of black moire, with a fitted basque of gold and black taffeta. Her corsage was of pale yellow gladioli.

Mrs. John Dutro in black chiffon, with a corsage of deep red ranunculi, was in charge of the announcements. These were match slips in white, with the name "Charlotte—J. B." lettered in gold down each side, and the inscription "It's a Match, December 24, 1939" written in gold also across the clip.

Invited guests included Messrs. and Mesdames James Pace, W. A. Putegnat, Wiley K. Poston of San Benito, Ray Phippe, Troy Porter, C. L. Robinson, A. V. Smith, Jack Stanley, R. L. Girl Reserves Are Honored With Supper

WESLACO — Weslaco Girl Reserves were honored by their mothers in a prettily appointed covered dish supper Thursday evening in the Methodist Church. The Girl Reserve colors were emphasized by arrangements of blue plumbago in white containers. Centerpiece for the table was a triangle of the chosen flowers and the cakes were triangles iced in white.

A business meeting was held by the girls with Alice Myers, president, in charge. Mary Louise Gunther was in charge of the program. Betty Compere led the singing; Mrs. Frank Yoder gave a talk; and Mrs. L. E. Ramson and daughter, Virginia, sang as a duet, "Luxembourg Gardens." The informal social hour was in charge of Grace Dixon.

Miss Doris Thompson is Reserve sponsor and Mrs. Frank Yoder and Mrs. L. F. Milliken are mother sponsors for the high school.

Seventy-five attended the delightful affair.

BACK FROM DETROIT

DONNA — Mrs. Fred Apfel and family returned from a visit to Detroit, Michigan, on Wednesday afternoon. Mrs. Apfel visited with her parents.

Club Events In San Benito Instructive

SAN BENITO— When the Athenian Club met at the home of Mrs. E. J. Blount Wednesday afternoon, Mrs. J. E. Smith gave a talk on Alaska. Other talks on the subject were postponed so that the members could attend the Culture club benefit tea. Members responded to roll call with interesting facts concerning Alaska.

Reports on the Valley Federation meeting were given by Mrs. John Marris and Mrs. Alex Kerr, Mrs. Harris reporting on the program and speakers and Mrs. Kerr on entertainment featues.

The Woman's Culture Club entertained Wednesday afternoon at the Methodist church with a silver tea. Mrs. Pauline Jester, head of the English department of Texas A. & I. College, Kingsville, was guest speaker. The affair was for the benefit of the San Benito library Mrs. Jester, discussed trends of modern drama. She reviewed current plays on Broadway.

Miss Margaret McCandless gave several vocal solos and was accompanied at the piano by Mrs. F. W. Collery.

The Aurora Club met at the home of Mrs. Wesley Roberts Wednesday.

The subject of study was "Good Neighbors ,the relationship between the two Americas. Mrs. Woodrow Wilson gave a splendid talk on the good neighbor policy between the two north and South Americas.

Mrs. Charles Allison gave an interesting account of the life of Simon Bolivar. The benefit review sponsored by the club has been changed from November 8 to November 10. Miss Margaret Hagedorn will review "Flotsam". The proceeds will go to the library fund.

Following the program a social hour was enjoyed.

CHICAGO GRAINS

CHICAGO—(AP)—New gains of more than a cent a bushel Saturday shot wheat prices up to the best levels in a month and to within three to five cents of the war boom peaks early in September.

Purchasing based on a continuation of dry weather in major wheat producing regions of the southwest largely was responsible for the upturn.

One crop expert reported blustery weather has blown fields badly in dry sections of the hard winter wheat belt.

Wheat closed 1-1⅜ cents higher than yesterday, December 86¾-½, May 86-85⅞; corn ¼-⅜ up, December 50⅛-¼, May 52¾-⅝; oats ⅛-⅜ higher.

Advance Films NEWS OF CURRENT MOTION PICTURES Screen Calendar

DAVID NIVEN ACTS MASTER MAGICIAN

Loretta Young Co-Stars With Popular Actor In Comedy Film Showing At Brownsville Theatre

LORETTA YOUNG and David Niven have very unique and amusing roles in the romantic screen comedy "Eternally Yours," currently featured Sunday and Monday at the Capitol Theatre in Brownsville.

Miss Young plays the role of wife and assistant to Niven "The Great Arturo," a master magician whose feats vary from "creating" a woman out of bottled chemicals to freeing himself from handcuffs during a 15,000 foot parachute jump and landing successfully.

However, despite "The Great Arturo's" hypnotic power, his sleight-of-hand and his ability to foretell the future he is unable to make mysterious women's lipstick disappear from his collars and when Miss Young finally reaches the limit of her tolerance and leaves him, he is unable to find her.

The featured supporting cast to Miss Young and Niven includes Hugh Herbert, C. Aubrey Smith, Virginia Fields, Raymond Walburn and Zasu Pitts.

MARCH OF TIME SHOWS NEW PROBLEMS

THE CURRENT issue of the March of Time is entitled "Uncle Sam, The Farmer," and reveals the story of 32,000,000 Americans—their life, work and future.

The March of Time has this month focused its attention on this vast group of Americans because the war in Europe has created new and serious problems for the U. S. farmer, and because the farmer's personal welfare and economic condition directly affect the well-being of the entire nation.

The March of Time is scheduled for current showing at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco, Sunday and Monday and at the Rivoli Theatre in San Benito, Friday and Saturday.

BETTE DAVIS STARRED IN 'THE OLD MAID'

A DRAMA that will linger long in the memory of all who see it is "The Old Maid" with Bette Davis and Miriam Hopkins in the starring roles. A deeply stirring story of a curious bond that binds two women together the film is matchlessly performed by the two stars and a brilliant supporting cast that is headed by George Brent, Jane Bryan, Louis Fazenda and Donald Crisp.

Written by Edith Wharton "The Old Maid" first appeared as a best selling novel, then was dramatized for the stage by Zoe Akins. As a stage play it won the coveted Pulitzer Prize and purchased by Hollywood for filming. With the added scope of the screen it becomes even a greater dramatic hit.

"The Old Maid" is showing Sunday and Monday at the Arcadia Theatre in Harlingen.

SENSATIONAL MUSICAL STARS MICKEY ROONEY

THE SCREEN'S most popular and versatile juvenile star, Mickey Rooney, is co-starred with winsome Judy Garland in the sensational musical "Babes in Arms" showing Sunday and Monday at the Rivoli Theatre in San Benito.

Although the film presents many musical numbers with Mickey and Judy dancing they are logically fitted into the plot that is filled with pathos, comedy, and at times, real drama.

Set in the period that marked the passing of vaudeville, it tells of the brave attempt of a group of former headliners to rescue their fleeting fame and fortunes with a comeback tour, and the coming to the rescue by their talented children, boys and girls born on the stage.

In addition to the stellar Rooney-Garland team, the featured cast includes Betty Jaynes, Douglas McPhail (two new singing discoveries that are on the way to stardom), June Preisser, Guy Kibbee, Charles Winninger, Grace Haynes and a grand bunch of talented youngsters.

GINGER ROGERS STARRED IN COMEDY ROLE

STARRING Ginger Rogers, "Fifth Avenue Girl," with supporting roles portrayed by Walter Connolly, James Ellison and Veree Teasdale, is one of the most delightful and entertaining features of the year.

The film is a very different departure from her recent "Bachelor Mother" but is even funnier at times, the picture revolves around the hectic experiences of a working girl guest in a stately Fifth Avenue mansion. She is hired by the discouraged head of the family who despairs of ever persuading his wife and children to regard him as other than a walking bank account.

With Ginger's appearance in the household the situation really does take on a different perspective with hilarious complications coming thick and fast.

"Fifth Avenue Girl" is scheduled for current Sunday and Monday showing at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco.

LORETTA YOUNG co-starred with David Niven in "Eternally Yours", currently featured Sunday and Monday at the Capitol Theatre in Brownsville.

BETTE DAVIS, Miriam Hopkins and George Brent co-starred in the new romantic screen drama "The Old Maid", currently featured Sunday and Monday at the Arcadia Theatre in Harlingen.

GINGER ROGERS and Walter Connolly in "Fifth Avenue Girl", currently featured Sunday and Monday at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco. The new issue of the March of Time is also included on the same program at both the Palace and State Theatres.

CAGNEY STARS IN WAR MOVIE

'Roaring Twenties' Is Set For Valley

TURNING back the pages of the calendar to those exciting days still strong in the memories of most of us, just after the World War had come to its end, "The Roaring Twenties," co-starring James Cagney and Priscilla Lane, recreates the fabulous era of the flapper, bootlegger, jazz and fortunes that were made in a single day on the market.

The autobiography of a nation was pushing forward and expanding at a speed more rapid than had ever been witnessed in the world. "The Roaring Twenties," tells the story of a boy who had just returned from the trenches ready to take up where he had left off only to find that things here too had changed. His rise from taxi driver to a big shot gangster is made the more believable by Cagney's masterful performance, while Miss Lane, as the eager young schoolgirl who does her part by writing pal letters to the soldiers, grows up to be a nightclub singer through the influence of Cagney, again proves her ability as a fine dramatic actress.

Scheduled for showing Thursday, Friday and Saturday at the Arcadia Theatre in Harlingen the film presents Humphrey Bogart, Gladys George, Frank McHugh, Jeffrey Lynn and Paul Kelly at the head of its large and competent supporting cast.

'Hawaiian Nights' Booked For Valley

LAID IN the glamorous tropics and presenting melody, laughter, romance and native dancers, "Hawaiian Nights" features Johnny Downs, Mary Carlisle, Constance Moore, Eddie Quillan and music by Matty Malneck and His Orchestra and Sol Hoopii's Hawaiian Band.

Of interest in the film is the appearance of Princess Luana, world famed Hula Queen and winner of the "Miss Honolulu" title and who leads the native dances in the film.

"Hawaiian Nights" is scheduled for showing Friday and Saturday at the Rivoli Theatre in San Benito.

20,000 Men A Year Has Stellar Stars

TELLING the story of twenty thousand young and eager men who each year come from all parts of the nation to enroll in the newly created Civil Aeronautics Authority to earn their wings "20,000 Men a Year" co-stars Randolph Scott, Preston Foster and Margaret Lindsay with Mary Healy, Robert Shaw, Jane Darwell and Maxie Rosenbloom in supporting roles.

"20,000 Men a Year" is scheduled for showing Tuesday and Wednesday at both the Arcadia in Harlingen and at the Ritz Theatre in Weslaco Thursday and Friday.

Screen Lovers Seen In New Hit Picture

The romantic screen lovers of "Four Daughters" and more recently seen together in "Daughters Corageous," John Garfield and Priscilla Lane are co-starred in "Dust Be My Destiny," scheduled for showing Thursday, Friday and Saturday at the Capitol Theatre in Brownsville.

Based on the novel of the same title by Jerome Odlum, the film probes deeply into the problem of the young "nobodies" of this generation, who wander over the country, seeking jobs and a "place to hang their hats."
